POISONED Death by slow poison is killing many

Death by slow poison is killing many a man, young in years, who has made the fatal mistake of failing to understand the warnings of kidney trouble. When your kidneys begin to lag in throwing off natural poisons that accumulate in your body, the first warnings come in little twinges, or stiffness across your back and hips. Urination may be too frequent; you may feel "tired" in the morning when you should feel your best.

The best known remedy for these troubles is GOLD MEDAL Haarlem Oil Capsules. This remedy has stood the test for more than 200 years since it was first produced in the ancient labwas first produced in the ancient lab-
