

STATE PRISON WILL PROBABLY GET ALONG MINUS BLOODHOUNDS

Board of Control Decides It Would Be Too Expensive to Keep Chasers,

Salem, Or., Nov. 4.—Governor Withycombe's idea that bloodhounds should be secured at the state prison to trail escaped convicts got a setback at the meeting of the state board of control yesterday afternoon.

As this would mean an expense of \$100 per month in taking care of the dogs, State Treasurer Kay announced that he was emphatically opposed to making the purchase.

Fisher's Salary Increased. Warden Minto was given authority to increase the salary of Captain of the Guard Fisher from \$75 per month to \$100 per month.

The warden was given authority to sell surplus of hogs and cattle. He was also authorized to make some improvements on both sides of the roadway leading to the institution in the way of lawns and roses and shrubbery.

Boys on Increase. During the month the training school for boys had the greatest number of boys in its history, the number November 1 being 132.

The board decided a modern X-ray machine necessary for the state hospital for the insane and that one would have to be purchased.

Board of Control Rejects Club Offer

Gift of \$200 Per Month Voted by the Woman's Federation Can Not Be Used by State Institution.

Salem, Or., Nov. 4.—The state board of control voted yesterday afternoon to decline the gift of \$200 per month for a year, which the Oregon Federation of Women's Clubs voted at the annual convention last week toward the maintenance of the state tuberculosis sanitarium.

Both Secretary of State Olcott and State Treasurer Kay took the position that the state would not accept funds from any source by the support of an institution and that if there was insufficient funds to support the patients out of the regular biennial appropriation, the state emergency board should be called together and money provided.

Treasurer Kay declared that if the institution needed any additional money for its support it could get it. The fund had been secured by the sale of stamps by the woman's clubs and is a part of \$3700 derived in that manner.

It appeared that Superintendent Ballinger of the state tuberculosis institution had written the Federation of Women's Clubs requesting that the amount be spent in maintenance of his institution, but he had no authority so to do from the state board of control.
