

RIDER NOT GUILTY OF CONTEMPT WHEN HE REFUSED TO PAY

Supreme Court Reverses Circuit Judge Kelly of Marion on Judgment Proceedings.

OTHER DECISIONS TODAY

Circuit Judge Davis is Reversed in Three Suits Against the Hillsboro Garden Tracts.

Salem, Or., Nov. 9.—The supreme court today reversed the judgment of Circuit Judge Kelly of Marion county, in finding U. S. Rider guilty of contempt for failing to obey an order to pay \$50 to T. E. Mitchell on a judgment, and ordering that he be imprisoned in the Marion county jail until he complied with the court's order.

Judgment against Rider was secured in justice court and in supplemental proceedings it was found that he was possessed of \$50. He was ordered to pay the amount within 48 hours after December 4, 1915, at 2:30 p. m. He failed to comply with the order and January 10, 1916, was found not guilty. In a contempt proceeding and discharged. Mitchell appealed to the circuit court, where Rider was found guilty of contempt, and the latter appealed to the supreme court.

The supreme court finds that it was incumbent upon Mitchell to show that the defendant was possessed of \$50, and could have complied with the order to pay the sum on October 2, 1914, the day the case was tried in circuit court.

Chief Justice Moore wrote today's opinion.

Other Decisions Today.

Judgment for the plaintiff in three suits against the Hillsboro Garden Tracts was reversed today by the supreme court.

Following is a summary of the decisions in cases of minor importance today:

Otto Grice et al vs. Oregon-Washington Railroad & Navigation company, appellant, appealed from Multnomah county, submitted on a petition for rehearing, former opinion adhered to, opinion by Justice Burnett.

George C. Adams vs. Corvallis & Eastern Railroad company, appellant, action for damages for personal injuries, appealed from Linn county, opinion by Justice Bean, Circuit Judge Kelly's judgment for plaintiff affirmed.

Martha Hendrickson vs. Hillsboro Garden Tracts, appellant, appealed from Multnomah county, suit to rescind a contract, opinion by Justice Harris; Circuit Judge Davis' judgment for plaintiff reversed.

McLain Cooper vs. Hillsboro Garden Tracts, appellant, suit to cancel land contract, appealed from Multnomah county, opinion by Justice Harris, Circuit Judge Davis' judgment for plaintiff reversed.

W. E. Marshall vs. Hillsboro Garden Tracts, appellant, appealed from Multnomah county, suit to annul a land contract, opinion by Justice Harris, Circuit Judge Davis' judgment for plaintiff reversed.

Rehearings were denied in Montezano Lumber & Milling company vs. Portland Iron Works and Hansel vs. Norblad.

Appeal was dismissed in state vs. Huff.

College Awaiting Mr. Hill's Reply

Albany, Or., Nov. 9.—So far no word has been heard from J. J. Hill in regard to his offer of \$50,000 to Albany college if the college raised \$200,000 by the first of November, according to Carl Sox, a member of the board of trustees. The college records, showing the collection of the money, which partly in cash and instruments, was sent to Mr. Hill November 3.

"Uncle Jim" Sears, Cottage Grove, Dies

Cottage Grove, Or., Nov. 9.—"Uncle Jim" Sears, a pioneer of the Cottage Grove country, who took up a donation claim here in 1823, died Sunday, after a lingering illness. The funeral was

TRIPLETS IN CLASS BY THEMSELVES

The Toomey triplets, Frances May, Elizabeth Fay and Dorothy Rea.

Occupying a class all by themselves were the "Toomey Triplets" in the baby show held at the Armory in conjunction with the Manufacturers and Land Products show.

They comprised the only set of triplets in the show and had no competition in the "three twins" class. The three little girls are the daughters of Mr. and Mrs. D. E. Toomey of 618 Commercial street.

They are 20 months and their names are Frances May, Elizabeth Fay and Dorothy Rea.

held today from the Methodist church, Rev. H. N. Aldrich officiating. Interment was in the pioneer Sears cemetery.

Mr. Sears was born in Kansas and was 74 years of age. He was married in Crook county in 1882 to Alma M. Wilson. The wife survives, also one son, three brothers and two sisters. The sons are Ernest J. Sears of this city, The brothers and sisters are: D. W. of Dallas, La. A. of The Dalles, C. W. of this city, Mrs. Sarah A. Jones of McMinnville and Mrs. Alameda Gauge of Pendleton.

Ocean Threatens Garibaldi Beach

Beach West of Railroad and South of Jetty May Be Washed Out and Property Owners Are Moving.

Garibaldi, Or., Nov. 9.—Because of the jetty which is being built out from Bar View, the action of the tides is washing the beach out at an alarming extent south of the jetty.

The high tides of yesterday and today, with a heavy southwester on, have spread consternation among the residents in this section to such an extent that several of them are moving their buildings to places more safe.

Indications are that all the beach west of the railroad and south of the jetty will be washed out, and every resident in this district is either moving or preparing to move, including the Ralph Ackley Land company, the largest property owner, its holdings being chiefly the hotel and tent city park, which was managed by Dr. W. A. Wise last summer.

Property loss threatens to be heavy.

High Tide at Seaside. Seaside, Or., Nov. 9.—Monday saw the highest tide of the year at Seaside, 10 feet 1 inch.

The waves rolled up to the board walk, and the beach between the board walk and Third street and has completely submerged the ball grounds. People are catching fish off the pier in front of the Moore hotel.

Visitor at Seaside. Seaside, Or., Nov. 9.—F. F. Harradon of the Harradon Candy & Cracker Co. of Portland, visited in Seaside last week. He has purchased a summer cottage on Eighth avenue and is having it repaired.

D. A. R. Award Prize. Albany, Or., Nov. 9.—At the meeting of Linn chapter, Daughters of American Revolution yesterday afternoon at the home of Mrs. M. Sharp, the essay that won the gold medal in the contest recently inaugurated by the chapter to stimulate interest in American history, was made public and read before the meeting. Miss Mae Ballack, a graduate of Albany high school last year, is the author. Only those eligible to compete in the contest were those of the graduating class, and Miss Ballack entered her essay with 44 others, this being the number in the class, and everyone entered. The essay is entitled "Patriotism; Old and New."

First Day's Run In Reliability Test Shows 255 Miles

The first day of the 1000 mile reliability run of the Studebaker six, that was started yesterday morning by Mayor Albee, ended with a mileage of 255 miles, in nine hours and 55 minutes running time, in a driving downpour of rain. In fact throughout the day, Frank C. Riggs, who drove the car on the first leg of the long journey, was hampered from making time by the incessant heavy rain. The route selected was over the Columbia river highway, and as the party wound its way around Crown Point, Table and Larch Mountains presented a beautiful background with their first dressing of snow, and made quite a contrast to the roses that had been seen luxuriously growing at the residence of Portland's mayor in Portland.

An average of 10 2-7 miles to the gallon of Red Crown gasoline was made on the run. The new "Black" tread Goodrich tires are being used on the Studebaker. Carl Cadwell and W. D. Albright, both of the Goodrich company, are acting as official observers. The car started promptly at 6 a. m. this morning on the second leg of the journey. The same test is being made in 500 different cities throughout the United States by the Studebaker.

having suffered several accidents during the past year. He is accompanied by Mrs. Buhl, Mr. and Mrs. S. H. Hadley, J. E. Wood and Fred A. Kohler, all of Sharon; Ira B. Basset of Hyannis, Mass., and R. S. Coon of Boston.

STEEL PLANTS UNUSED FOR TWENTY YEARS ARE AGAIN AT WORK

Pennsylvanian, Head of Twin Falls Project, Tells of Good Times in the East.

F. H. Buhl, retired Pennsylvania steel magnate and one of the founders of what is conceded to be the only successful privately constructed irrigation project in the United States, is a Portland visitor today at the head of a private car party en route to California.

For 45 years Mr. Buhl was engaged in the steel business at Sharon, his home town, and other parts of Pennsylvania. Several years ago his interests were absorbed by the United States Steel corporation. He is one of the pioneer steel men of the Keystone state.

About 12 years ago with some associates he conceived the idea of developing an irrigation project in Idaho. The result of this idea was the Twin Falls project, regarded as the only wholly successful privately built project in the country.

"How is it that the Twin Falls project succeeded where others have failed?" was asked Mr. Buhl at the Multnomah hotel this morning.

"Because we had the money to see the thing through," he replied.

"The Twin Falls project is completed. The people are on the land and the only remaining business of the founders is to collect the payments on the properties as they become due."

Mr. Buhl reports exceptionally good business conditions in all parts of the east. "Steel mills are running

THOMPSON'S KRYPTOK LENSES

We are headquarters for genuine Kryptoks. We design and manufacture these lenses in our own factory on premises, and carry the largest stock of Kryptok Lenses in Oregon.

Many of our patients have had unpleasant experiences in having broken lenses replaced elsewhere, especially Kryptoks.

Unscrupulous dealers have substituted "stock" lenses for ones that should be specially ground, causing great discomfort and annoyance to the wearer.

With our new automatic electric lens-grinding machinery, we can replace any lens in quicker time than any other optical house in Oregon.

We urge our patients to return glasses to us in case of accident, and you will be absolutely sure of getting FIRST QUALITY LENSES, ground according to the original prescription.

Fifty thousand square feet of floor space to be added to Third and Morrison Store.

Consolidation and Expansion Sale Starts Today

Entire stock of both stores unmercifully slaughtered—space must be gained—labor of moving and cartage must be minimized—ready cash to assist in the gigantic undertaking must be realized and, withal, each and every article must be to the entire satisfaction of the buyer. This is not a closing-out sale, and every transaction must be so consummated as to conserve and perpetuate the good name of this establishment and to build up and make friends for the new, bigger, better and busier Brownsville Woolen Mill Store.

Read every word below—small type is as important as the large
