Semi-Official Statement Issued at Athens Announces Government Plans to Give Guarantees to Allied Troops

BLOCKADE OF GREEK PORTS DENIED BY GREY

Formal Statement by Foreign Minister Indicates Definite Agreement Reached.

London, Nov. 22.—(I. N. S.)—The Italian fleet is bombarding Dedagach on the Bulgarian coast, according to a central news dispatch from Rome.

Zurich, Switzerland, Nov. 22.—(U. I.)—Italy has decided to send an expedition to the Balkans to help the allies, according to the Neu Zurichcher Zeitung today. The allies' firmness with Greece has turned the scale in their favor, he added.

Athens, Nov. 22.—(I. N. S.)—The government is disposed to give effective guarantees of safety and freedom concerning the movement of allied troops.

This semi-official announcement, published in the newspapers, is the first definite word the entente powers have received in regard to their demand as to what would be Greece's attitude in the event of allied troops retreating to Greek soil.

The statement indicates that the threat of the allies to strike Greece at a vital spot by bombarding her shipping facilities had the desired effect, and that she has yielded to the demands of the entente powers.

When the Greek government was inaugurated the newspapers explained that the object was to prevent the importation to Greece of supplies while she was refusing guarantees not to aid the central powers.

Grey Denies Blockade. London, Nov. 23.—(I. N. S.)—Foreign Minister Grey today announced that no Greek ships were being seized or held up in ports of the United Kingdom, and that no blockade of Greek ports had been instituted or was in force.

The statement was regarded as indicating that an understanding as to Greece's intentions has been secured by the allies.

Greek ships laden with coal and grain from the United States have been held at Gibraltar, says Cochlin, the Greek grain ships are being held, bringing a peril of famine.

Kitchener Tells of Plans. Paris, Nov. 22.—(I. N. S.)—Earl Kitchener informed the Greek government on his recent visit to Greece that England will have 4,000,000 men in the field by March and also that 6,000,000 additional Russians will be available, according to a dispatch received here today from Athens.

"Therefore," Earl Kitchener is reported to have told King Constantine, the war will end only when Germany is decisively defeated.

Cochlin Sees King Again. Athens, Nov. 23.—(U. P.)—Armed with fresh arguments as to why it will be hopeless for Greece to resist the allies' demands, Denis Cochlin, the French cabinet, will again meet King Constantine. Arrangements for the conference were completed today.

Cochlin has inspected the situation at Saloniki and conferred with the Serbian war minister, and is now ready to make a final appeal to Greece to insure their needed aid.

The allies do not insist on direct Grecian participation in the war, but they do stand pat for assurances of a "hands off" policy on the part of Greece, no matter how the Balkan fighting develops.

DYNAMITE PROMISED TO BLOW CATHEDRAL, SAYS LABOR LEADER

Witness at Schmidt Trial Causes Sensation by Telling of Alleged Plot.

Los Angeles, Cal., Nov. 23.—(I. N. S.)—Dramatically telling how John J. McNamara had promised to supply him with dynamite to blow up a cathedral under construction at Indianapolis, Patrick Dugan, a labor leader of that city, today created a sensation in the trial of M. A. Schmidt, alleged accomplice of the McNamaras in the dynamiting of the Times building.

Dugan testified that McNamara had visited the cathedral with him and had told him to write to him and ask for "oil" and then he, McNamara, would send Dugan enough dynamite to "blow the place to hell."

Schmidt listened with intense interest as Dugan told his story, despite the constant objections of the defense attorneys.

The witness declared that the building had been measured by "stepping it off." He said that later he and McNamara met in a barroom, where McNamara, he testified, showed him a book, in which was written, the entry, "Oil Dugan." This, said Dugan, was to remind McNamara of what was wanted when the order came.

"The government will show," Wood declared, "that G. B. Kullenkamp, a deported U. S. citizen, was visited by Boy-ed, who directed him to send \$500,000 to San Francisco and \$150,000 to Philadelphia for the purchase of ships."

Man Admits He Buried Wife's Relative Alive

Italian Confesses He Dragged Wife's Step-Father to Grave; Buried Him, for Attacking Her.

Batavia, N. Y., Nov. 23.—(U. P.)—That he beat Luigi Matroni, aged 40, into semi-consciousness 18 months ago and buried his body alive, was the confession of Tony Bolivio, aged 27, today, according to the police.

With a brutality unusual in the history of crime in New York, Bolivio disregarded his victim's cries and hurriedly placed him in a grave beneath his cellar.

Matroni was the stepfather of Bolivio's young wife and she confessed that Matroni wronged her the day before she married Bolivio. This led to the young man's attack on Matroni.

The police dug out the body from the spot Bolivio pointed out to them. As Bolivio dragged his victim to the cellar grave, Matroni regained consciousness.

"Tony, God save me," he shrieked. "I couldn't see his face in the dark," the police quoted Bolivio as saying, "but I threw a big stone on top of his head and jammed him down until he quit yelling. Then I threw some dirt and stone on him and pounded the ground down hard."

The murder story came to light after Bolivio was jailed for a stabbing affair. The victim's wife then revealed the murder story to the police, saying that she and her son Charles watched the burial, but feared to tell because Bolivio had threatened she would meet a similar fate.

SERBS DEFEAT FOES ON PLAIN OF BLACKBIRDS

Bulgarians Severely Defeated at Kosovo, According to Rome Dispatch; Battle Occurs on Historic Spot.

BULGARIANS DEFEATED IN SOUTH SERBIA, ALSO

Serbs Reform Lines Before Monastir, With Right Wing in Touch With French.

Rome, Nov. 23.—(U. P.)—Serbians have severely defeated the Bulgarians at Kosovo, the Plain of the Blackbirds, according to a dispatch today.

The Plain of the Blackbirds was the scene of a bitter defeat of the Serbians by the Turks over 500 years ago and of a later defeat of the Hungarians by the Turks.

The plain lies in the neighborhood of Pristina where the Serbs and Bulgarians have been fighting recently. Berlin today claimed the Bulgars took many prisoners in the Pristina region.

Serbs Regain Front. Athens, Nov. 23.—(U. P.)—Repulsing the Bulgars, the Serbs have regained the Veles-Pirlep front in southern Serbia, said the Serbian official statement today.

The Serb army countered after a desperate rally before Monastir, and drove the Bulgars back over 20 miles. This partially restored the Serb line and places the right wing in touch with the French before Veles. It also clears a strip of from 30 to 40 miles west of southern Serbia.

Even if the enemy compels the Serbs to retire the allies are confident that an orderly retreat is assured and that there is no danger that the Serbs will be driven into Albania, where they might meet a hostile reception.

Montenegrins Hold Out. London, Nov. 23.—(U. P.)—Ten thousand Bulgars were killed or wounded in the battle for Monastir, according to Saloniki reports today, which divulged for the first time that instead of the retreat of the Bulgars had been repulsed in their attack Saturday.

Pirlep, northeast of Monastir, is reported in flames. Officials presume that the Bulgars fired the town in reprisal for some Serb act.

Driven from the Babuna Pass and Pirlep, the Serbs rallied before Monastir and with reckless courage turned the tide of battle against more numerous forces. The Bulgars retired five miles and still hold this position.

Now, it is believed, Monastir can hold out. It is assumed that strong forces are swarming in. Big guns have been mounted and the defenses vastly strengthened.

A great Bulgar advance is expected hourly. These forces have likewise been reinforced. So, with the Monastir defenders in a strong position, a significant battle is expected.

The Bulgars have been repulsed at Vodoco, according to reports, losing 600 prisoners. No large Serb forces had been reported here by previous advices. It is assumed that strong French bodies either took Veles or de-toured to get into that struggle.

These reverses for the central allies brightened the entire outlook vastly and caused great rejoicing here.

German Take 9500 Serbs. Berlin, Nov. 23.—(U. P.)—Bulgarian invaders are advancing victoriously southeast of Pristina (about 20 miles from the Montenegrin border). It was officially announced today. They have taken 800 Serbian prisoners and 44 cannon.

These moves indicate that the invaders are rapidly closing in on the Serb positions on the historic plain of the Blackbird (Kosovo).

Austro-German invaders of Serbia have added 9,000 additional prisoners to their vast toll. It was officially announced today. This constitutes the largest haul in Serbia thus far announced.

Fifteen hundred of the prisoners were captured in rear-guard fights north of Mitrovitz and northeast of Pristina. The remainder was taken during the Bulgar advance southeast of Pristina.

LINND'S MONEY BELT FOUND IN GREEN TRUNK

Chief Clark Says He Is Certain That Victim Was John Linnd and That He Was Killed by Bartholomew.

ROBBERY POINTED OUT AS LOGICAL MOTIVE

Capture of Accused Man Expected Momentarily as Result of Description Given.

Was Halper Murderer? The police are figuring on grappling the river bottom at the foot of Flanders street, believing that possibly George Bartholomew, accused slayer of John Linnd, killed the young man who was seen to help him load the "green trunk" into the trunk of a motor car Friday afternoon at the Stark street lodging house.

Since the discovery of the crime, the police have searched incessantly for the helper but his identity remains a mystery.

Since he is not supposed to have had any knowledge of the crime, inquiry has been promised, and still he has refused to appear before the authorities.

Now the theory is advanced that possibly he discovered traces of blood on the trunk or in the wagon and inquired of Bartholomew as to the cause, and that hearing detection, Bartholomew killed him.

Strength was added to the robbery theories held to by many in the "green trunk murder" mystery now agitating the city, when Detective Royal and Cahill and Deputy Coroner Smith found a money belt hidden among the clothing in the green trunk.

The belt was caught in a pair of trousers, and was found in the trunk. It was brought to the station and added to the other evidence against the man Bartholomew now being sought.

"Whether it is John Linnd of Boston, or New York or of Sweden, the body at the morgue is that of John Linnd, and that was exhibited as a roll of money too freely," said Chief of Police Clark today, in reasserting his confidence in the identity that has been made of the victim of the "green trunk" mystery.

"Just remember that we are not giving out all the information we have secured on this case," said Chief Clark today, when he was asked if he thought the man who was exhibited as having stolen last Friday night might have been the man Bartholomew.

Whether it is John Linnd of Boston, or New York or of Sweden, the body at the morgue is that of John Linnd, and that was exhibited as a roll of money too freely," said Chief of Police Clark today, in reasserting his confidence in the identity that has been made of the victim of the "green trunk" mystery.
