There Is But One Pianola

Made Only By the Aeolian Company Sold Exclusively By Our Stores

I The success and widespread acceptance of the Pianola has led the press and others to use its name as a term for all player-pianos. The chief sufferer from this confusion is the purchaser, who, supposing he is buying the famous Pianola, secures instead merely an ordinary player-piano.

I Before buying, you should understand that the Pianola was the first playerpiano-that it is an exclusive product of The Aeolian Company-that its sales exceed the sales of any of its imitators-that it has been exclusively indorsed by practically every musical authority of the present day-and that it is the only player-piano which enables the untrained performer to duplicate the playing of a skilled pianist.

I The Pianola line embraces only six Pianos-the Steinway, Weber, Steck, Stuyvesant, Wheelock, and Stroud. Prices from \$575. Purchasable on moderate monthly payments and liberal allowance made on your present piano taken in exchange.
