canal, because of the sides, has pre-ty at the primaries will be strong dise had been unloaded on the quay-vented the Pacific northwest lumber enough to turn back the reactionary side, an order came from the governvented the Pacific northwest lumber manufacturers from shating to the business placed in this country by the warring nations and it has also put a stop to lumber shipments to the Atlantic coast ports, a business that was showing a fair beginning when the plockade occurred. Traffic through the canal by March I has been mentioned as probable and this will give the Oregon humber manufacturers adstition and at the product.

The only disquieting note in Democratic orders is the national prepared ness question, involving as it does new taxation. This is not a party question, and threatens no party division, but the problem of revenue raising to make a lot or takes on partisan color. The Republicans are preparing to make a lot or noise about increased taxation, without the Say He Was Santa

scarcity of suffable carriers and this them favor. but another stimp into the business However, the mattens that have been in the habit of bin the Oregon fir are now short on stocks and will be heavy when he said: buyers when bottoms again become

A great deal of building material building industry has been a live for some time. Spruce manufacturers have been

more formulate during the year than the manufacturers of fir, for spring of the record of the Democrats under invented to be forced under an autoterial in the manufacture of aero-slanes and millions of feet of the lunber has been shipped from Pacific sorthwest mills recently to buyers of

Prospects Are Encouraging.

As for the box shook trade it was iomewhat curtailed in volume and Fices were a little lower than normal this was due largely to a reduction n the salmon pack and a 75 per cent 'ruit crop. It is reported, however, hat the middle western rail market or northwest shooks is gradually ex-

he box trade of the northwest is at-wibuted to the fact that the depresdon in the lumber trade caused many umber manufacturers to give more at ention to the shook plants than they would have done had the demand for umber been more active. This caused

The prospects for 1916 are said to be nore encouraging. It is hoped to slace a good many shooks on the At-

that can be slipped over the back of a watch to protect it from jarring.

GIRL DANCER WINNING NAME MANY NOT KNOWN TO

the same reason whom explains the Miss Frances Hanrahan of Portland, 11 years of age, daughter of Mrs. J. E. Hanrahan, who won 11 medals in Canada last year for her remarkable toe dancing and French ballet dancing. At the great Royal Pageant in Vancouver, B. C., in 1913 she danced before titled personages and attracted marked attention. Experts predict a great future for Miss Hanrahan in this line of art.
