Curling Hair Like This

For those whose hair is straight and lank nothing better could be recommended than the silmerine method. This insures a beautiful curliness which is perfectly natural in appearance, and the health of the hair is not affected as where the heated trop is

affected as where the heated iron is used. A few ounces of liquid silmerine—which can of course be had at any drug store—lasts a long time, so it is quite economical to use. It is

pleasant to use, too, being neither sticky nor greasy, and is easily applied with a clean tooth brush. The hair should be moistened the full length before retiring.

Japanese Steamer, 31 Days Out of Yokohama, Meets With Heavy Weather.

Snow and Ice Add to Discomforts of Crew as Vessel Beaches Mid-Ocean; Men Near Exhaustion.

Crossing the Pacific ocean through a series of severe storms, the like of which her captain and crew had never seen, the Japanese steamer Yesan Maru reached Municipal dock No. 1 this morning from Yokohama. She was 31 days out.

According to Captain Yokota the passage of the Pacific was the worst he had ever been through. Great waves tossed and rolled the steamer about day after day till it seemed as though the staunch craft would have

to give in. The most severe storm of the series encountered was shortly after leaving the Japanese coast. A typhoon held the vessel in its grip for three days and nights. Winds, estimated by the captain at close to 100 miles an hour; swirled about the craft, the accompanying seas washing over her bridge time after time.

BELGIUM TO PRESENT HER TERMS OF PEACE THROUGH CARDINAL

Pope Benedict Expects High Churchmen in Rome This Week With Proposals.

By Henry Wood.

Rome, Jan. 11 .- (U. P.) -- Pope Denedict hopes to take the first practical step toward peace this week.

Cardinal Mercier of Belgium and Bishop Heylan of Namur are expected here, and will be granted an audience with his holiness, when they will tell him the terms upon which Beigium will agree to an early peace.

The pope has been convinced from the beginning of the great world war that restoration of Belgium is an imperative preliminary to any peace terms, and it is understood that he has so notified both sides. In the recent consistory, Cardinal Hartmann of Cologne submitted Germany's terms for vacuation of Belgium. The pope next desired to learn the Belgians' views, and to this end Germany readily consented to passage of the prelates to
