### TRAINER CLOUGH TO WORK KINKS OUT OF THE BEAVERS' TEAM

Walter Mac Announces His Selection for the Coming Season.

DEALING FOR TWIRLERS

Two St. Louis Pitchers Whose Names Are Being Withheld, May Be Secured for the Local Team.

Dr. Leslie A. Clough, trainer of the University of Southern California football eleven last season, will work the kinks out of the arms of the Portland Beavers this coming season. So said Manager Walter McCredle yesterday, a telegram having been received from Los Angeles to the effect that Clough had accepted the terms offered by the Beavers.

There weres several applicants for the position, but Clough and Ball, the great twirler of the Chicago Colored Giants were the only two Mac considered and Clough landed the position, because he has had more experience in that particular line than Ball. Ball, although he has kept himself in splendid condition for a good many years, has had no experience in keeping a squad of players in

Walter Mac also admitted yesterday that he will probably get two twirlers from the St. Louis Americans, Early in the week the Portland boss received a letter from Fielder Jones in which the former Northwestern league prexy offered him his pick of 15 tossers. McCredie is not at liberty to an-

The Treatment of

It is quite refreshing these days to read of a clearly defined treatment for Influence or La Grippe, In an article in the "Lancet-Clinic," Dr. James Bell, of New York City, says he is convinced that too much medication is both unnecessary and injurious.

much medication is both unnecessary and injurious.

When called to a case of la grippe, the patient is usually seen when the lever is present, as the chill which occasionally ushers in the disease, has practically passed away. Dr. Bell then orders that the bowels be opened freely with salts, "Actoids" or citrate of magnesis. For the high fever, severe headache, pain and general soreness, one anti-kamnis tablet every three hours is quickly followed by complete relief. Ask for A-K Tablets. They are also unexcelled for headache, neuralgia and all pains.
