

### TIME LIMIT FOR THE FARMER TOO LONG; DEALERS COMPLAIN

Hardware and Implement Men Say This Is One of Chief Problems Faced.

#### CONDITIONS ARE ALTERED

Implement Men Fail to See Why Farmers Should Pay Cash for Autos and Let Other Bills Suffer.

Elimination of the long time payment element in the selling of farm implements is one of the biggest problems confronting the retail hardware and implement dealers of the north-west.

The fact is emphasized by E. W. McCullough of Chicago, secretary and general manager of the National Implement & Vehicle association of the United States, who is in Portland to attend the tenth annual convention of the Oregon Retail Hardware & Implement Dealers' association, which will be held at the Imperial hotel tomorrow.

Conditions Are Changed. Judge George T. Baldwin of Klamath Falls, president of the Oregon association, heartily agreed to Mr. McCullough's views.

Members of the executive committee of the association are expected to meet with President Baldwin this afternoon. H. J. Altow of Milwaukee is secretary.

### GERMAN AEROPLANE SHELLS DOVER DOCKS ON SATURDAY NIGHT

Station, Barracks and Docks Are Shelled According to Announcement in Berlin.

Berlin, Jan. 24.—(I. N. S.)—A German aeroplane has bombed Dover, according to announcement here today.

The statement from the admiralty said: "A German naval aeroplane on the night of January 22 dropped bombs upon the station, barracks and docks at Dover."

Dover is in Kent county, 66 miles southeast of London. In Kent county, Fokker's yesterday raided Dover, according to official announcement from London, though the locations were withheld.

The town has a good harbor, and it lies opposite the French town of Calais, forming one of the chief ports of communication between England and the continent. It has shipbuilding and sail and ropemaking works. Its population is over 45,000.

The county of Kent, where the attacks occurred, is in the southern most portion of England. The county includes a part of the city of London.

There has been much discussion in the English newspapers regarding the new Fokker type of aeroplane perfected by the Germans. It is said to exceed air craft of the allies in every way.

"Times" Assails Censor. London, Jan. 24.—(I. N. S.)—A large proportion of London's population is aware of the exact locality visited by the German air raiders who are officially described as having thrown bombs on the east coast of Kent.

The London Times in an editorial asks: "Is there really any military advantage in the portentous mystery which still veils the official accounts of the air raids on these islands?"

### Exercises in Memory Of Lincoln Planned

Patriotic exercises will be held in each of the Portland public schools on Lincoln day, February 12. The exercises will be held in the forenoon and speakers will be provided by the Lincoln Memorial society, which plans on holding a patriotic meeting in one of the large centrally located halls in the afternoon.

### TWO RAIDS REPORTED ON ENGLISH COAST BY LONDON WAR OFFICE

London, Jan. 24.—(I. N. S.)—German aircraft paid two visits to the Kentish coast Sunday. The first raid occurred at 1 o'clock Sunday morning, while the second came shortly after noon.

The war office issued the following report last evening: "Following an aerial attack on the east coast of Kent in the early hours of the morning, two hostile aeroplanes made a second attack in the same locality shortly after noon Sunday."

After coming under heavy fire, the raiders disappeared, pursued by our naval and military machines. "The enemy effected no damage. No casualties are reported."

An official statement issued earlier in the day said: "Taking advantage of the bright moonlight, a hostile aeroplane visited the east coast of Kent at 1 o'clock Sunday morning."

"After dropping nine incendiary bombs in succession, the aeroplane disappeared over the North sea. "No naval or military damage was done, but private property suffered, the incendiary bombs causing several fires, all of which were extinguished by 2 a. m."

"According to reports made after the raid, the following civilian casualties occurred: "One man killed and two men, one woman and three children slightly injured."

Emperor Franz Josef III. London, Jan. 24.—(I. N. S.)—A Central News dispatch from Rome states that Emperor Franz Josef of Austria is suffering from an attack of bronchitis.

### TURKEY TO BE ASKED IF PERSIA WAS SUNK BY TURK SUBMARINE

With Austria and Germany Eliminated Turkey Remains Only Possibility.

Washington, Jan. 24.—(U. P.)—The United States will inquire of Turkey regarding any knowledge she may have of the sinking of the P. & O. liner Persia, Secretary of State Lansing said today.

This announcement followed publication of press reports that Turkey was the nation responsible for the destruction of the vessel, with a loss of over 100 lives, including that of American Consul McNeely.

Germany reported that her submarines had returned to their bases and reported they had nothing to do with the Persia case. Austria has tentatively reported she did not torpedo the vessel.

Ambassador Morgenthau at Constantinople will ask the Turkish government for information as Ambassador Penfield asked Austria, in case the latter finally reports, as anticipated, that she is ignorant of how the torpedoing occurred.

With Austria and Germany eliminated, Turkey remains the only possibility. Lansing indicated that this inquiry has been planned from the outset. The department thinks that the inquiry probably will not develop anything new but it will make the investigation complete.

To Attack Saloniki. London, Jan. 24.—(I. N. S.)—The Athens correspondent of the Daily Mail telegraphs: "The Bulgars are transporting heavy guns from Varna to the Macedonia front."

The Daily Mail infers that the action denotes preparations for an attack on Saloniki.

Amsterdam Sends Report. London, Jan. 24.—(I. N. S.)—An Exchange Telegraph dispatch from Amsterdam tonight says that, according to a Berlin report, the Turkish minister of marine is about to publish a statement to the effect that a Turkish submarine sank the steamship Persia.

Turkish Charge Doubts It. Washington, Jan. 24.—(I. N. S.)—

The state department and Turkish embassy have nothing to bear out the report that the Turkish ministry of marine is about to admit a Turkish submarine sank the steamer Persia. Abdulhak Hussein Bey, the Turkish charge d'affaires, said: "I am inclined to put no faith in the report."

### MONEY FOR STARVING JEWS WILL BE SENT AT ONCE TO EUROPE

Sums Contributed Will Be Cabled to Russia, Poland and Galicia Each Morning.

Financial aid which Portland people see fit to contribute to the starving and homeless Jews of Eastern Europe will be in the hands of the disbursing agents in Russia, Poland and Galicia within 24 hours after the money is turned over to the Portland agents.

This fact became known today when committeemen appointed at Friday's mass meeting learned that Felix M. Warburg of New York, treasurer of the American Jewish Relief committee, would cable each day whatever sums had been contributed. No overhead charges whatever are deducted from the sums contributed.

The Portland committee this afternoon was called to select a secretary and treasurer to receive the funds and attend to their prompt dispatch to Mr. Warburg. This will be done by wire. In response to the appeals already made which told of the sufferings of the Jewish people in the path of advancing and retreating armies, many substantial donations already have been promised and will be made as soon as the proper Portland officers have been selected to receive them.

Suggested means of raising money on "Relief Day," next Thursday, include "coin showers" at the theatres, hat-passing at lunch clubs and dinner parties, and tag day. These means will be discussed by the general committee.

San Francisco and Seattle have strong citizen committees and New York has a committee of 20,000 volunteer workers.
