STUDENTS GRADUATE AT LOCAL SCHOOLS FOR FIRST SEMESTER

Sixty-eight Per Cent of Number Expected to Enter High School Course.

HOUSING PUPILS PROBLEM

Transfer of Commercial Department From Lincoln to Old Shattuck Building to Give Some Relief

From Portland's public high schools 202 students were graduated at the close of the first semester, which ended yesterday, and 1232 pupils were graduated from the elementary or grammar schools.

It is estimated by Assistant Superintendent C. A. Rice that at least 68 per cent or 837 of the graduates from the elementary school will enter the high schools next Monday. This will mean that over 600 pupils will enter high school in excess of the number leaving the high schools through graduation.

Housing of the students in the congested high schools has been more or less a problem for the school authorities. Relief will be obtained at the Lincoln high by the transfer of the commercial department to the old Shattuck building, which has been put in condition for the purpose. It is estimated that at least 400 students will be transferred to that school.

Will Draw Other Students.

It is expected this change will also draw from the other high schools some of the students taking the higher commercial courses.

At the Stephens school 180 additional seats are being installed and will be used in giving relief to Washington high, as probably a number of students now attending Hawthorne will be transferred to Stephens. Eighty more seats are being installed at Creston to assist in relieving conditions at Franklin high, and 40 new seats are being put in at James John high.

With the beginning of the new semester a number of transfers of teachers will be made, and some who have been substituting will not be needed. One teacher will be transferred from each of the following schools: Arleta, Brooklyn, Chapman, Highland, Irvington, Montavilla and Woodlawn. There is a probability that a teacher will be taken from each of the Couch, Davis and Holladay schools. These teachers will be placed in other schools where there is more need for their services. The exact schedule of tranfers has not been completed.

How to Destroy Catarrh Germs and End Catarrh Forever

Catarrh is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrhal germs which have found lodgment there. When the germs go the catarrh will stop. The trouble with most treatments, like sprays, salves, creams, greasy balms, lotions, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nostrils. In a little time the Catarrh comes back as bad as ever.

People who suffer continually from catarrh should drop such temporary makeshifts and get something that really gets at the root of the disease and stamps it out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing germ destroying air of Hyomei (pronounced High-o-me) made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomei penetrates and heals the inflamed, swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomei reaches them. The Owl Drug Co. and many other good druggists in Portland and vicinity have long sold Hyomei on a positive guarantee of successful results or money back and find this generous policy pays. Most druggists are now giving a pocket inhaler made from hard rubber with every complete treatment sold. This makes a very simple, easy and convenient as well as a thoroughly reliable means of treating by the best known method this dangerous and often disgusting disease. Adv.

New York Reception Called "Good Omen"

Washington, Jan. 28.—(I. N. S.)—Tired but pleased after his speaking trip from New York, President Wilson returned to Washington today and went immediately to his office in the White House. He said he regarded his reception in New York as a "good omen" for his invasion of the west.

When the president came to his desk this morning he faced a pile of pressing business to be disposed of today, preparatory to his western speaking tour in support of his national defense program.

The president's itinerary includes Pittsburg, where his first address will be given tomorrow; Cleveland, tomorrow night; Milwaukee, Monday; Chicago, Monday night; Des Moines, Tuesday; Topeka, Wednesday; Kansas City, Wednesday night, and St. Louis, Thursday morning. He will also speak from the rear platform of his car in many smaller towns. He will return to Washington Friday afternoon.

While the president on his trip will discuss practically all important matters now before congress, including the shipping bill, particular stress will be laid upon points made in his New York speech it was said.

Mine Workers Oppose Plans.

Indianapolis, Ind., Jan. 28.—(I. N. S.)—A resolution against preparedness was adopted here today by the United Mine Workers' convention.

FILLING STATIONS TO BE REMOVED FROM NO-PARKING DISTRICT

Garage Owners and Curb Men Both Appear Before Council Meeting Today.

MANY ARGUMENTS HEARD

One Side Wants Other Ousted From Streets But City Fathers Refuse to Play Favorites.

A large delegation of garage owners sought to have the council prohibit curb gasoline filling stations from the city, another large delegation of owners of filling stations protested against their removal, the city council this morning split the difference and ordered all filling stations removed from the no-parking district within one year. This means that the gasoline filling stations in other parts of the city are to remain temporarily, at least.

Many arguments for and against the removal of the curb filling stations were heard. In a letter to the council A. J. Winters contended that if the curb stations were eliminated the gasoline business would be placed in the hands of the "oil trust" and the price of gasoline would be increased.

W. F. McKinney, representing the garage owners, said that the garage men had nothing to do with the price of gasoline. He contended that the curb filling stations were a detriment to the business of the garage owner and that the owners of these stations had no right to profit from business carried on the sidewalks.

C. M. Idelman, representing 72 of the filling station owners, spoke against the removal of the stations. T. T. Geer wanted them removed to give the city a more beautiful appearance.

Commissioner Baker voted against the plan of prohibiting them from the no-parking district, contending that they should be removed from the entire city.

CONTRACTORS TO HAVE WORK

City Decides Not to Do Its Own Excavating for Auditorium.

Excavating for Portland's proposed auditorium is to be done by a private contractor rather than by the city, according to a decision reached by the city council this morning. The contract for the work was let to Giebisch and Joplin for $7490.

Originally it was planned to have the work done by the city hiring the unemployed. It was figured that to do the work under this plan the cost would total $10,000. The council this morning, however, decided that it would be cheaper to let a contract. The contractors will be required to pay a minimum wage of $3 a day and give preference to local residents.

NEXT WEDNESDAY IS SET

Council Will Take Up St. Johns Water Matter Again.

The city council has fixed Wednesday for disposing of the question of purchasing the water plant of the St. Johns Waterworks & Lighting Co. It was to have come before that body this morning, but as Commissioner Baker wanted more time "to think about it," action was postponed until next week.

M. M. Myers, a St. Johns resident, presented a long petition signed by St. Johns business men, asking that the council come to a settlement with the company, rather than take steps which might result in litigation.

PLUMBING CODE ADOPTED

Plumbers Required to Get Permits Before Doing Work.

By unanimous vote, the city council today passed the long delayed plumbing code, with an emergency clause attached. The code provides regulations for all plumbers, and specifies the way the work shall be done.

Plumbers are required to secure permits before plumbing is installed. The minimum charge for permits is 50 cents, and it is proposed to have these permit charges pay a part of the cost of inspection of work.

Contract for Bonding Is Let.

The Oregon Surety company secured the contract for bonding the city employes during 1916. The contract was awarded by the council today. The company will bond the patrolmen and other employes at the rate of $1.65 per $1000, and the city treasurer at the rate of $3 per $1000.

C. Wilkins Is Dead; Was Newspaper Man

Former Foreman of Pendleton East Oregonian Passes, Aged 60 Years; Was ex-Indian Agent.

Charles Wilkins, aged 60 years, formerly foreman on the Pendleton East Oregonian, died yesterday. He is survived by a widow, Edna Henley Wilkins, and two sons, Charles Jr., and Clarence Wilkins. Mr. Wilkins was employed by C. S. Jackson for 15 years and later served as Indian agent on the Umatilla Indian reservation for four years during President McKinley's administration. He was a good worker and a good newspaper man. Recently he made his home in Portland.

Feared Call to War, So Killed Himself

Aberdeen, Wash., Jan. 28.—Peter Weichler, aged 40, a native of Greece, threw himself in front of a switch engine last night and was ground to pieces. He feared a call to the war.

Busy Man's Supper To Be Held Tonight

Meeting Is Forerunner of Campaign to Enlist Delegates to the Laymen's Convention Here.

To make plans for Laymen's Missionary week, February 13 to 16, "a busy man's supper" is to be held at the Chamber of Commerce at 6:30 o'clock tonight.

The meeting is preparatory to a campaign which is to continue through all of next week for the purpose of enlisting delegates to the laymen's convention. It is hoped to have 3500 Portland men enrolled before the convention is called to order.

Teams from local churches are to make a canvass of the city for the delegates, reporting results at a noonday meeting in the Y. M. C. A. each day.

Dr. Frank L. Loveland of the First M. E. church will be the principal speaker at tonight's dinner. Addresses will also be delivered by W. H. Lewis, John A. Goodell, John Stone and T. S. McDaniel.

The following will speak for their denominations: E. A. Baker, Methodist; A. H. Harding, Congregational; G. N. Taylor, Presbyterian; W. R. Litzenberg, Baptist; C. E. Baker, Christian; J. S. Webster, United Brethren; C. A. Staver, Evangelical; D. E. Lofgren, Lutheran, and H. L. Cox, Friends.

JEWISH RELIEF FUND LISTS WILL BE OPEN FOR ANOTHER WEEK

Fully $10,000 Expected to Have Been Subscribed by Close of Day.

To give to every one in Portland who sympathizes with the war-scourged Jews of eastern Europe an opportunity to contribute to the relief fund now being pledged, the local committee in charge of the collections announced this morning that the lists would be kept open all next week. The campaign will be closed the night of February 5.

Indications today were that by nightfall fully $10,000 of Portland's $25,000 allotment would have been received by treasurer Ben Selling.

A total of 429 individual contributions were received by Mr. Selling yesterday, and up to noon today more than 100 additional checks had been delivered through the mails.

The larger contributions those of $100 or more, are the only ones which have been listed for publication so far, and they include: A. Mills, $500; Ladd & Tilton, $500; Oregon Journal, $500; the Oregonian, $500; Allen & Lewis, $350; W. B. Ayer, $250, and $100 from each of the following: Evening Telegram, Dr. T. L. Eliot, W. D. Wheelwright, Gustave Simon and D. S. Stearns.

"In the number of people who have responded" explained Mr. Selling, "the result of the campaign on the first day —'National Jewish Relief Day'—was entirely a success, but in the total of the money received the result was somewhat of a disappointment to the committee. Quite a number of benevolent citizens and institutions are yet to be heard from, but it does not look now as if we were going to come very close to the $25,000 mark which was the estimate set by our committee when the campaign was inaugurated last week.

Upstate towns have helped swell the Portland receipts several hundreds of dollars in the past two days.

All checks and donations should be sent to Ben Selling, treasurer, Fourth and Morrison streets, Portland, Or. Checks may be made out either to Mr. Selling or to the "Jewish Relief Fund."

HIGH SCHOOLS AND BENSON TECH HOLD THEIR GRADUATIONS

Over 200 Finish Courses in Various Institutions and Are Given Diplomas.

ALDERMAN GIVES FIGURES

Portland Children Receive Instruction Much Longer Than Is Average in Other Parts of the Country.

Washington, Lincoln and Jefferson high schools and the Benson Polytechnic school held graduation exercises last night. There were more than 200 graduates, 16 of whom were from the Benson polytechnic.

Speaking at Washington high school, Superintendent L. R. Alderman said that 78 per cent of Portland grade school pupils enter high school, and 58 to 62 per cent of these graduate. The average graduation for the United States is but 25 per cent of the grade pupils who enter high school.

Rev. George Thompson delivered the address to the graduates at Washington, Wallace McCamant at Lincoln and Frank Branch Riley at Jefferson. R. D. Carpenter was the speaker at Benson Polytechnic.

Superintendent Alderman presented the diplomas at Washington, S. P. Lockwood, school director, at Jefferson, O. M. Plummer, school director, at Benson polytechnic, and Charles A. Rice in Lincoln.

Medals for excellence in the German course were presented by the Confederation of German Speaking societies as follows: At Washington by L. E. Schmidt to Robert E. Duniway; at Jefferson by Ernst Kroner to Reuben Goffrier; at Lincoln by Charles J. Schnabel to Albert P. Ding, a Chinese.

Bryan Says People Entitled to Know

Miami, Fla., Jan. 28.—(U. P.)—As a bon voyage message on the eve of President Wilson's departure on his middle western stumping tour, former Secretary of State Bryan today issued a statement challenging him to outline his reasons for urging preparedness. He did not, however, hint at what his own future plans are, with respect to the administration program.

"I cordially commend the president's plan to lay before the voters his reasons for asking further preparedness," said the statement. "The people are entitled to all the light possible in order that they may intelligently advise the public servants in congress. They have heard from the manufacturers of munitions to whom preparedness is sort of an 'outdoor relief'; they have heard from the big corporations which want a large army to overawe their employes; they also have heard from army and navy experts, who, magnifying their calling, plan to meet every imaginable danger.

"Having heard fully from these biased sources, the public will appreciate a statement from the president setting forth the reasons that have led him to urge so radical a departure from the historic policy of his party and the traditions of the nation.

"The sum which the president asks for the army and navy would absorb almost the entire income of all American farmers and the scheme would work a complete revolution in our ideals, governmental methods, and the character of the influence we will exert on the world."

Thief Steals Faucets.

When Mrs. W. L. Cooper of 545 East Thirty-fifth street yesterday morning saw a man come out of the vacant house at 555 Marguerite avenue, carrying a sack, she reported to the police. Patrolman F. C. Short found that all the faucets, lead piping and brass traps in the house had been stolen. The house belongs to H. O. Hange.

Wage Terms Favorable.

Mrs. L. Gee reported for the Garment Workers' union, the agreements had been signed with employers to a wage scale which was more favorable than any heretofore made.

Million Stomach Sufferers Eat Big Meals Now

No fear of indigestion, gas, sourness, heartburn or acidity.

"Pape's Diapepsin" is quickest, surest stomach regulator known.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapepsin and eat a few of these candy-like tablets just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, no fullness or heavy feeling in the stomach, no nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin promptly regulates out-of-order stomachs, because it neutralizes the acids in the stomach and digests your food just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly overcome any case of dyspepsia, indigestion or any other stomach disorder.—Adv.
