Friends of Mr Brendels in the senate meet every argument of the opposition with the statement that "If you are afraid to have this defender of the rights of the people on the supreme bench, you must be with the predatory interests that control Wall street." This is having weight.

A number of senators who profess to believe Mr. Brandeis is not temperamentally fit for the position, are afraid of having their opposition credmeet this criticism, they will support the president. If Mr. Brandels is confirmed, one of the administration senators will have the injunction of secrecy removed from the vote and the country will know just how every senator voted.

It was claimed today that among the Democrats only senators Overman Hardwick, Smith of Georgia, and Hardwick, Smith of Georgia, and Bankhead are likely to vote against confirmation. Republican-Progressives who are counted upon as sure to support the appointment include La Follette, Clapp, Gronna, Poindexter and Norris, with Kenyon and Cummins reasonably certain to vote the same way. The Democrats can lose a dozen votes or more and still confirm Mr. Brandels.

NATURE WILL CURE

All she needs is a very little help.
Constipation is caused by accumulated waste in the Colon (Large Intestine), which, under our present mode of living, Nature cannot entirely remove without a little help.

The rank poisons in this waste get into the blood circulation too, and make us feel depressed, blue, bilious and incompetent-really sick—if allowed to go a little too far.

All the help that Nature asks, however, is Internal Bathing with Warm Water, applied by the "J. B. L. Cascade." This, in a perfectly natural and rational way, cleans out all the waste and poisons from the Colon and keeps it as sweet, clean and pure by occasional use as Nature demands for a perfectly healthy condition.

So invariably successful has the new and improved method of Internal Bathing proved to be that over 300,000 Americans are now enthusiastically using it to cure Constipation, ward off disease, and keep them bright, vigorous and efficient.

The "J. B. L. Cascade" is how being shown by the Woodard Clark & Co.'s Drug Stores in Portland, Call and let us explain how simply it accomplishes these great results.
