## Restriction of Sale Of Alcohol Is Urged

Portland retail druggists at meeting of their association at the Chamber of Commerce last night, took a stand in favor of the strictest enforcement of the prohibition law applying to the sale of alcohol. Desire was expressed for some way to distinguish the legitimate user o alcohol from the ones who want to purchase it for beverage purposes. The hope was expressed that the authorities will send to all druggists lists and descriptions of inebriates, so the druggists will know to whom to refuse to make sales.

It was brought out that most druggists are refusing to sell alcohol to many would-be purchasers, but at that undoubtedly many false affidavits are being signed.

The annual election resulted in the selection of the following officers: E. A. Robinson, president; Watt Wallace, vice president; F. J. Lichtenberger, secretary treasurer; J. M. A. Laue, di- Canadian rector; Ross Plummer, director.

## IMPORTANT CANADIAN OFFICES ARE FILLED BY NATIVE GERMANS

Official Dangers Lurking in Practice.

Ottawa, Ont., Feb. 10 .- (I. N. S.)-The Evening Journal, the government organ here, prints a sensational story showing that several native born Germans in the government service have access to most confidential information, to divulge which would have costly results to the allies.

"A position of considerable emolument and influence in the civil service of Canada is that of mechanical superintendent of Dominion dredging. It is the duty of the superintendent in question to travel wherever there is dredging done in the Dominion, and therefore to visit all the important harbor works which are under the jurisdiction of the department of pub-
