### 

## EGG MARKET HAS A STEADY TONE UPON FRONT STREET TODA'

Market Generally Quoted at 30 to 32c for Candled Stock With Case Count Down to 28c; Future of Prices Depends on Weather.

Market for eggs is now considered fairly steady along Front street. Receipts are quite liberal, but demand at the lower prices is good and receivers are no longer frightened. Sales of candled eggs were generally realong the street during the last 24 hours at 306232c a dozen, with sales of case

Storage eggs are a drug on the market at any price; in fact, while they are being free-by offered at 24c for best available, practically no sales are reported.

So far as can be ascertained none of the Chinese eggs destined for this market have been received here, but have been shipped to Canadian points, where the supplies of fresh eggs are scant, and all eggs are quoted at better prices than here. ter prices than here. future of the trade here depends er tirely upon weather conditions, as is usual for

this period of the senson.

POULTRY MARKET IS WEAKER Market for chickens is weaker siong Front street and sales are reported generally at frac-tionally lower figures. Even hens are quoted down to 16c generally with light stuff harder

DRESSED MEATS ARE STEADY At the best the market for country killed meats is merely steady. For hogs the trade is inclined to show strength for well finished surff of suitable size, but small pigs are drug on the trade. Veals are easier.

COTTONSEED OIL IS HIGHER Still another general advance is being quoted or cottonseed oil by manufacturers. These for cottonseed oil by manufacturers. advances have come forward so frequent of late that the trade is no longer paying much attention to them; in fact, they are expected.

SUPPLY OF SALMON IS SMALL Local wholesalers report very scant supplies of fresh salmon available at the moment and quotations are stronger. The trade is fairly well supplied with most other fish which are sciling at former prices.

MORE POTATOES OFFERING Local farmers are offering their potatoes prore freely to the street and the price is showing further gain in weakness, although is showing no change in prices for the day.

BRIEF NOTES OF THE TRADE California turnips are offering at \$1.75 a Country offerings of apples again increas

ling.
Hides are firmer at yesterday's advance. Sugar market continues to gain strength. Demand for chittim or cascara bark is lim-

SHIPPERS' WEATHER NOTICE Weather bureau sends the following notice to shippers: Protect shipments during the next 48 hours as far north as Seattle against minimum temperatures of about 34 degrees; northeast to Spokane, 22 degrees; southeast to Boles 20 degrees; southeast to Boles 20 degrees; southeast to Boise, 20 degrees; south to Ashland, 36 degrees, Minimum temperature at Portland tenight about 38 degrees.

#### Columbia Smelt in Much Better Call in Portland Market

Local Receipts Are Somewhat Increased and Prices Are Continuing on Downward Course.

Columbia river emelt are coming forward to the local market in somewhat more liberal supply and were being quoted by the wholesale trade from 8 to 10c a pound.

With the present increase in smelt offer ings the trade here now anticipates that the big run will soon be on and that values will continue to drop. Only a flood is expected to stop an increased movement. With salmon and other fish not so plentiful as during normal times and with prices in the fish trade generally high, the call for Co- Total this weak lumbia river smelts is expected to show a Year ago. liberal increase.

An increase in the offerings of smelts will prove a big factor in the trade generally because of the extreme cost of fresh and cured meats as well as in most other lines of foodstuffs. Quality of the present run is very good; in fact, somewhat better than normal.

golden wedding anniversary at their home on New Year's day.

### Cheese Situation Indicates Higher Price Along Coast

Even at an Advance Local Values Will Be Below the Basis of Eastern Stock.

Never before have Oregon cheese makers een able to command such markets and prices as at the present time. Not only are cheese prices here extremely high, but there is still room for further advances without the coast makers coming in competition with the enstern product.

the prices asked at eastern producing centers, berefore a further advance in local quotations generally anticipated.
With cheese prices touching an extreme mark in the east and with supplies too limited to take care of the home demand, coast cneese interests are able to send their product to the Missouri river and even farther east, if they However, the output is not sufficient to take care of the entire Pacific coast trade and the invasion of the eastern territory Cheese makers are preparing to increase their production for the coming season because the outlook for the market is unusually favorable to far as prices are concerned. With foreign these eliminated from the trade, the domes-
