FLOOD WATERS NOW
RECEDING RAPIDLY IN
THE LENTS DISTRICT
Estacada Carline Continues
in Operation Although Its
Tracks Are Flooded.

Cessation of rain and a frost last
night have combined to remove
the flood danger in the Lents district.
The waters in the flooded district
between Lents Junction and Bell sta-
tion are rapidly receding today. It
is believed that there will be no further
property destruction unless heavy
rains set in.

Despite the fact that water covered
stretch of track on the Estacada
car line, operation of cars was in no
way interfered with during the flood.
The Federal wireless station at
Lents was completely surrounded by
water yesterday.

The extent of the damage done by
the overflowing of Johnson creek has
not been determined, but it is believed
to be slight.

Brick Will Not Be
Used in Postoffice
Dispatch from Washington, D. C., Says
Errors of Chamber of Commerce of
Portland to Use Material Will Fail.

Washington, Feb. 12.—(WASHING-
TON BUREAU OF THE JOURNAL)—
It is practically certain the effort of
the Portland Chamber of Commerce to
have brick authorized for the postoff-
ice will fail. Specifications will call
for limestone or sandstone as best
suited for the purpose.

Missing Woman Is Found.
Missing from her home since last
Saturday morning, Mrs. Goldie F. Ben-
jamin of 750 Front street, was lo-
cated yesterday at St. Vincent's
hospital, where she went voluntarily
last week to be treated for the grip-
pe. According to relatives and friends,
Mrs. Benjamin is subject to periodical

attacks of nervous trouble, and while
suffering from one of these, left her
home and the bedside of her sick son.

High Cost
of Living Solved—
BUY BAKERS'
BREAD!

Mrs. Housewife:
DON'T BE FOOLED BY MISLEADING STATEMENTS
made by a certain firm having cheap flour to sell. You cannot save
\$1.50 per sack on flour by baking your own bread. Your actual sav-
ing is very little, if any. According to the said flour-selling firm's own

it is \$1.50. Don't place your confidence in such statements. THE
CHEAPEST FLOUR USED BY "GOOD BAKERS" WOULD COST
AT LEAST \$1.65 PER SACK, AND "GOOD BAKERS" USE LARGE
QUANTITIES OF FLOUR COSTING YOU \$2.15 PER SACK. You
would not buy bakers' bread if they used the \$1.65 kind of flour ex-
clusively.

made by a certain firm having cheap flour to sell. You cannot save
\$1.50 per sack on flour by baking your own bread. Your actual sav-
ing is very little, if any. According to the said flour-selling firm's own
figures, the saving is only \$1.35 per sack, after stating in bold type that
it is \$1.50. Don't place your confidence in such statements. THE
CHEAPEST FLOUR USED BY "GOOD BAKERS" WOULD COST
AT LEAST \$1.65 PER SACK, AND "GOOD BAKERS" USE LARGE
QUANTITIES OF FLOUR COSTING YOU \$2.15 PER SACK. You
would not buy bakers' bread if they used the \$1.65 kind of flour ex-
clusively.
