A Million Good Housekeepers Wanted

Ladies, we want a million more Good Housekeepers to try Swastika Biscuits at our risk. Already a million Housekeepers have helped us to build up the biggest pure food business on the Pacific Coast. These loyal women have helped us to increase the stream of gold we pour out weekly in wages in the various cities in which our plants are located, from Seattle to the Mexican boundary.

Please consider the bald facts concerning our great Prosperity crusade. You buy 90 per cent of all the merchandise that is being bought throughout the Pacific Coast states today.

By concentrating your purchases as far as possible on home-made goods, you can bring on an era of Prosperity such as this region has never known before.

Begin to play your part today by buying Swastika biscuits, and look for our famous trade-mark—the seal of Prosperity—on both ends of the carton.

And, mark this! We do not ask you to buy Swastika biscuits merely because they are made right here in your own city. But—we ask you to buy them because a million good housekeepers earnestly believe them to be the best biscuits made, and we know positively that their belief is well founded.

You see, Ladies, three things utterly determine the goodness of biscuits:

- 1st. The ingredients used.
- 2nd. The skill of Master Bakers.
- 3rd. Facilities and conditions under which they are made.

Well, the Pacific Coast Biscuit Company has built up a business totaling \$6,000,000.00 annually. That business was built up in the teeth of the keenest competition any industry ever experienced. And we have won supreme place in the biscuit business of the Pacific Coast, because—

Of course, money insures all these things—our competitors enjoy the same advantages. But—and here's the rub—we practically deliver our biscuits crisp and fresh from our ovens to you.

In fine, Ladies, the generous goodness we put in Swastika Biscuits reaches you. They are absolutely the best biscuits sold on this market today.

Yes, Madam, you can help along our Prosperity crusade. You can draw the attention of your neighbors to this advertising. You can buy Swastika biscuits—urge others to buy them because of the Quality and that alone. And thereby you can help us to increase the steady stream of gold we are pouring out weekly in wages in this and other cities of the Coast.

"Swastikas! Certainly, Mr. Grocer! They are the best biscuits. Besides, they're made right here in Portland. And we can see how they are made and what they are made of any day—at our pleasure."
