POSTMASTER MYERS SAYS ASTORIA WILL GET SUBMARINE BASE

Full Station Improbable on Account of Proximity to Puget Sound Naval Yard.

"I had a talk with Secretary of the Navy Daniels and I feel certain that Astoria will get at least a submarine base; proximity to the Puget sound navy yard militates against a full base," says F. S. Myers, Portland postmaster who returned yesterday from his annual trip to Washington.

On his way home Mr. Myers stopped at San Francisco and went over the plans for the Portland postoffice with Lewis P. Hobart, architect for the building. He says that they will be finally completed Tuesday of this week and will be at once taken to Washington for checking over by the treasury department by Mr. Hobart or one of his assistants.

"Checking them over will be a matter of only a few days," states Mr. Myers, "and then bids will be advertised for. Contractors, I was informed, already are beginning to figure on the cost of the building. The treasury department is anxious to see the work get under way as the structure will house all government offices, doing away with the necessity of paying out thousands of dollars a year in rent."

"The foundation will cost more than was anticipated, but it is figured to effect such saving on other parts of the building that the expense will not run over the appropriation of \$1,000,000."

Speaking of the political situation in Oregon, Mr. Myers declared that "it is wonderful the confidence that all people with whom I came in contact in trains and hotels and so forth have in the ability of President Wilson to competently handle the international situation. His reelection is almost universally conceded."

Mr. Myers states that it is the general belief around Washington that Brandeis will be confirmed.

Card of Thanks. I desire to extend my sincere thanks to friends for their sympathy and assistance, and also the many beautiful flowers and cards which were sent me during the illness of my sister. A. NELSON.

COUNTY COURT NEWS

The commissioners requested the county surveyor to recommend to the board what he thinks is the most feasible location for a county road to connect the Slavin and Taylor's Ferry roads from Freeman street on Capitol Hill, where it connects with the Taylor's Ferry road, and to connect with the Slavin road at the Fulton Park county road and the Southern Pacific railroad crossing.

Dunning & McKintee's bid for the removal and creation of holes from the county institutions, for the sum of \$7 for adults and \$4 for children under 10 years of age, was accepted by the board.

Plans and specifications for the grading of the underground crossing on the Fairview-Gresham road were approved and filed with the county clerk, and the road department authorized to advertise for bids.

The superintendent of the Multnomah farm was authorized to send Bert Harris, blind, to the school for the sightless.

The communication from the Oregon Portland Cement company of Oswego, Or., relative to concrete pavement was placed on file.

A communication from J. O. Conville, superintendent of city parks, relative to the disposition of loose rocks on the road through the Macleay park was referred to the roadmaster.

Upon the recommendation of the district attorney, relative to the disposition of unclaimed property of persons dying at the county institutions, the board requested the county treasurer to furnish the board a list of the unclaimed articles in his possession.

A statement of taxes due, Mrs. Annie Hanson, an indigent person, on lot 15, block 2, Patton M. tract, amounting to \$13.75, was referred to H. D. Griffin, clerk of the board of relief.

Regarding the improvement of the Fairview-Gresham road the board ordered the roadmaster informed that the board deemed it advisable that the county should secure the right of way from those interested in the improvement of the road before he begins the paving of the said road.

The request of the Peninsula Industrial company, to be advised whether or not the board will allow the claim

SCHWAB PRINTING CO BEN F. GREENE-HARRY FISCHER STARK STREET - SECOND

of \$40.50, account repairs to private roadway along the south shore of the Oregon slough, was referred to F. M. Cortelyou, resident engineer of the Interstate bridge, for a definite report to the board.

A request from Charles Eatchel to be allowed \$269.18 in cash from the amount allotted him, as he is in need of same, was referred to the district attorney for advice to the board.

All proceedings for the establishment of road No. 855, on Savies island, were ordered terminated and dismissed by the board.

As the result of the suggestion of Robert Shaw, attorney, that some qualified freeholder be appointed to act with the roadmaster and county surveyor as a board of county road viewers, Dorr E. Keasey was appointed by the board.

The request of Burton Thurber, 752 East Madison street, Portland, for reimbursement on account of damages to his automobile on Morrison bridge February 29, was referred to Madison Welch, superintendent of bridges and ferries.

Enlists to Aid Brother. Princeton, N. J., March 6.—(U. P.)—William West, Princeton senior, who disappeared and caused a 10-day

search of several states, has enlisted in the army, so his brother John can finish college. There wasn't enough money for both.

You Make a Wise Decision when you conclude to pay your bills by check. A bank account instills economy, promotes industry, inspires thrift. Build up your fund for independence at the NATIONAL GUARD NOTES. Battery A Holds Federal Inspection With Good Turnout. Battery A Inspected at Armory. Battery A Field Artillery, was inspected last Friday night by Lieutenant E. T. Smith, United States Fifth Artillery, of San Francisco, representing the federal government, and Major H. U. Welch, representing the state of Oregon. There were 82 men and five commissioned officers present. The battery inspection was continued yesterday at Clarksville range. Battery A is commanded by Captain Charles W. Otterstedt, First Lieutenant George B. Clayton, Second Lieutenant C. L. Johnson and Second Lieutenant G. W. Stevens. The battery is the National Guard's oldest organization west of the Missouri river. It is preparing now to go to Monterey in June for training with United States officers and regular army batteries.

"Yes, it was my Digestion; but Sanatogen—" —Sanatogen came to the rescue—and let us tell you how. Indigestion is the twin-brother of nervousness; overwork, mental strain, grief or shock is the cause. The proven benefits which Sanatogen confers upon people suffering from nervous indigestion are the happy results of Sanatogen's tonic and upbuilding effects. As a scientifically-devised food, not as a medicine, Sanatogen helps both nerves and digestion—the former by providing organic phosphorus "in such a form," according to Dr. C. W. Saleeby and other authorities, "that the nervous system can actually take hold of it," and the latter by lightening the stomach's burden and making it better able to get the maximum nutriment out of the daily diet. By thus feeding and strengthening in a kindly, natural fashion, Sanatogen has endeared itself to countless people subject to indigestion. Col. Henry Waterson, the famous editor, boldly asserts he believes he "could not have regained his vitality without Sanatogen acting equally upon the nerve centers and digestion." Many other prominent people have said similar things about Sanatogen, and the best of it is that their experience is fully upheld by evidence of the medical profession, over 21,000 members of which have endorsed Sanatogen in writing. So you may be confident that when indigestion and nervousness trouble you, Sanatogen stands ready with real help. Sanatogen is sold by good druggists, everywhere, in sizes from \$1.00 up. Grand Prize, International Congress of Medicine, London, 1913.
