

AUTOISTS MUST STOP JOCKEYING TO GET AHEAD ON BRIDGES

Machines Must Line Up Single File When Draws Open, Says County Commission.

CONDITION IS DANGEROUS

City Council Will Be Asked to Draft Ordinance Applying to Ex-isting Evils.

Jockeying for position by automobilists on the bridges over the Willamette when the draws are open must be stopped.

This is the order made by the county commissioners this morning. The order provides that automobiles must be kept in single file when the draws are open, as the jockeying that now goes on is dangerous.

The commissioners directed M. Welch, superintendent of bridges and ferries, to confer with Harry E. Coffin, chairman of the safety and traffic commission, in regard to a set of rules and regulations to govern the traffic over the bridges.

An order was also passed requesting the city council to draft an ordinance applying to the situation.

Physicians Are Defendants.

Suit for \$25,000 damages for alleged malpractice was begun this morning before a jury in Judge Gates' court by W. F. Breidenstein against Drs. Gustav Baar and J. D. Sternberg.

The plaintiff alleges that the physicians wrongfully diagnosed his case and urged him to undergo an operation, which was handled in a manner that caused serious effects.

Demonstrator Is Sentenced.

If F. W. Ayers, demonstrator of fire apparatus, will pay a fine of \$150 and will stay out of the state, he will not have to serve a sentence of 35 days in the county jail.

Verdict for Defendant.

A verdict for the defendant was returned in Judge Gantenbein's court in the suit for \$25,000 alleged damages for personal injuries brought by Oscar Sanden against the O. W. E. & N. Co. Sanden, while employed on the Overhead truss bridge near Chehalis, Wash., fell off and sustained injuries.

Two Divorce Decrees Granted.

Two divorce decrees were granted by Judge Gantenbein this morning, one to Lucille Taylor, who sued A. F. Taylor on the grounds of cruelty, and the other to Alice Routledge, who charged her husband, Alex. Routledge, with nagging and fault finding, which amounted to cruelty.

Files Suit for \$2500 Damages.

Inga Johnson, laundress, employed at the Portland hotel, says an ironing machine dropped on her foot, causing permanent injuries, so today she filed a suit against the O. W. E. & N. Co. for \$2500. She alleges that the accident occurred through the negligence of the company.

Wife Desertion Is Charged.

Lester Clark, who was given a sentence Saturday of one to five years for obtaining money under false pretenses, and then paroled, was today arrested on a warrant charging wife desertion. He is being held for the officers at Prosser, Wash.

WATER SUPPLY OF VALLEY TO BE PROTECTED

(Continued From Page One) water supplies of such cities as Salem, allowing the cities a certain time in which to select the lands desired.

PRIMARY LAW OF MINNESOTA MAKES JUMBLE

Washington, March 13.—(WASHINGTON BUREAU OF THE JOURNAL)—As Minnesota will hold presidential primaries tomorrow, politicians have been giving some attention to the primary law of that state, and the influence this election will have.

The unanimous conclusion is that the primary law is a jumble of contradictions and the election will be of little significance. It is expected that the preference vote will favor Senator Cummins of Iowa, as the only other name to be printed on the ballot is that of Henry D. Estabrook of New York.

ASK FOR and GET HORLICK'S Malted Milk

ASK FOR and GET HORLICK'S Malted Milk. The original Malted Milk. The only original Worcestershire Sauce. Send postal for free kitchen tanger containing 100 new recipes. LEA & PERRINS, Hubert Street, New York City.

REVENUE PROGRAM IS TO BE TAKEN UP THIS WEEK FOR DISPOSAL

House Will Consider Administration Plans for Financing Government.

OMNIBUS BILL PLANNED

Joint Resolution Continuing Sugar Tariff Will Be Rushed Through House; to Supply \$40,000,000.

Washington, March 13.—(I. N. S.)—Work on the administration revenue program will begin this week in the house. The joint resolution continuing the present tariff of about one cent a pound on sugar will be hurried through the house.

C. C. REPORT DOES NOT GIVE DECISION ON SASH AND DOOR RATES

Washington, March 13.—Issues raised by the West Coast Lumber Manufacturers' association, the Hammond Lumber company and other intervenors in a supplemental hearing in the case of Anson, Gilkey & Hurd Co. and others against northwestern railroads are not decided by a supplemental report issued by the interstate commerce commission.

Pacific coast lumbermen contended that, in cancelling joint through rates on sash and doors to points in eastern trunk line territory, the railroads established rates that are unreasonable. This is a question, the commission says, that cannot properly be decided in the pending proceeding.

The supplemental order just issued is the result of a motion by the plaintiffs in the case, who have lumber mills in Wisconsin, Iowa and Illinois, seeking to compel the northwestern railroads to file tariffs adjusting rates on sash and doors from the Pacific coast. The commission sustains this motion to the extent of requiring rates to be filed within 60 days to remove certain discriminations.

The tariff commission bill recommended by President Wilson, Tariff legislation to protect the new dye stuff industry and "anti-dumping" legislation now being worked out.

Provision repealing most of the stamp taxes imposed by the present act. Miscellaneous new taxes to make up the additional needed income.

Kitchin to See President. Majority Leader Kitchin will discuss the plans of the congressional leaders with President Wilson probably this week. Representative Kitchin said today that the details of the new tax measures to be proposed could not be worked out until congress had settled to some degree the approximate amount of appropriations to be made for the coming fiscal year.

FRUIT IMPORTATION IS FORBIDDEN BY BRITISH BEGINNING TOMORROW

Washington, March 13.—(WASHINGTON BUREAU OF THE JOURNAL)—"Forbidden fruit" is coming into a new meaning, and applies to all fruit, canned, bottled or preserved, from this or other neutral countries having an ordinary market in Great Britain, with the unimportant exception of currants.

A copy of the new British regulations submitted to Senator Chamberlain by the state department shows that fruits shipped or paid for by March 13 will be admitted, and it is stated that after October 31 the restrictions will be lifted enough under special license to admit not more than half the quantities imported last year.

Because of the effect upon Oregon fruit, the Portland Chamber of Commerce has added its voice to the protest, but these protests are likely to be unavailing, the right to prohibit imports being unquestioned.

The British authorities have adopted the forbidden fruit regulations as part of a new trade policy against spending money for foreign luxuries.

Harlan Plops to Roosevelt.

Washington, March 13.—(WASHINGTON BUREAU OF THE JOURNAL)—Four years ago John M. Harlan of Illinois was one of the bitterest opponents of Theodore Roosevelt in the Republican party. With J. Adams Beas of Minnesota, he toured the country to warn of the danger of the third-term candidate.

Now the same John M. Harlan is a candidate for delegate at large to the Chicago convention as a Roosevelt man. This is all the more significant since Illinois intends to present Senator Sherman as a favorite son. Harlan files in the face of this sentiment to champion the man he assailed so fiercely in 1912.

"Neutral right has been flouted by big game right," is the keynote of his argument. He says the time has come to set aside individual and factional resentment, forget the things that are behind, and pull for Roosevelt, "the very presence of whom in the White House would be as a word and buckler against foreign aggression."

Agricultural Funds Increased.

Washington, March 13.—The agricultural appropriation bill as reported to the house carries \$24,500,000, against \$23,000,000 last year. Liberal provisions are made for fighting livestock diseases and fruit pests.

The largest sums set aside are \$2,500,000 for a campaign against the maul and mouth disease or any similar malady that may appear, \$300,000 to fight hog cholera and enforce the toxin act, and \$250,000 with which to wage war on the citrus canker, which threatens the citrus groves of Florida.

New Trial Motion Denied.

The motion for a new trial of H. H. Riddell, convicted of using the mails to defraud in the operations of the Oregon Island development company, was denied by United States District Judge Bean this morning. Time for passing sentence was set for next Monday.

Horses to Be Sold.

Horses and horse drawn street cleaning apparatus and flushing equipment gone into the discard with the advent of motor apparatus, are to be sold under the auctioneer's hammer at 2 o'clock tomorrow afternoon at the city barn, Sixteenth and Jefferson streets.

Stolen Auto Is Found.

The arrest of a young automobile thief from Salem is expected by the police today as the result of finding the stolen machine belonging to W. H. Dalrymple of Salem in the possession of E. M. Sherlock, superintendent of the Broadway building, yesterday.

Charged with Having Forced his wife into leading an immoral life, P. J. Ceban, a barber, was arrested this morning. He is said by the police to be an old offender. His wife is 33 years old.

PORTLAND FIRE RECORD

Sunday. 1:54 p. m.—295 Lincoln street, burning fire, no damage. 2:44 p. m.—E. Samchuck, 1613 Brandon street, wood pile too near stove, loss, \$1200. Monday. No fires.

ROUMANIAN - BULGAR CLASH OCCURRED AT RAHOVO ON FRONTIER

Trouble Arose Over Loading of Roumanian Boat; Bulgars Were Aggressors.

London, March 13.—(I. N. S.)—The Odessa correspondent of the Daily Mail telegraphs the following: "An engagement is reported between Roumanians and Bulgarians at Rahovo. A Bulgarian frontier guard fired from trenches on a Roumanian ship which was loading a barge in the Roumanian zone. The Bulgarians signalled to an Austrian gunboat, which ordered three vessels to the Bulgarian shore. The Roumanians ignored the order. The gunboat then fired with machine guns and rifles. The Roumanian troops replied. There were many casualties on both sides."

Sumpter, Or., March 13.—J. H. Myers, a placer miner of Grant county, was taken to Prairie City by District Game Warden I. B. Haseltine for trial on the charge of trapping beaver.

Myers a few days ago sold his mining claims to Curtis Haley of this place, and had left for Baker. After he left his cabin was searched by Forest Ranger Lloyd Judy, who found three fresh beaver hides. Myers returned of his own volition to answer the charge. Near Myers' cabin is a large colony of beaver, and in the last few years these animals have been increasing rapidly on Bull Run creek and other streams in that part of Grant county.

As soon as the sugar measure, which is expected to supply about \$40,000,000 annual income to the government, is disposed of, Democratic leaders in congress will perfect plans for making up the remainder of the deficit which will confront the treasury at the close of the present fiscal year.

Court Lets Autoists Fix Their Own Fines

One Places Figure at \$5, Another Says \$3, and Third Passes Matter Back to Judge Langguth.

"You may fix the amounts of your own fines," said Municipal Judge Langguth, in substance, to three motorists, violators of the traffic ordinance, this morning.

S. M. Stowers, accused of driving recklessly, thought his violation should cost him \$5. T. T. Carlson admitted error, and set himself back to the tune of \$3. William Pope, the third chauffeur failed to construct the railroad from here to a suitable trunk line connection, and local sentiment is that the issue will carry easily. At present, no railroad comes nearer to Prineville than the Oregon Trunk, 15 miles away.

Prineville Expects To Vote Bonds

City Council Has Called Special Election to Pass Upon Issue for Construction of Rail Line.

Prineville, Or., March 13.—By unanimous vote of the city council of Prineville, a special election has been ordered for March 23, for the purpose of voting on a measure to bond the city for \$100,000 to construct a railroad from here to a suitable trunk line connection, and local sentiment is that the issue will carry easily.

BANKED MUCH MONEY IN PORTLAND; BODY IS FOUND NEAR TRACKS

(Continued From Page One) sale of a piece of river land February 15, 1916. As usual, he then demanded his money in gold.

Stevenson was last seen here Thursday. A deposit slip shows he put \$2910 in a Portland bank last Friday. In his pocket were empty gold sacks and a return ticket to North Yakima from Portland.

CHAMBERLAIN TELLS SENATE VILLA LIKELY TO BE DANGEROUS FOE

(Continued From Page One) foresees. Where the events lead we may face serious consequences.

The Mexican situation is not the only one which bids us be prepared. There are situations which it would be neither wise nor proper for me to discuss, but the president tells us we cannot say what tomorrow may bring forth. We must prepare."

Got Rifles From U. S.

Doubting the effectiveness of the Mexicans as fighters, Senator Chamberlain said they were mostly ignorant, blanketed Indians. He asked Senator Smoot where the Mexicans got their rifles.

"From the United States," interposed Senator Warren. "We made a grave mistake in allowing the guns to be sent into Mexico."

"Mexico now well knows all our facilities for making war," said Smoot. "They know they've got more machine guns than we. I know the senator from Oregon (Chamberlain) is right when he said we could not get over 30,000 men to the border within 30 days, and that they must face a Mexican army of at least 60,000 or 70,000 men, all well disciplined and equipped."

Militia Not Trained Soldiers.

"Can't we use the militia in invading Mexico?" demanded Senator Simmons. Chamberlain replied: "The National Guardsmen could be used as border patrols. They are not trained like the regulars, and many doubt their effectiveness in warfare. This isn't simply a case of chasing a few bands. We are about to fight a big force that has been fighting and training for several years. We needn't flatter ourselves that Mexico—that Europe—doesn't know all about our armies."

Senator Fall denounced military reciprocity with Carranza. "You can't tell Carranzistas from Villistas."

"If we allowed this agreement with Carranza we would be allowing bandits on our soil who might prove as deadly as the Columbus murderers," declared Senator Fall. "Carranza is not sincere. He does not want his soldiers to come on American soil. He wants to argue, parley and palaver. Such a proposal as he makes requires the negotiation of a treaty with senatorial indorsement, something the president never would get."

To Rush Revenue Plans.

Washington, March 13.—(I. N. S.)—Speaker Champ Clark and House Majority Leader Kitchin this afternoon laid before the house plans for rushing the revenue program through the house in the omnibus bill. It is understood that the president was favorably impressed with the plans.

House to Discuss Army.

Washington, March 13.—(I. N. S.)—

Faces Charge of Trapping Beaver

Washington, March 13.—(I. N. S.)—

Bar View Road Given Inspection

Bar View, Or., March 13.—Roadmaster E. E. Mayo of the P. R. & N. division of the Southern Pacific, in company with N. Rose, superintendent of bridges and buildings, and H. Lull, an engineer for the company, were in Bar View Saturday on a tour of inspection.

The work of stiling in on the ocean side of the new bulkhead is still going on. There is much agitation here regarding the county road. The railroad company has submitted a proposition to the county court of Tillamook county to the effect that the county grant to the railroad company sufficient land on the west side of the railroad just north of where the jutting spur starts for a site for a new depot and roadway, in lieu of land granted the county by the railroad company on their right of way east of the railroad for a county road.

The company owns only 15 feet west of the railroad through Bar View, and in order to get sufficient land for a depot and roadway the county will have to purchase a part of some valuable lots or institute condemnation proceedings. A roadway has been surveyed back of the lifesaving station, but the county is undecided what to do.

Purchasing Agent Of Board Resigns

W. H. Doane Quits Work of Buying Supplies for Schools; John Lewis Will Be Successor.

W. H. Doane, for the last seven years purchasing agent for the school board, resigned Saturday at the request of the board.

His resignation is due to personal matters. Members of the board say that his handling of school supplies is in no way involved. The resignation was tendered in writing and accepted at a hastily called meeting of the board Saturday.

School Clerk Thomas announced today that his successor will be John Lewis, who has been employed as storekeeper for the school district for some time. The positions of purchasing agent and storekeeper will be combined. The salary is \$150 a month.

Man Had Secret Pocket.

Mysteriously opened doors in the Esmond hotel were explained early yesterday, it is believed, when Detective Golts and Howell arrested Charles H. Sheppard, alias Luther Jones, colored, and found on his person, in a secret pocket, four lock picks of improved design. Sheppard had been staying at the hotel. Money, a camera and shoes were taken in the theft. Sheppard has served time here and at other coast towns. He threw away morphine when arrested, and is charged with having the drug in his possession.

Princess Wenatchee Dies.

Wenatchee, Wash., March 13.—(P. N. S.)—Mrs. Clifford Chase, formerly Miss Ino Hayden, who was known as "Princess Wenatchee" and who presided on North Central Washington day at the Panama-Pacific exposition, is dead, a victim of pneumonia. Mrs. Chase was married three months ago. Funeral services will be held tomorrow.

Preparedness Day Program Is Given

Interesting Meeting Held at Which Speakers Discuss Various Problems of Vital Military Nature.

America's absolute inability to cope on land with any first class world power was pointed out today at the weekly luncheon of the members' council of the Chamber of Commerce. It was "preparedness day," with speeches from army and navy officers and from citizens interested in the protection of Americans from foreign aggression.

Ralph Dunway was chairman of a committee which prepared the program. After he had made an introductory remark or two, Colonel H. C. Cabell, U. S. A., retired, declared that however well intentioned a nation may be, it cannot rely upon that trait to keep off aggression. Might still rules the world, he declared, however, men may deplore it. He urged a national preparedness—not that war will be invited, but that peace may be attained through justice, economy and mercy.

Dan J. Maloney, captain, J. H. Blackburn, U. S. N., Wallace R. Struble and others also spoke.

Princess Wenatchee Dies.

Wenatchee, Wash., March 13.—(P. N. S.)—Mrs. Clifford Chase, formerly Miss Ino Hayden, who was known as "Princess Wenatchee" and who presided on North Central Washington day at the Panama-Pacific exposition, is dead, a victim of pneumonia. Mrs. Chase was married three months ago. Funeral services will be held tomorrow.

The One When the President of the United States, and the women of the South wanted to speak to the women of America about the Ellen Wilson Memorial, he and they chose one magazine. When the Queen of the Belgians wanted to tell American womanhood of the sufferings of her people and what they needed, Her Majesty chose one magazine. When the President of the General Federation of Women's Clubs, and her Board of Directors, wanted to send a monthly inspirational message to the one million club women of America, she and they chose one magazine. Why? Because these leaders wanted a dominant magazine: the one They all chose The Ladies' HOME JOURNAL It's only 15 cents
