CHRIST KEYSTONE OF CIVILIZATION

By Rev. Dr. A. L. Crim, Pastor of East Side Christian Church.

An spoch had been produced chiefly along two lines, religious and philosophic: Judaism, assisted by revelation, and unaided Grecian philosophy. Like pillars in an arch, each was incomplete without the keystone. Christ was the keystone.

Since the Dark Ages, development has followed similar line - Protestantism and scientific civilization. One with, the other without, a divine revelation. A divided Protestantism, like Judaism,

has had but a partial revelation for the world, and therefore is incomplete. Present civilization, without Christianity, is inefficient. This is being demonstrated at Verdun. The highest civilization known in the world, unrestrained by true Christianity, is writing history in blood.

The end of this dual development is at hand. The arch again waits the keystone. Christ only can supply the world's cry for fullness.

A divided church and a Christless civilization are impotent in this epochal hour! These fields are white. They demand men. Men of highest possible civilization, unfettered by denominational differences and guided by a pure Christianity.

its convictions, participate in any movement which would contemplate Ex-Gambler Will the holding of a convenient of a convenient which would contemplate the holding of a congress prior to the cessation of hostilities, not only because of its futility, but because of its potentiality for mischief." Mr. Marshall then cites facts which

he says shows that the congress will not be democratic due to the method | * of selection of delegates, and in con- | * cluding says: "Jacob H. Schiff in an authorized

interview also assails the congress idea, declaring that all that is necessary is a conference or convention, and declaring that the congres is un-American. He said:

"We do not want any politicians who wish to make political capital out of the great Jewish tragedy and want to be constantly on the band wagon. We need men who have shown their great interest in Jewish affairs in the past, and really feel deeply the sorrows of the Jewish people." In a public address at Boston, Rabbi

Stephen S. Wise, formerly of Portland, took vehement exceptions to Mr. Schiff's statements.
