Pendleton Mayor Denied a Change

Pendleton, Or., May 3.—Justice of the Peace Joe H. Parkes this morning denied the motion of Mayor J. A. Best for a change of venue of the case wherein the mayor is accused of the use of obscene language in a public place. Best entered a plea of not guilty, and promptly filed his motion, basing it upon affidavit that he could not secure an impartial trial before Parkes, because the latter was prejudiced.

Parkes required him to make a showing, and Mayor Best added to the affidavit that the justice of the peace was a candidate for city recorder at the last election and that he, Best, as mayor, did not appoint him. Parkes denied prejudice, declaring he never had been a candidate for recorder, but that during the campaign Best had three times voluntarily told him he would get the appointment. However, he said, he knew the power of appointment lay with the council. Change of venue would entail big expense, he said, and he held it not justifiable under the circumstances.

Judge Fee, for the defendant, said he would appeal from the ruling. Date for the trial has not yet been set.
