

AUSTRIAN ASSAULTS ON ITALIAN POSITIONS REPULSED, IS CLAIM

Italian Statement Says the
Enemy Losses Resulting
From Fire Were Heavy.

AIR ACTIVITY INCREASED

Two Italian Dirigibles Dropped Two
Tons of Explosives on Austrian
Trenches, Batteries and Camp.

Rome, May 5.—(U. N. S.)—Official: "In the Tonale Zone, on the second, after intense artillery preparation, the Austrians thrice attacked our Castellazzo position. All the attacks were repulsed, the enemy leaving 30 prisoners."

"On the Adamello front, on the 3d, two Austrian columns simultaneously attacked Crozzon Laregia from the north and Crozzon Lareia in the Cavena pass from the south. We allowed them to approach to within 100 meters, repulsing them with terrific machine gun and rifle fire with heavy losses."

"Between the Adige and Brenta valleys there is usual artillery activity, and movements of troop trains."

"On the Col Di Lana ridge the Austrians again vainly attacked our positions northwest of the crest. In the middle Isonzo our artillery shelled Tolmino, the Austrian supply center."

"There was increased aeroplane activity throughout the day. We of operations. Austrian aeroplanes dropped bombs in the upper Camonica valley and in the lower Isonzo cities of Ravenna and Cervia. There were a few injured and some slight damage."

"Two of our dirigibles last night bombarded the Austrian trenches and batteries at Rubbia, Ferra and Biglia in the Vipbach valley and the aviation camp at Alto Vizza, east of Gorizia, dropping about two tons of explosives with deadly effect. On the return journey one aeroplane fell from unknown causes within the Austrian lines near Gorizia. The other returned safely to our lines."

CARRANZA AGREES TO PROPOSALS MADE BY U. S. AT CONFERENCE

(Continued From Page One)

ernment has had an opportunity to examine and consider its provision. The full text of the proposed agreement will be given out immediately upon its acceptance by both governments.

"In general, I may say that it provides a basis for cooperation which promises to prevent misunderstandings and strengthen the cordial relations of the two republics."

"Mexicans Are Uneasy."

Namiquipa, Mexico, May 5.—(By wire)—(U. P.)—News of the contemplated American withdrawal from Mexico mysteriously reached the natives today, causing great uneasiness among Mexicans, who have furnished stolen beef supplies to the expedition.

A number came to camp and asked whether the reports of a withdrawal were true and whether the Carranzas or Villistas intended to make reprisals.

It is feared that Americans are also doomed to suffer the wrath of both factions for supplying the expedition with provisions. Friendly natives foresee a reign of terror surpassing that of the last five years.

Conferees Plan Departures.

El Paso, Texas, May 5.—(U. P.)—Generals Obregon and Scott at their final meeting today expected to formally ratify the agreement covering operations of American troops in Mexico. Slight modifications by President Wilson and "First Chief" Carranza before they gave their approval to the pact, it was believed, would not alter the plans essentially.

No further changes are anticipated. Scott and Funston plan to leave El Paso for the east and Obregon for Mexico City.

Part of the agreement, if not the entire text, will be made public as soon as it is signed, it was announced.

Should Ask a Freshman.

From the Oshkosh Northwestern. Statistics show that 80 colleges maintain courses in international law. Yet some of the wisest statesmen, just at present, are trying to find out what international law really is.

The wood consumed in this country in the manufacture of paper amounts annually to 4,600,000 cords, and every year the demand for some substitute grows more urgent.

Oregon Electric City Ticket Offices: 25th & Stark Sts., 10th & Stark Sts., Seward Hotel, 10th & Alder, Jefferson St. Station, North Bank Station.

MRS. VANDERBILT'S DAUGHTER TO MARRY

MISS BARBARA RUTHERFORD.

New York, May 5.—Miss Barbara Rutherford, daughter of Mrs. William K. Vanderbilt, is engaged to marry Cyril Hatch, it became known today.

It is understood the marriage will take place this spring. Friends of the family were apprised of the news informally.

Miss Rutherford's mother has done active work for the American Ambulance hospital in France, which she aided in founding. She expects to resume her work in June. Miss Rutherford herself has, since the war started,

done notable work for the relief of war sufferers.

Miss Rutherford's sister, Margaret S. Rutherford, married State Senator Ogden L. Mills. Their father, Lewis M. Rutherford, died in 1890. The Rutherfords have long been a prominent family in this city. Through their father, Miss Rutherford and Mrs. Mills are descendants of Lewis Morris and John Rutherford, prominent figures during the days of the American Revolution. The late Oliver Harriman was their grandfather. Among their aunts and uncles are Mrs. Stephen H. Olin, Mrs. Frederick C. Havemeyer and Messrs. Oliver and Herbert M. Harriman.

Mr. Hatch has been identified with the younger set of society, both here and at Newport. He graduated from Harvard in 1906. He is a devotee of athletic sports, as is also Miss Rutherford. Among his clubs are the Rivington, Rock, Meadow Brook, Knickerbocker and Racquet and Tennis.

Britain Adds to List Of Prohibited Goods

Washington, May 5.—(U. N. S.)—An additional list of American commerce which cannot be received at British ports was received at the state department last night from United States Consul-General Skinner, at London. Among the articles are canned, bottled, dried and preserved vegetables and pickles, litter, rubber tires, tubes for motor cars and motorcycles, salt, steel, tar, farina and potato flour. Officials have taken the ground that such prohibitions constitute a question of internal politics with Great Britain, which could not well be made a subject of protest by the United States.

Speeding Car Kills Los Angeles Man

Los Angeles, May 5.—(U. P.)—Hurry back through darkness to

find the victim his car had struck before daylight today, Motorman P. O. Berg came upon Mrs. Frank Bedel sitting on the ground with the battered body of her husband in her arms. Almost demented with grief, the woman was crying hysterically for him to speak to her. Bedel, 30, had been struck by a Glendora car. The car was proceeding at such high speed that Berg did not realize he had struck a man until after the accident had occurred. Two small children survive the dead man.

Insect's Bite Cause Of Suit for Damage

Woman Demands \$1000 From S. P. Because of Incident When She Was Bitten From Train in Texas.

New York, May 5.—(U. N. S.)—The Southern Pacific Railroad company was made defendant in the federal court today in a suit for \$1000 brought by Mrs. Dolores L. Remsen, a writer, because of the bite of a poisonous insect that she claims infested a lonely and swampy "wire station" in Texas.

Mrs. Remsen is the wife of Frederick J. Remsen, a broker. According to allegations in papers filed she started for Phoenix, Ariz., on February 18 last. She paid \$70 car fare and \$16 for a berth on the Sunset limited, the same to be provided at New Orleans after she arrived via steamer from New York. She boarded the train she wanted, she states, but the conductor told her the ticket she offered

What to Do for Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 25c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is dependable and inexpensive. Try it, as we believe nothing you have ever used is as effective and satisfactory.

Zemo, Cleveland.

was not good. This ticket, Mrs. Remsen claims, she purchased of the company in good faith, and even if it read differently than the way she thought it read, the conductor on the Sunset limited had no right to eject her from the train at the "lonely and swampy wire station." While at the station waiting for a train that conveyed her in a round about way through Texas, she was bitten, she claims, by the insect.
