**The Laurelhurst Study Club** closed its year's work with a delightful social meeting held yesterday afternoon at the club house. Each member was privileged to bring five guests, and the result was a large attendance. The clubrooms were beautifully decorated in May baskets of pink and white blossoms and dog-wood boughs. Miss Ethel Handy, secretary, gave a comprehensive report of the year's work. Mrs. John H. Suttle and Miss Ruby Gault gave vocal numbers, with Mrs. Hought as accompanist. Miss Nina Greenhouse gave the first act of "Monsieur Beaucaire," followed by a group of lighter dramatic interpretations of famous refreshments in May colors, pink and white, were served. The club will resume its activities next October when the principal work will be an extension course conducted by Miss Mabel Holmes Parsons of the University of Oregon. The club will also present a play and the work will be supplemented by a course in the drama, by Professor J. H. Baine Hammond of Reed college. Mrs. C. W. Hamhurst was unanimously re-elected president at a recent business meeting, and a happy and successful year is anticipated under her leadership.

**To Give "The Land of Nod."**—Thirty-three Mount Tabor children, members of the primary department of the Mount Tabor school, will attract the public to the school auditorium Wednesday evening for a fanciful children's opera, "The Land of Nod." The opera is full of melody and interest, with its dreamy scenes, goblins, hand-made princess and beautiful princesses. "The Land of Nod" is the tale of six little Sleepheads, who, in their dreams, are carried to the wonderful "Land of Nod." Sarah Carter, Patricia Rogers, Maris Rosewell, Harry Smokoon, Dennis Clearwater and Leslie McLennon will play the parts of the Sleepheads. Alfred Gano will impersonate the king, the "Land of Nod" and Myrl Van Alstyne will be Jack of Dreams. The Sandman will be played by Joe Plumb while Leo Parley is the Dream Goblins. Eva Brack is the queen of the "Land of Nod," Herbert Libak, the Dream Prince, Ethel Crane, the Dream Princess, Catherine Groat, Lady Fortune, Ruth Millon, Mother Goose, Clifford Atkins, Gobby Canand, Must, Nathan, and the "Land of Nod" bear. Besides the principals there are a number of children who play the roles of dream sprites, pages and attendants. A feature of special interest is the music to be furnished by a well-trained chorus directed by Miss Mildred Hurd. The opera is under the direction of the primary teachers of the school.

**Greater Medford Club Meets.**—The Greater Medford club held its annual meeting for the season Monday last week. Reports of the Southern Oregon Federation were given by Mrs. Schifferlin, Mrs. Hoon, Mrs. French and Mrs. Crowe. Mr. Johnson gave vocal numbers and Mrs. Clark McCurdy gave piano solos. The club endorsed the forthcoming pageant to be held in Asiland. Mrs. Grieve and Mrs. Smith of Jacksonville and Mrs. Buchanan of the Self Culture club of Roseburg gave short talks. The retiring president, Mrs. J. F. Mundy turned over the gavel to the new president, Mrs. C. L. Schifferlin.

**Conferences Are Successful.**—Mrs. C. W. Math, president of the Oregon Congress of Mothers and Mrs. Arlene Felts, former president of the congress, are spending two weeks in an extensive tour of the eastern and southern parts of the state in the interests of the congress and of child welfare generally. Mrs. Felts will return to Portland Thursday and Mrs. Math will not be here until Sunday. The conference in Medford was unusually successful including inspiring addresses by the visiting and local women, discussions and music. Mrs. Math was the house guest of Mrs. Delroy Getchell during her stay in Medford.

**Study Club Has Luncheon.**—The Portland Study club ended its year's work yesterday with a luncheon given by the incoming officers for the retiring officers. The affair was held at 1 o'clock at the home of Mrs. W. O. Feenough, 485 East Forty-fifth street north. Covers were laid for 12 at a table decorated in silver and orange grape. Short papers were given on the following Scandinavian cities: "Stockholm," Mrs. John Feltman; "Bergen," Mrs. E. O. Seaton; "Oslo," Mrs. M. M. Brown; "Christiania," Mrs. O. D. Allen; "Reikiazik," Mrs. W. O. Feenough. Mrs. Willis Maguire, an honorary member of the club, gave some inspiring remarks. The club will resume its work the first of October.

**Mount Tabor Will Elect.**—The regular monthly meeting of the Mount Tabor Parent-Teacher association will be held in the school assembly hall Thursday at 2 o'clock. There will be a program given by the pupils, under the direction of Meses Patterson, Keating and Elton. At 3 o'clock Dr. B. W. Du Busk of the University of Oregon will talk on "The Normal and Subnormal Child." Following this address the annual election of officers will take place.

**California's Governor Says He Is Not Candidate for Progressive Nomination Unless Something Happens.**—Sacramento, Cal., May 9.—(P. N. S.)—"I am not a candidate for the Progressive nomination for president unless something unforeseen occurs, I do not expect to be a candidate, and all talk of my candidacy is without foundation." In these words Governor Hiram Johnson today placed the stamp of his disapproval upon an article in a New York paper, which declared that he might be the selection of the Progressive convention at Chicago.

**Hughes Invited to Salem.**—Salem, Or., May 9.—Benjamin Brick, in charge of arrangements for the Cherry fair, July 2 and 4, wired an invitation Monday to Justice Hughes to deliver the Fourth of July oration here.

## Grand Ronde Will Make Eagle Scream

**Big Fourth of July Celebration Being Planned: Aviation Feature Sought as the Main Attraction.**—Grand Ronde wants to get on the world map. Its people have felt a new stimulus. They are planning a big Fourth of July celebration. But their celebration this year must be different. The usual patriotic speech and concert by the silver cornet band will not be sufficient. William Melten, postmaster of Grand Ronde, is casting about now for something that will make his home town the center of attraction for the whole country side. He has written the Portland Chamber of Commerce for help. Mr. Melten would like to get track of a balloonist, parachutist or aviator to lend the modern touch this year. The Chamber of Commerce under its present organization has no aeronauts in its membership. However, it is making an effort to find one for the Grand Ronde townfolk. If St. Christofferson, Captain Berry, Watts, Finger or Art Smith cannot be billed, the chamber may ask C. C. Chapman to deliver his famous impersonation of T. DeWitt Talmage.

California's Governor Says He Is Not Candidate for Progressive Nomination Unless Something Happens.

**Manufacturers to Demonstrate Work**—Ad men are to learn about Portland manufacturers and industries. In connection with the club's luncheon tomorrow noon on the fifth floor of the Chamber of Commerce there will be exhibits by manufacturing establishments located in Portland and demonstrations of their work. J. C. English will be chairman of the day.

**Hughes Invited to Salem.**—Salem, Or., May 9.—Benjamin Brick, in charge of arrangements for the Cherry fair, July 2 and 4, wired an invitation Monday to Justice Hughes to deliver the Fourth of July oration here.

**Most Women Need AMEROIL**

The New Mineral Oil Treatment for Constipation.

Women are usually more subject to constipation than men. Neglect often leads to much suffering. Harsh cathartics are not necessary to correct this condition—in fact, they are often harmful. Nature has given mankind mineral oil to relieve this sluggish condition of the bowels.

**AMEROIL** is a highly refined, colorless, odorless and tasteless mineral oil, which acts as a lubricant, purely and simply. It softens the hardened charges and assists nature in performing her own work in her own natural way without pain or discomfort.

## IMPROVING THE HANDS

There are two methods of giving the hands enough sleep. One is to cause them to lie in the lap and rest. It may be difficult at first to control them to do this, but it can be done. And the way is to put them to sleep in a pair of leather gloves at least two sizes too large, like a pair of men's gloves. Before putting the gloves on, the hands should be coated with some good skin food. This sleep should be given the hands, not only when you are sleeping, but at any time of the day when it is convenient to do so, put the gloves on and rest the hands.

This does not mean idleness for the hands, for to be healthy one must have exercise. Hands may be exercised and improved by performing housework so long as no great strain is not given them and precautionary measures are adopted.

For instance, there is dishwashing. The prevailing idea is that to wash dishes is to destroy the beauty of the hands. This is not necessarily so and if the hands are treated properly they will be no ill effect, and, in fact, they will be beautified by such work.

Before beginning to wash dishes the hands and nails should be thoroughly washed with cold water. They can then be put in the soapy water without fear of injury. As soon as the task is finished, the hands should be carefully washed with a mild toilet soap and warm water, carefully dried, and another coat of cream applied and rubbed well into the skin. Remove any cream which remains on the surface by wiping with a soft cloth, using considerable friction.

## GRAPEFRUIT COCKTAIL

Remove pulp from sections of two grapefruit, cut pulp in small pieces, add grapefruit and the juice and pulp of three medium sized oranges. Add a tablespoonful of lemon juice and one half cup of sherry wine. Sweeten to taste. Chill and serve in cocktail glasses.

## BREAD CRUMB OMELET

1 cup dry breadcrumbs.  
1 cup cold milk.  
1 egg.  
1 tablespoon drippings—bacon is best.  
1 teaspoon salt.

Flour either with chives, parsley, onion, or with grapes or apple jelly. Put breadcrumbs in bowl, cover with cold milk and let stand 15 minutes; beat the egg until well mixed, add to the bread, and add salt and flavoring to taste; mix well. Put drippings in pan, when hot, pour in the omelet (do not have fire too hot), raise the edges to let the soft part go under and raise center, when set double over. This is exceptionally good with jelly between and around.

## HOUSEHOLD HINTS

Common mignonette grown in a pot is very disagreeable to flies.

If sandwiches are served with afternoon tea, they must be small and dainty and minus crust.

Pyrethrum powder burned in a room stupefies flies until they can be swept up and put where flies ought to be.

Before starting to can fruit, see that the tops of your fruit jars fit, and that you have a good supply of rubbers on hand.

A bit of fine mosquito netting placed under the hole in a stocking and used as a foundation for the darn, is a great help.

In washing cotton crepes and crepons, have grease stains removed with napha or gasoline before putting the crepe into water.

## YOUR TEETH

Many ailments come from bad teeth. Pus from the roots of decaying teeth is constantly being absorbed in the blood stream and acting as a poison is carried by the blood through the body until it finds lodgment in some weak spot.

Therefore, when you have a headache, earache or some other everyday

## Proper Feeding War Started by Women

**NEW YORK, February 27.**—Prominent women representing all parts of the country have been appointed members of a special committee to organize the campaign undertaken by the National Housewives' League to build up the health of the nation through proper feeding as its contribution to the preparedness movement. It was announced here tonight. Every woman's organization in the country will be urged to take up the propaganda.

allment, look first to your teeth and see if they are the source of the trouble. Have your teeth looked at every six months by a reliable dentist, but do not have a tooth extracted unless absolutely necessary, for the absence of teeth makes wrinkles.

**MESSAGE FOR NERVOUSNESS**—Light—that is, surface—massage is a good corrective for nervousness. Deep, seeking-the-bone massage, which is used for liver complaint and for obesity, is too severe for the nervous patient. Besides, so many of the nerves lie so near the skin that the region of the skin is the real seat of operations for cure. Light massage by coaxing the blood to the surface and inducing a new and stronger interflow among them feeds the nerves and strengthens them.

## Burglar Works in Junction City Store

Junction City, Or., May 9.—The general merchandise store of A. J. Kain was broken into some time Sunday night. The value of the goods taken had not been fully determined, but it is believed that the burglar was made through the floor by breaking out a glass pane and unfastening the door.
