FOR COMMISSIONER

Candidate Stands for Economy in County Business, Home Industry Patronage.

In a speech at Maplewood Friday vening, A. A. Muck, candidate for the Republican nomination for county commissioner, defined his attitude on arious questions affecting Multnomah county. On the subject of public expenditures he stated: "I realize, as all sober-minded peo-

ple must, that this is a time for retrenchment in our expenditures. We must live within our incomes and this feirs as it is in private life. The peo ple can not continue to stand the strain of heavy taxes, particularly when their incomes are curtailed as they are at the present time.

Economy Is Urged.

he initiation of any additional large public improvements to a more favorable time. I am for the very strictest economy in the conduct of county af

Mr. Muck emphasized the necessity f having cooperation and harmony in the county board, if the taxpayers money is to be expended so that every lollar will bring full value. The road department, he said, should devote more attention to the improvement of roads serving the farmers and the unleveloped parts of the county. In buy ng pavement and road machinery and supplies, as well as in purchasing other material, he favored the most open "Other things being equal," he confinued. "I will, if elected, prefer Ore-

employment of Multnomah county people in all lines of county work. Reep Work Here. "I disapprove the sending of county

work to outside cities when our own workmen and merchants can supply equally as serviceable articles at the same figures. "I favor a distribution of the work of the county commissioners, thus cen-

tralizing the responsibility. Each commissioner should be given the supervision of certain departments, subject

ARREST MAY BARE A SERIES OF ROBBERIES COVERING WIDE FIELD

Detectives Force Entrance Into House After Vigilance of Seven Hours,

Much of Stuff Admitted to Have Been Stolen, Police Say: Robert Christianson Is Under Arrest.

arrest yesterday afternoon of Robert Christianson at his home, 787 Walker street, Portsmouth When Detectives Snow, Coleman, Hellyer and Tackabery broke into the

house after having it surrounded for seven hours, expecting the appearance of Christianson, they found expensive articles of every description being used in the otherwise barren home of this stuff Christianson admitted to the police he had stolen. Robberies Are Recalled.

On implicating statements by Chrislanson, the detectives later arrested James Chamberlain, of Burrage street, Portsmouth, as an alleged accomplice. Chamberlain and Christianson are the men who repeatedly robbed Albert Gautier of McKenna street and Lompard avenue, either by holding him up or breaking into his home. The last of these robberies occurred six weeks ago when a night watchman employed by Gautier was badly shot by one of the robbers, who was surprised in his

Read What Rotten Teeth Will Cause!

CANCER

-that most loathsome and dreaded of all diseases - is in a large percentage of cases directly traceable to the mouth and defective teeth.

In an article in the New York Medical Journal, Dr. A. M. Nodine, the noted physician, states that from 9 to 26 per cent of all cancer is found on the tongue. Drs. Mayo and Monihan, cele-

brated surgeons, are authority for

the statement that "from 45 to 90 per cent, perhaps all cases of cancer of the stomach, originate at the site of ulcer of the stomach." . . Amongst the most pregnant causes of ulcer of the stomach are unmasticated foods, too much food, and the constant swallowing of the contents of a diseased and unclean mouth."

"One of the most certain measures to prevent cancer, either in the mouth or in the stomach, is sound, clean teeth. Lost teeth should be replaced with artificial substitutes, so that food may be properly chewed. . . dental defects should be corrected, decayed teeth should be treated and filled, and all unreclaimable teeth should be made smooth, sanitary and unirritating.
Diseased gums should be treated to prevent the oozing into the mouth of pus and poisonous tox-ins that are found in such foul conditions."
