

FEDERATED COUNCIL TO PROMOTE GENERAL WELFARE OF PEOPLE

Proposed Federal Incorporation Though Not Well Known Founded in 1905.

CATHOLIC UNITY IS AIM

More Efficient Cooperation in Various Religious Activities of All Churches Is Idea.

The federated council of the churches of Christ in America, for which federal incorporation was proposed in a bill introduced in the United States senate, at Washington, D. C., by Senator Underwood, of Alabama, last Wednesday, is not a new organization, but is not as well known as it should be.

Its history, nature and purposes, briefly stated, are as follows: During November, 1905, delegates representing 30 religious denominations met in New York city, to recommend a plan of federation. Another meeting was held in Philadelphia, Pa., December 2-3, 1905. Since then this council has been meeting quarterly.

Organization was effected at the 1908 meeting, being composed of 12 constituent denominations, representing an aggregate membership of 12,000,000 communicant members, including the family relations, it stands for \$5,000,000 of people. It claims no authority over the bodies which compose it, but aims to express the catholic unity and fellowship of the Christian church by uniting in work for Christ, by devotional communion, by mutual counsel, and promoting the welfare of the people in general.

Its motto has ever been, "Not to destroy, but to fulfill." Through its committees and secretaries, it seeks to organize efficient state and local federations, to secure cooperation in home missionary work, in foreign missionary work, Sunday observance, temperance, family life, education, and evangelism. The National offices of this organization are at 105 East Twenty-second street, New York.

Legion Commandery Meets at Banquet

The Loyal Legion Oregon commandery celebrated its thirty-first anniversary with a banquet at the Hotel Portland last Tuesday night. General Thomas M. Anderson, toastmaster. There were speeches made by Captain Daniel Webster of Salem, Judge Charles G. Burton, Frederick H. Whitfield, Judge Robert G. Morrow, Wallace McCamant, General Anderson gave reminiscences of the commandery, and the gathering closed with "Auld Lang Syne." The Loyal Legion of Oregon was organized August 5, 1885, at the St. Charles hotel. General Anderson is commander.

Resolutions Express Regrets

Eugene, Or., May 13.—Resolutions of regret upon the early departure of Rev. William Parsons, pastor of the Central Presbyterian church, were adopted by the church at the service last Sunday evening. The services were in the nature of a farewell for the pastor, who has served the congregation for four years. Dr. John Straub gave talk in which he expressed the sincere regret of the congregation in the pastor's leaving.

Conference to Be Held

Seattle, Wash., May 13.—A Baptist conference on evangelism will be held in Seattle May 26 and 27, under the direction of Rev. W. B. Hinson, formerly pastor of White Temple Baptist church of Portland, but now one of the departmental superintendents of evangelism for the denomination.

Revival Meetings Close

Marshfield, Or., May 13.—The revival meetings conducted by Evangelist Bruce Evans have closed and he will now start a series of meetings in North Bend. The evangelist was given a voluntary contribution here amounting to about \$400.

Parcels Post Sale Planned

Clatop Plains, Or., May 13.—The Ladies' Aid society of Clatop Plains Presbyterian church, Mrs. Alsie Campbell, president, will give a "parcel post sale" at the church today to secure funds for the purchase of a new organ for the church.

Birth Control to Be Chief Subject

Catholic Young Men's Forum to Meet Tomorrow Evening, May 18; Musical Features Are Announced.

The opening meeting of the Catholic Young Men's Forum will take place tomorrow evening at 8 o'clock at St. Francis hall, East Eleventh and Pine streets. Birth control will be discussed. Rev. E. S. Olsen, O. P. rector of Holy Rosary Parish, taking the moral and Dr. Andrew C. Smith, the medical side of the issue. The Elks Symphony orchestra will render several musical numbers.

A Euphonium solo, "Believe Me If All Those Endearing Young Chirms" will be rendered by Eugene Clouff, assisted at the piano by Miss Cary W. Houseman.

Frank Tennessy, accompanied by the orchestra will sing his famous patriotic ballad, "Don't Bite the Hand That's Feeding You."

The general public is cordially invited. Admission is free.

ORIGIN OF CULTURE OF ANCIENT WORLD WILL BE DISCUSSED

Rev. Wilhelm Petterson Will Make Address at the Y. M. C. A. Friday Evening.

Rev. Wilhelm Petterson.

Rev. Wilhelm Petterson will speak on "The Culture of the Ancient World" Friday evening, May 19, at the Y. M. C. A. hall.

He will endeavor to show the origin and development of the culture elements as they are found among the early Hamitic, Semitic and Aryan races in their oldest homes, the Nile valley, the Mesopotamian plains and the Aegean shores. He will also endeavor to have the transfusion of these primary elements of culture into the expanding and more complicated cultural life of the later inheritors.

Rev. Mr. Petterson will define culture as to its "What, Where, How and When," and will trace its development and adaptation through its various stages in the arts, literatures, the sciences and the industries of the earliest historic nations.

Particular attention will be paid to the law of permanency and of simplification, proving that the world during a period of several thousand years has seen comparatively few, though well marked, changes in the fundamentals of its cultural life.

Episcopal Deanery To Convoke Monday

The northern deanery of the Episcopal church in the diocese of Oregon will hold a convocation on Monday at St. Paul's church, Oregon City. The following program has been prepared: 7:30 a. m. Holy communion, celebrant, Rev. T. F. Bowen, vicar of the church of St. Michael and All Angels, Portland and dean of the northern deanery. 8:30, morning prayer, Rev. John D. Rice, vicar of St. John's church, Portland. 10, paper on "Unction of the Sick," Rev. C. Bertram Runnalls, rector of the Church of the Good Samaritan, Corvallis—speaker, Rev. John G. Hatton, assistant rector of St. Mark's church, Portland. Open discussion. 11, paper on "The Training of the Child in Worship," Rev. Thomas Jenkins, rector of St. David's church, Portland—speaker, Rev. J. Williams, rector of St. Paul's church, Oregon City. Discussion. 2, business session. 3, evening prayer and sermon, preacher, Very Reverend H. M. Ramsey, dean of the pro-cathedral, Portland.

Head of Stationery Department Resigns

Asbury C. Dickson, head of the stationery department of the Portland Railway Light & Power company, has resigned, effective today, to enter the law offices of Frederick V. Holman, counsel for the same company. Dickson has been with the company for four and a half years and is a graduate of the law school of the University of Oregon. A. R. McMahon of the purchasing department, succeeds Dickson in the stationery department.

Missionary Societies Meet

Eugene, Or., May 13.—The missionary societies of the United Evangelical churches of Oregon convened in the thirteenth annual session here this week. A feature of the meetings was the appearance of Mrs. Maude Madden, returned missionary from Japan, and an oratorical contest for a gold medal. The contestants were: Misses Genevieve Koepf, Loris Starr, Lynde Gardner and Frances Hemes. Delegates from all parts of Oregon were here.

Will Observe Anniversary

Woodlawn M. E. church East Tenth and Highland streets and St. Louis church, pastor, will observe its twenty-fifth anniversary May 21 and 24.

Y. M. C. A. to Hold A Fireside Social

Last Week Association Held Semi-Annual Vaudeville, Nearly 1000 People Attending—Program of 12 Numbers.

A fireside social will be given in B'nai B'rith hall tonight by the Young Men's Hebrew association. Last Sunday the association held its semi-annual vaudeville, nearly 1000 persons attending. A program of 12 numbers included gymnastic drills, dances and music. Among them were: Lewis Kuehn, Ed Stryker and Harry Cohn in athletic exhibition; Leah Schas, fancy dancing; Jerome Holzman and Sanford Sichel, songs; Dr. Emil Enna, piano; Celena Lauterstein and Maeter William Swett, song and dance; Mr. and Mrs. Hartridge Whipp; Paul Duncan Raff, cello; Venetian musical trio; Miss Abrams, reading; Konquer T. Kourtes, recitation; Mrs. Herman Politz, solo; Isaac Swett, address. Simon Cohn president.

Bible University to Hold Commencement

Eugene, Or., May 13.—The exercises of the twenty-first annual commencement of the Eugene Bible university will open tomorrow morning at 11 o'clock in the First Christian church. The commencement sermon will be given by Rev. George W. Brewster of San Francisco. The alumni and endowment conference will be held Monday, the ecumenical recital Tuesday evening, and the graduation and annual meeting of the board of trustees Wednesday.

Governor James Withycombe, President P. L. Campbell of the University of Oregon, F. T. Porter of Salem, Victor M. Fovis and Orho H. Williams have been invited to speak.

The graduates are: Classical ministerial course—Elijah Volmer Stivers, classical Biblical course—Ora Ellsworth Ames, Earl Emery Fleischmann, Willard LeRoy Hayes, Maude Estella Whipple; English ministerial course—Elizabeth Ware; Normal Bible course—Elijah Nancy Boyd.

University Asks \$40,000 Be Raised

Eugene, Or., May 13.—To raise the last \$40,000 of the \$200,000 endowment fund necessary for the Eugene Bible university guarantee in order to gain James J. Hill's proffered gift of \$50,000, Dean Sanderson of the religious training school has appealed to the business men of this city for aid. Dean Sanderson told the members of the Eugene Chamber of Commerce at a recent meeting that field workers in the business section of Oregon, Washington and California have met with success and asked that Eugene men now help.

Albany Elks Will Attend Services

Albany, Or., May 13.—In response to an invitation extended by Rev. G. H. Young, the pastor, the Albany Elks will attend services in the Baptist church at a body Sunday morning. The Elks will meet at the hall at 7:30 o'clock and march to the church in a body. The service will begin at 8 o'clock and is to be a special one in honor of the occasion.

Rev. Mr. Young has officiated at many of the Elks' ceremonies during the past year and the Elks gladly accepted his invitation to show their appreciation of his favors.

Will Stay Until September

Marshfield, Or., May 13.—Rev. H. B. Foskett, pastor of the Marshfield Baptist church, has announced that he will remain here until September, when he expects to go to Alaska as general missionary for that district. Mr. Foskett was in Eugene recently arranging for the gathering of the Umpqua Baptist association which will be held here in May. This is the first time this organization will meet on Coos Bay.

ZINC PRODUCTION IN OREGON STATE VERY PROMISING FEATURE

Southwestern Section Destined to Rival the Ozark Mountains, Says Expert.

PORTLAND AS THE CENTER

J. G. Johannes Says He Could Guarantee Enough Ores of Own to Keep a Smelter Busy.

That southwestern Oregon is destined to become as famous for its zinc production as the Ozark mountains of southern Missouri is the prediction of J. G. Johannes, a Portland man who has extensive prospects and who is now beginning active development here. He is now in northern California, where the same ore veins appear.

"If Portland were as accustomed to thinking in terms of mineralogy as it is to thinking in terms of town lots, the world's biggest smelter would be located here and Portland would be the mining center of the west," said Mr. Johannes. "I could guarantee high ore from my own prospects to more than keep a smelter busy," to say nothing of the hundreds of other mines and prospects that would furnish material from southern Oregon alone. Eastern Oregon is also extremely rich in metals. There certainly is a great opening here."

STAMP MILLS TO START

Property on Eagle Creek Will Be Opened Up.

J. A. Thronson and his son-in-law, W. D. Duncan, Baker mining men, have gone to their mining property on Eagle creek, after having spent the winter in town. They are preparing to start up their stamp mills to handle the ores from their property, which is considered one of the richest potential prospects in the state.

The big task confronting Thronson and Duncan this spring is the installation of a tramway and electrically driven ore cars from the main ore bodies to the bins. The buildings at the mine consist of the mill structure itself and a number of cabins for employes, blacksmith shop and a nine room log bungalow, which is equipped with modern conveniences.

The mine is five miles from the celebrated Cornucopia group. This portion of eastern Oregon is coming into note also as a summer resort with splendid opportunities for camping, hunting, fishing and tramping through the mountains.

"CANNEl" COAL DISCUSSED

Polk County Deposits Given a High Rating.

Outcroppings of "cannel" coal have been discovered in Polk county near Crovley station. Tests made at the Oregon Agricultural college indicate that the coal is of good quality, with suggestions of the likelihood of oil and natural gas may not be far away. Cannel coal is a variety which is rich in volatile hydrocarbons. Its chief use is for the enrichment of gas. It occurs rather sparingly in this country, though in several states. The coal has been found near the Gas Riggs farm, where a gas well has already been supplying fuel for light and cooking in the Riggs household.

MINING NOTES

To Ship Soda Soon.—First shipments of soda from the Alkali lake district through Lakeview and south over the Nevada, California & Oregon railway

are expected to begin within the next few days. The Spreckels interests of San Francisco, which control the lake, have installed small boilers at the lake for preliminary service pending construction of a larger and permanent plant. Motor trucks will haul the soda to the railroad.

To Distribute Coal.—The Libby Coal company of Coos county is arranging to distribute coal in the Willamette valley with the opening of the new Willamette Pacific railway to freight traffic in July. C. C. Thompson, sales manager of the mining company, has started out to establish agencies at Eugene and other distributing points. The coal hitherto has found its market almost exclusively in San Francisco.

Baker Becoming Mecca.—Baker has become the Mecca of miners in eastern Oregon, that city being the outfitting point. It is reported that the available supply of laborers has been almost exhausted, a recent order for 25 men for outside work at the Union Company in the Cornucopia district being only 20 men.

Ore Values High.—Seventy-three ounces of gold were carried to the bank at Grants Pass recently by H. G. Sisk-ton, who says it came from a run of 12½ tons of ore from the January First mine. He said the gold values ran as high as \$120 per ton.

Matrimony Termed Great Crime Cure

Hastings, Mich., May 13.—Judge Frank P. Sadler of Chicago, in lecture here today, said: "Matrimony is the greatest crime cure." He declared cabarets and "loneliness" were influential in making criminals in Chicago.

PROFITS IN MINING ARE INCREASING IN SEVERAL DIRECTIONS

Gain Due in Part to Improvement in Means of Extracting Precious Metals.

COPPER OUTLOOK IS GOOD

Organization of More Companies on Sound Financial Basis Is Urged by Director H. M. Parks.

Profits in mining are increasing from year to year, partly because of the increase in the number of mines and partly because processes of extracting minerals from ores are being continually made more perfect and economical. H. M. Parks, director of the Oregon Bureau of Mines and Geology, made this statement before the members' council of the Chamber of Commerce at its weekly luncheon last week, adding that Oregon itself is rapidly coming to the front as a mining state.

As an example of the money to be made in mining under scientific management, Professor Parks pointed to the Union Companion mine in the Cornucopia district of eastern Oregon, which, he said, last year paid in div-

dends more than the whole investment to date.

Professor Parks made a plea for the organization of more mining companies on sound financial basis for the intelligent development of the enormous resources of this state. He said the copper of southern Oregon is destined to take rank with the world's best, both in quantity and quality. He said the whole mountain region is full of metals and minerals of all kinds.

But, in spite of these facts, it is hard to interest Oregon people in the possibilities and investors are coming from afar to take up problems that people here at home are underestimating or overlooking entirely.

Professor Parks gave some statistics showing that the United States produces 40 per cent of the world's output of coal; 6 per cent of the petroleum; 40 per cent of the iron, 60 per cent of the copper and 32 per cent of the lead and zinc. He said that, while the agricultural and lumbering industries supply but 22 per cent of the nation's freight tonnage, the mining industry furnishes 60 per cent. The mineral industry furnishes employment for 2,300,000 men, while agriculture employs 13,000,000 men. Comparison of these figures shows that the product per capita of employes is larger in the mining industry than in agriculture.

It is probable that the members' council will consider the mining proposition again at a later meeting.

Religious Council Formed at Eugene

University of Oregon, Eugene, Or., May 13.—Organization of an interdenominational religious council was effected at a recent meeting of townspeople, faculty and students. The purpose of the council as given in the constitution adopted are: First, to conduct a university Bible study campaign

Cheerful Burglar Says, "Back Again"

Sells' Drug Store in Chicago Robbed Four Times, Total Loss in Money Being \$1000.

Chicago, May 13.—It doesn't mean anything to Charles G. Sells that his drug store at 5300 Blackstone avenue is but two blocks away from the Hyde Park police station. For the store has been robbed four times in a little over three months, and the total loss is \$996, three ounces of morphine, some cocaine and 2500 tablets containing morphine.

The last time the robber appeared at the store he announced, "Well, you see I'm back," as he drew his revolver, lined up Frank Nelson, the prescription clerk; Lawrence Haines, 16 years old, assistant clerk, and an 8-year-old newsboy, and left with \$173 and an ounce of morphine.

The police believe the man a drug addict—possibly a rick man who takes money only as a hind.

Bills Were Genuine

New York, May 13.—Several sophisticated and naive New Yorkers were crestfallen over the fact that they were too "wise" to buy \$10 bills when they were offered at a street corner for \$1. James Crede of Jacksonville, Fla., was the philanthropist. Crede was arrested and in court it was proved the bills he offered were genuine.

—but here it is —the ideal car —at the ideal price

Things that were impossible yesterday are today's accomplished facts.

Somewhere in the world someone with special knowledge, special experience, special equipment, gets ready and then startles the world by accomplishing the seemingly impossible.

Almost everyone said that a complete automobile of beautiful design, fine finish, the ideal small, light, economical car, built with quality materials and absolutely completely equipped, could not be built to sell for \$615.

And but for Overland special knowledge, special experience and special equipment, it probably would still be one of the impossibilities instead of an accomplished fact.

Probably no other organization in the world can produce the quality and efficiency equal of this car to sell at anywhere near so low a price.

Certain it is that no other organization is doing so.
