

ESTIVAL TIME NEAR WITH BIG PROGRAMS SHAPING INTO FORM Many Events Featured for Three-Day Rose Fiesta and Highway Dedication. JUNE 7 IS OPENING DAY

Cost One Lockwood Just Ten Cents to Run for President Salem, Or., May 16.—(U. P.) It cost Charles E. Lockwood of Portland 10 cents to run for president of the United States, according to his official statement of expenditures and contributions on file in the secretary of state's office.

Here is his expense account: April 15—Wanted two-cent stamp trying to get support of the editor of a Portland newspaper.92 April 18—Used two-cent stamp replying to Seattle newspaper's request for picture and life sketch.92 April 19—Spent two cents for stamp on letter to John Kendrick Bangs, humorist, enlisting his support as a spellbinder in my behalf.92 April 20—Received from Al Lambert voluntary contribution for campaign fund.10 Total expenditures.10 Receipts and contributions: April 22—Received from Al Lambert voluntary contribution for campaign fund.10 Balance.Nothing

ing comes the military, fraternal and civic pageant. The Rose Festival auxiliary, to have charge of this feature, is desirous of securing names of all fraternal bodies to enter floats. The official report has not been received at headquarters and this will be necessary to complete the formation. In the afternoon comes the first annual Rose Festival regatta in cooperation with the Oregon Yacht club and the Portland Motor Boat club. Two hours will be devoted to races, the first to be under the bridges, where thousands of people will have an opportunity to witness the exhibition. Chinese residents of Portland will give a pageant in one of the park blocks south of the festival center the same afternoon.

FIVE CITY FIREMEN ARE SUSPENDED FOR BALKING AT CLEANUP Men Who Had Refused to Aid Recent Campaign Given Rebuke by Mayor Albee.

Five members of fire engine company No. 3, at Sixteenth and Washington streets, who refused to assist other firemen in the recent cleanup campaign by removing debris from a vacant lot adjoining the fire station, were yesterday suspended for 15 days and given a public rebuke by Mayor Albee. Those suspended are Archie McMartin, J. Lyons, L. E. Dudley, J. N. Jepson and G. A. Oster. The suspensions date from Friday morning when they were laid off by Captain Haynes. The men will receive no pay during the 15 days and their places will be taken by substitute firemen. "The refusal of the men to do the work was a violation of the rules and a decidedly antagonistic spirit for them to have shown in a campaign which has meant so much to the city," said Mayor Albee. "I cannot understand the attitude of the men, particularly after the firemen of other stations not only volunteered to do cleanup work but look after unsightly places themselves and did the work at their own expense. The spirit is bad and the men deserve the punishment meted out to them."

Finley Reappointed On Advisory Board

State Biologist to Continue Service as Member of Federal Body on Migratory Birds. State Biologist William L. Finley has received notice of his reappointment as a member of the federal advisory board on migratory birds, the appointment having been made by David F. Houston, secretary of agriculture. The board held a preliminary meeting at New York city a few days ago, but Mr. Finley was unable to attend it. The migratory bird law has been put up to the supreme court of the United States for confirmation, but the court reached no decision, in effect resubmitting it with a request for more data. Final decision is not now expected until after the ratification of a treaty with Canada to guarantee protection both in the breeding places in the far north and in the places in the United States where the birds spend their time after breeding. Mr. Finley says this procedure is the only effective protection, as some of the birds breed exclusively in the Arctic and fly thousands of miles. Protection in one locality without protection in the other would be largely wasted effort. It is probable that the treaty will be ratified in both countries sometime during the summer or early autumn.

Permanent Relief for Chronic Constipation Knowledge and Practice of Correct Daily Habit the Great Essential.

Constipation is a condition affecting all classes of people and can be permanently relieved only by acquiring habits of regularity. The most natural time for the eliminative process is in the morning when both the muscular and nervous systems are relaxed by sleep and rest. When relief does not come readily, it is an excellent plan to take a mild laxative at bedtime. Ataractics and purgatives, which do not disturb the system, should not be employed. An effective laxative remedy that is very dependable, and which does not grip or otherwise disturb the organs involved, is found in a combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin that can be bought at the drug store for fifty cents a bottle.

MRS. C. C. ALLEN Get a bottle of Dr. Caldwell's Syrup Pepsin and keep it in the house to use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

Highway Delights George L. Hutchin Former Manager of Portland Rose Festival Will Carry Good Word Back to Los Angeles.

"I am going back to Los Angeles to tell California they will never know what a real boulevard is until they traverse the Columbia river highway," said George L. Hutchin, former manager of the Rose Festival, and now engaged in motion picture production, this morning as Mr. Hutchin is spending a few days in Portland. "What God hath wrought" was the thought in my mind as we passed through that wonderful region," continued Mr. Hutchin. "Some big things have been done in California, but they are man-made, while in the Gorge of the Columbia God had completed the work, all except the beautiful pathway that has been built to let the world see. "If the crowning of the queen at Multnomah Falls is properly staged, motion picture concerns all over the country will be eager to get it and the best in the other world country will show it to millions of people," he predicted. He submitted a suggestion himself. He would have an Indian chief impersonating the spirit of the old Multnomah tribe. At this command the spirits of the forest would be summoned out from among the trees.

Committees Named To Boost for Park Marquam gulch is to be made into a park and playground by the combined efforts of South Portland residents of the park commission and the city proper can bring it about. This sentiment was so strong at last night's mass meeting at the Shattuck school that three committees were authorized—one to keep the subject alive before the public, one to recruit the membership of the South Portland Improvement association and one to arrange subsequent meetings. The People's Institute has rallied to the movement, a letter signed by the board of directors having been read at the meeting, urging the beautification of the gulch and the fulfillment of the long-deferred plans of the park board. The membership committee is composed of George Mayer, I. L. Sehlitz, A. G. Wright, Frank Joseph, John Schelland, L. Layton and S. D. Christoforo. The program committee is composed of A. Rosenstein, Mrs. J. F. Kelly and Mrs. F. L. Benedict. The next meeting will be held Monday night.

Man Is Located by Means of Journal S. E. Emerson of Corvallis who disappeared from his home May 2, was located last week by Chief of Police Wells of Corvallis by means of an article published in The Oregon Journal. Emerson was found on a farm east of Harrisburg. He had wandered away from Corvallis.

Dies at College Place. Walla Walla, Wash., May 16.—Mrs. Mary J. Baker, aged 89 years, a resident of Copperfield, Or., died at College Place, a suburb of Walla Walla, Sunday. The funeral was at 10 o'clock yesterday morning, burial being in a local cemetery.
