Chat No. 10

VOU will be enthusiastic in your praise of the musical program now being given twice daily in the park auditorium by the Ladies' Columbian Orchestra. The numbers offered are entertaining to those whose taste leans to the classical as well as to devotees of popular and ragtime selections. The engagement of the orchestra has proven to be a decided success, with an ever-gaining appro ciation of audiences for the quality of their playing.

Miss Harriet Leach and Miss Gertrude Hoeber have been gaining successes at every performance. With pleasing individuality their solo numbers identify the week's program as one long to be remembered by early season visitors at the park.

The carpenters have finished laying the new maple floors in the skating rink, and now the polishing process is under way. In a few days we will announce the opening of this attraction, which has maintained its place well at the top with those diversions most sought by those who realize the healthful exercise obtained in roller skating under ideal conditions.

We are now closing dates for many large picnics to be held at The Oaks by prominent clubs, societies and fraternal organizations. New booths and rustic bowers have been added to the equipment, which, with the enlarged kitchenette, assure an outing of unusual attractiveness.

The new mammoth bathhouse is nearing completion. Soon Port-landers will be introduced to the finest bathing arrangements to be found at any beach or resort on the Pacific Coast. JOHN F. CORDRAY.
