

SECRETARY OF STATE OLCOTT RAN WELL IN BAILWICK OF ENEMY

Count Shows He Carried Governor Withycombe's Home Precinct by 64 to 57 Vote.

WAS SUCCESSFUL IN BEND

Every Precinct in the City Went for Olcott Despite Private Secretary Putnam's Newspaper.

Salem, Or., May 23.—Secretary of State Olcott carried his own precinct and 19 of the 20 precincts of Salem for renomination. Olcott's own precinct is the former home of his opponent, Charles B. Moore, and the present residence of relatives of Moore who were actively interested in Moore's nomination. Olcott's vote was 149 to 136 in the precinct.

Olcott carried every precinct in Bend, the home of George Palmer Putnam, secretary of Governor Withycombe. Putnam interested himself actively in behalf of Moore and used his newspaper at Bend as a weapon against Olcott.

Word came from Corvallis that Olcott had also carried Governor Withycombe's home precinct there by a vote of 64 to 57.

noon. The dividend just declared totals \$229.57. Some property remains to be sold and the amount of the next dividend depends upon what it brings. Dividends of 60 and 20 per cent had been declared previous to the one announced Monday.

Berliners Are Now Without Sausages

Prussia to Have Absolute Dictatorship Over the Entire Empire in the Handling and Distribution of Food.

Rotterdam, May 23.—(I. N. S.)—The new German plan of food distribution by the government means absolute dictatorship from Prussia over the whole empire.

There is strong opposition in the other federal states, but this will be borne down. The federal states will have nothing to say as the institution and constitution of the new authority is entirely in the hands of the imperial chancellor.

Hitherto the various states have retained to themselves the administration of foodstuffs within their borders as a closely cherished constitutional right. They are now asked to give it up until the end of the war.

At present some of the other states are much better off in regard to food than Prussia. In the meantime Berlin things are going from bad to worse. Fresh meat has been almost unobtainable, and for some days the capital has been without any sausage.

GENERAL C. F. BEEBE TO BE GRAND MARSHAL OF PREPAREDNESS DAY

Mammoth Parade Will Be Viewed by City and State Officials June 3.

General Charles F. Beebe was chosen last night as grand marshal of the mammoth preparedness parade to be held in Portland, and simultaneously in scores of other cities throughout the United States, on Saturday, June 3.

The reviewing officers will be Mayor Albee and the city commissioners, Governor Withycombe and staff, General T. M. Anderson and Brigadier General James Jackson, representing the United States navy yet to be selected. It is probable that cruisers of the Pacific fleet will be in Portland harbor for the Rose Festival at the time and the senior officer will be requested to serve. The parade will start at 7 o'clock in the evening.

Invitation to Be Issued.

It was decided by the committee, which met in Judge Gutenberg's court room, to invite participation by outside towns through the medium of the newspapers, the idea being to make as strong a showing as possible in favor of preparedness for national defense. Any outside organizations desiring to join in the parade are requested to communicate with Grand Marshal Beebe, addressing him at 612 Oregon building.

Will Urge Participation.

Roy W. Keel, department commander of the Spanish war veterans, was named chairman of a committee which will urge participation by all fraternal and civic organizations of the city. Adjutant General White was delegated to look after the militia. Colonel H. G. Cabell and Jacob Kandler are to interview the business institutions and big employers of Portland. Robert Krohn will take care of the schools' end.

Mayor Albee yesterday telegraphed his consent that his name be signed to the general call being issued by a Chicago committee asking all towns and cities in the United States to parade for preparedness on June 3.

WILLIAM O. MARREN ON TRIAL AT PENDLETON FOR PHILLIPS' DEATH

Spokane Boy Shot in Room of Defendant, Where He Had Gone to Get a Drink.

Pendleton, Or., May 23.—The trial of William O. "Whitey" Marren for second degree murder in connection with the death of Wendell Phillips several months ago, was begun Monday and will probably be completed today. Phillips, a young man from Spokane, was shot through the leg early on the morning of January 31 in Marren's room and died two days later.

In the room at the time were Marren and Dee Matlock. Phillips, before dying, made a statement in which he declared Marren had secured a gun and pointed it at his throat, that he had grabbed the gun and forced the barrel down just as he fired. This, his brother testified to Monday. Testimony of a woman rooming next door was that Marren had been threatening for some time to shoot Phillips before the shot was fired. Phillips had gone to the room to get a drink, it was testified, and the quarrel had promptly ensued. The defense is claiming that the shooting was entirely accidental.

Los Angeles Sets Date.

Los Angeles, May 23.—(I. N. S.)—Mayor Sebastian announced today that the Los Angeles preparedness parade may be held on the evening of June 10 instead of during the day. Under this arrangement the demonstration would be in a great degree electrical.

Motor Boats Enrolled.

New York, May 23.—(I. N. S.)—Plans for assembling and enrolling the motor boats of the local coast for preparedness who desire to study naval warfare under the tutelage of Uncle Sam's sea fighters, were announced following the meeting of a committee in charge at the Harvard club.

The boats will be inspected by naval officers and a week's training will be arranged in connection with the Atlantic fleet maneuvers in August.

Western Fuel Men Denied Rehearings

Only Thing Which Can Save Convicted Officials Now Is Reversal by Supreme Court of United States.

San Francisco, May 23.—(P. N. S.)—The United States circuit court of appeals has denied a petition for a rehearing in behalf of the convicted officials of the Western Fuel company. Only an appeal to the United States supreme court can save the officials from jail.

The convicted men and their sentences are: James B. Smith, vice president and general manager, 18 months in San Quentin and \$5000 fine.

Frank C. Mills, superintendent, 18 months in San Quentin.

H. Mayer, chief weigher, one year county jail.

They were convicted of defrauding the government of customs duties by falsely weighing coal.

Crosses Continent Walking Backward

Patrick Harmon, Pedestrian, Wins \$5000 by Reaching New York City Hall From San Francisco in 239 Days

New York, May 23.—(I. N. S.)—Patrick Harmon, pedestrian, backed up to the city hall yesterday. He had walked backwards all the way across the continent from San Francisco. The trip was made in 239 days, 21 days less than the period allotted for the feat. The hiker was accompanied by W. A. Baltazor, who walked the regular way to see that Harmon did not "fudge" on his promise.

In order to see his way Harmon had a mirror strapped to him. Last August two clubmen in San Francisco laid a bet of \$20,000. One claimed that a man could walk to New York backwards, the other that he could not. Harmon was picked for the trip and today won \$5000 of the wager by beating the time limit.

Bondholders Fight Over Price of Road

Majority Want to Bid in Western Pacific at \$15,000,000 While Others Hold Out for \$40,000,000.

San Francisco, May 23.—(U. P.)—Federal Judge Dooley Monday began hearing the motion for a decree of sale in the Western Pacific foreclosure proceedings. Dooley replaced Judge Van Fleet, who withdrew voluntarily. Judge Dooley must decide whether a price should be set for the property and what it shall be.

Majority bondholders claim the price should be \$15,000,000, while the minority bondholders want \$40,000,000. It is expected the proceedings will last two days.

The majority bondholders want to buy in the road at a low figure if possible. Testimony regarding the road's value will be given by Joseph H. Young, president of the Norfolk and Western railroad, summoned from the east for that purpose.

More Marines Go to Santo Domingo City

Washington, May 23.—(I. N. S.)—Admiral Caperton cabled the navy department Monday that additional marines and artillery were en route to Santo Domingo city today from Cape Haitien on the gunboat Panther. Two thousand American marines will be stationed at Santo Domingo when those en route on the Panther arrive.

TODAY'S BEAUTY HINT

It is not necessary to shampoo quite so frequently if your hair is properly cleansed each time by use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers may be prepared very cheaply by dissolving a teaspoonful of canthox, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick lather, soothing and cooling in its action, as well as being beneficial to scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy. (Adv.)

Lieut. Bryan, a U.
