'PREPARE,' 'PREPARE' GENERAL WOOD'S PLEA

Army Man Declares That Our Sense of Security Is Not Well Founded.

sults the perils threatened by a continuation of this policy, and presentation of what he declares is a prace tical plan to meet our present and future needs.

In a foreword, General Wood says: "Panic patriotism appears from time to time when the clouds of possible trouble foom up heavier than usual There is much discussion, some feverish activity, but little accomplish-Adequate national preparedness on

sound lines will be secured only when there is general appreciation of its vital importance for defense and of the further fact that it can not be improvised nor done in a hurry. includes both moral and material orcindes preparation on land and sea,

should go hand in bond with a nation's policy. Our policy is not one of aggression, but one which looks only to a secure defense. Consequently the arrangements for our mile ttary establishment should be limited to the needs of a secure and national defense force which may be brought

'A brief review of our past milltary policy, its shortcomings and cost, nay aid in establishing an appreciation of our needs."

General Wood uses passages from the papers of the early presidents of the United States, showing a general letermination to defend for the protection of hard-earned rights and privileges. Coming down to more mode ern times the author explains wherein the national feeling of security be-cause of geographical location, and cause of geographical location, patriotism in times of stress, is based Nolen, ed.—City Pianning. Ogilby—Britannia Depicta or Ogilby Improved. on a wrong premise. His thought in that no matter how willing the American people may be to defend their Rasmussen—Dictionary of Footwear, Sachs—Real-lexikon der Musikinland from a foreign foe, their will-ingness will not avail against the trained soldiery of a foreign foe, General Wood staces the case for the army in a clear, direct manner.
