

CALIFORNIA BLUFF OF FRUIT INFORMATION TO BE CALLED

SCRAMBLE FOR THE DAIRY PRODUCT IS CAUSE OF STRENGTH

Country Butter Demand Is Unusually Brisk, With Prices Abnormal—Creamery Situation Is Also Good—East Is a Buyer.

The great scramble for dairy butter recently, which has forced values here to the highest point in years, has been caused by the very liberal demand from outside points. Within a few days the price of this product, within a few days of the price of the very best creamery butter has been paid for the dairy product, a condition most unusual.

In this great scramble for the dairy product, butter interests here profess to see a continuation of extreme values for the creamery product.

The fact is that despite the nearness of the "flush" time of the year, a mere fraction of the extreme levels. This same condition is shown in practically all American market centers, indicating that the season is late everywhere and that the outlook for cheap butter is practically nil.

The price of butter has been unusually high in the eastern and middle west markets, a fact, an unusual supply of Pacific coast butter has been sent east this season. Below the present price here the surplus of butter coming from the east, therefore, the outlook is seemingly for steady values within the immediate future.

CALIFORNIA CAULIFLOWER IN

Small shipments of California cauliflower are reported in by the local trade. Sales are shown at \$1.25 to \$1.50 per head. These cauliflowers are from 12 to 15 head generally.

SMALL SHIPMENT PEACHES

A small shipment of peaches from California, the first real good stuff from there this season, has been made in the local trade. The stock was of the Alexander variety and was quoted at \$2.25 a crate of four bushels.

CANTALOUPE REMAIN HIGH

A carload of mixed cantaloupes and tomatoes came in from the south during the day. The cantaloupes were of the "Crimson Sweet" variety and the quality was excellent, sales were slow. Tomatoes were green.

CANNED PINEAPPLE RISES

A further general rise is showing in the price of canned pineapple. One leading packer has withdrawn prices on 24 but has advanced quotations on 24s sliced about 10 per cent.

CANNED SALMON SELLING

Since opening prices were announced at last week's prices, the market for canned salmon has been very active. The market is now higher, there has been a noticeable increase of orders from the east and south.

BRIEF NOTES OF THE TRADE

Green and wax beans lower at the pound. Trainload of bananas left Billings Sunday morning, due here Wednesday. Peas are firmer and higher with limited supplies. Carload Florida tomatoes in; selling at \$5 for repacked. Chicken market shows signs of weakness at start of trading.

SHIPPERS' WEATHER NOTICE

Weather bureau advises: Protect shipments during the next 48 hours for north as Seattle against minimum temperature.

Strawberries Come In a Better Supply

Market Is Slightly Lower, With Small Increase in Offerings Along Street.

Strawberry receipts from Willamette valley points were somewhat more liberal in the local wholesale trade for the day. There was also an improvement in the quality of offerings. At the start of the day's trading some of the extra good stuff was quoted as high as \$3 in a limited way but for ordinary quality the market in general ruled around \$2.50 with a sprinkling of business at \$2.75 and some poor stuff below the lower price.

While receipts of berries are still comparatively small, considering the lateness of the season, the extreme price demanded here has curtailed the demand. For that reason it does not take a very liberal supply to affect the price on the downward course. Weather conditions are a factor against the prices as well as the supply.

Strawberries have been coming from Columbia river sections is not really as good looking stuff as the local growth.

DAIRY EXCHANGE SALES

Except in creamery butter trading on the exchange was light today, and even in this product, the usual activity was lacking. Attendance of members was good, but no active buying or selling was manifested. Sales were:

BUTTER.
