

**MORE CONFIDENCE
PORTLAND'S NEED
ASSERTS A. HOLTZ**

Former Local Merchant Urges
Creation of Payrolls as So-
lution of Problem.

CONDITIONS IN THE EAST

Cleveland and Detroit Shining Spots in
Industrial Part of United
States, He Says.

"Portland never looked so well before. Everybody and everything appear to be alive. While there is that year metropolitan atmosphere, there is one thing wrong with the town and that is lack of confidence. This lack of confidence seems to extend to all lines of business. More efforts to create payrolls and fewer efforts to pass laws curbing industries would work wonders."

This is what A. Holtz, a resident of Portland for 16 years and formerly head of the Holtz department store of this city, says. Mr. Holtz is now merchandising head of the May department store combination with headquarters in Cleveland, Ohio. The May department store combination is one of the largest department store concerns in the country, having its principal stores in Cleveland, Akron, St. Louis and Denver.

To Remain Two Weeks.

Mr. Holtz has been away from Portland for two years, but returned here last Thursday. He expects to remain for two weeks.

"One industry which would greatly benefit Portland and which could be established to handle Oregon products," said Mr. Holtz this morning, "is the manufacture of wooden wares. A plant here could make wooden swings, lawn settees, wooden wagons for children, doll furniture and all sorts of suitable things of wood."

"At present such wooden wares are being made in Pennsylvania, Maine and Michigan, yet Oregon has timber available for the purpose. I see no reason why such an industry would not prove profitable."

"Cleveland and Detroit are two of the shining spots in the country. Many people have an erroneous idea that the reason for the prosperity in the east is the manufacture of munitions. The manufacture of munitions, it is true, has given business confidence, but in Cleveland and especially the prosperity is due to the factories."

Factories Are Busy.

"Lathes and machines by the thousands for use in the making of munitions are being manufactured. Then there are the automobile factories. Cleveland has nine factories and they are working 24 hours a day. In Akron, just a few miles from Cleveland, there are 65,000 employed in the tire factories. The prosperity is reflected in all classes."

"In Cleveland alone the prosperity has created 100 millionaires."

Mr. Holtz also lauds the street car system in Cleveland and says that if street car systems in other cities were handled in the same manner investors would be safeguarded and the public would benefit.

**Editorial Rooms
Beautified by Roses**

Roses beautify The Journal editorial rooms today, owing to the visit of Mrs. R. E. Thomas of Fulton, who, in behalf of her husband, one of Portland's many enthusiastic rose gardeners, presented the staff with a lovely basket of choicest flowers from their home garden. Mr. Thomas takes great pride in his little garden and his hours of hard work after business in the evening are attested in the splendid healthy state of the roses and their vigorous growth. There were clusters of snow white "Fran Karl Druschki" with delicate touches of pink on the outer leaves, brilliant red cup shaped "Ulrich Brunner" so like the famous American Beauty type, a few choice "Lady Battersby" a fragrant bunch of old fashioned white moss roses, the deep red and very fragrant "Duchess" and in the pink a huge bouquet of long stemmed "Caroline Testout" and a few "La France."

**Cruiser Will Be
'Torpedoed' Tonight**

Shells Will Burst in River Scene at
Oaks in Honor of Queen Muriel and
Her Court.

Torpedoed in midstream, a battle cruiser firing salvos of lyddite shells will burst into flame and finally be extinguished by the Fireboat David Campbell off the Oaks tonight in honor of Queen Muriel and her court. This opening night celebration will be the most pretentious fireworks display ever attempted in Portland. The program arranged includes many of the most spectacular effects produced at the recent Panama-Pacific exposition.

The arrival of the royal car at the park will be announced by the firing of a salute. When Queen Muriel ascends the special throne on the river esplanade a Montgolfier balloon will be sent up. The balloon will carry aloft trails of special shells which strike vivid sheet lightning at short intervals.

Twenty-five large rockets, fired simultaneously, ascending to a height of 500 feet will break into brilliant comets.

A terrific detonation will accompany the launching of a 15-inch boomerang shell. Comedy pieces will be displayed. From around the south end of the river, a battle of shells will appear steaming slowly. Suddenly cannonading will begin from broadsides and turrets. When immediately in front of the queen's seat, a submarine will be humiliated in the water. A torpedo will shoot out to the cruiser striking amidships and causing an ear splitting explosion. Decks, guns, turrets, and masts will be demolished in the flames.

**Osteopaths to Hold
The Annual Session**

**Fifteenth Annual Meeting Will Be
Conducted Friday and Saturday—Ad-
dresses to Be Given.**

The fifteenth annual meeting of the Oregon Osteopathic association will be held next Friday and Saturday in the assembly hall of the Morgan building. The program for the meeting, which will call the meeting to order at 1:30 p. m., and the rest of the afternoon will be devoted to clinics, demonstrations in technique and laboratory work. In the evening session Dr. V. V. Leweaux will give a paper on "Psychosis," which will be followed by a general discussion. Dr. C. A. Pengra will also conduct a question box.

The program Saturday will be as follows: "Osteopathic Treatment of Flat Foot," Dr. D. D. Young of McMinnville; discussion by Dr. H. L. Barrett, "Anesthesia During Labor," by Dr. R. B. Northrup, discussion by Dr. H. A. Bashor; "Etiology and Preventive Treatment of Cancer," by Dr. L. H. Howland, discussion by Dr. J. A. Van Brakle; "Influenza," by Dr. W. W. Howard of Medford, discussion by Dr. E. S. Walker; "Physical Examination and Diagnosis," by Dr. R. W. Walton of Salem, discussion by Dr. A. P. Howells; "Anesthesia During Labor," by Dr. J. H. Styles, discussion by Dr. Mary Giles; "Insomniacs," by Dr. Gertrude Gates, discussion by Dr. H. P. Bloxham.

Luncheon, as usual, will be provided by the city association, and after the program on Saturday the election of officers and other business will take place.

There are no jitneys in Cleveland, he said. "With the street car fares at 3 cents, the jitneys do not seem to prosper. In this city, as I understand it, with the street car company hampered by any large concern in Portland, he came here in 1899 and is said to be responsible for the large amount of department store advertising. Before establishing the Holtz store here he was an executive in the Meier & Frank company."

Last Thursday Mr. Holtz made a trip over the Columbia river highway and was very much impressed with the scenic beauty. The Berger-Jones pic-

Japanese Paper Hints Due to Poison,
and Press Asks Government to Pre-
pare for Chaos in China.

Tokyo, June 7.—(I. N. S.)—Yuan Shi Kai, president of China, who died at Peking yesterday, succumbed to nephritis, according to reports received here today. Before his death he consulted many foreign doctors, and then, not finding relief, went back to a treatment of Chinese herbs.

The Tokio Nichi Nichi hints that death may have been due to poison. The Japanese press anticipates chaos in China, following the death of Yuan Shi Kai, and asks the government to prepare to act decisively.

ial Writer Still at Liberty.**

Los Angeles, June 7.—(P. N. S.)—Enrique and Ricardo Magon, convicted of inciting murder and riot in the columns of their Mexican paper, El Regeneracion, will be sentenced Monday unless a new trial is granted. W. C. Owen, an editorial writer under indictment, is still at liberty. The Magons have been convicted before of violations of neutrality.

**Strikers Clash With
River Steamer Crew**

Bert Osborn, 21, Marine Fireman, Ar-
rested as Result of Attack on Crew
of the Joseph Kellogg.

Bert Osborn, 21, a marine fireman, was arrested early last night as a result of an attack made by strikers on a number of the crew of the steamer Joseph Kellogg, at the municipal dock at the foot of East Washington street. But few blows had been exchanged between the men when Patrolman Stone appeared on the scene, the strikers beating a retreat, with the exception of Osborn, who has been charged with disorderly conduct. None of the combatants was injured.

**Birch Creek Ranch
Of 2240 Acres Sold**

Pendleton, Or., June 7.—The Douglas Helms sheep ranch on Birch creek, consisting of 2240 acres, together with 20,000 head of sheep and equipment, sold today to George J. Curran & Son, of Heppner, for a cash consideration of between \$30,000 and \$35,000. Curran is county commissioner of Morrow county. His son will take charge of the ranch.

**Firemen Need More
Roses for Parade**

The members of the fire bureau want roses and other flowers today. They will be used in decorating apparatus to be placed in the Rose Festival parade tomorrow. Fire Chief Dowell asks that the fire bureau be notified at once of the intention to give flowers for use in the apparatus.

UGLY "RECORDS" BARED

Campaign of Misrepresentation Said to
Have Been Responsible for Defeat
of Candidates for Nomination.

Postmortem aspects of the late primary election were discussed at length and with much strength yesterday afternoon before the Women's Political Science Club by two Republican candidates who met defeat at the polls.

John B. Coffey, present county clerk and candidate before the primaries for renomination, did the most explaining. He laid his downfall to the machinations of four men, Elmer L. Amidon, John L. Day, A. A. Bailey and Herman Schneider. Taking each in turn, he quoted liberally from "the records" to show the reason for their opposition.

Refused to Sublet "Pie."

Amidon and Day, he said, had demanded of him that he discharge 14 employees of the county clerk's office, that they might name 14 persons to succeed them. When Coffey refused to sanction such a grab of the county patronage, he said they went forth with knives out, and with what Coffey termed "lies," to work his undoing.

**Adventists Elect
Officers for Year**

Western Oregon Conference of Denomi-
nation Held on Camp Grounds at An-
nel Station Yesterday.

Officers of the Seventh Day Advent-
ists were elected yesterday at the
western Oregon conference of the de-
nomination held on the camp grounds
at Annel station. Those elected were:
H. W. Cottrell, president; H. G.
Thurston, vice-president; E. N. Catlin,
secretary; C. E. Olcott, treasurer; H.
W. Cottrell, H. G. Thurston, E. N. Catlin,
C. E. Olcott, W. C. Emmerson, J.
H. Hansen and William Keith, confer-
ence committee.

C. E. Olcott, treasurer, reported that
\$52,319 was raised from a membership
of 229 last year. Attendance at the
public meetings is very large.

Among the new toys is a jumping
jack in which four figures rise instead

out the United States along with the
"bid" of the Portland Shriners.

The Al Kader will gather Sunday
morning at 9 a. m. at the local shrine.
All those who have automobiles will
bring them and all those who have none
will find seats in those of the others.
Wives will be left at home, as the
Shriners will appear in their fea.

The first pictures taken will be of
the city, through which the 300 nobles
will pass. Then an occasional glimpse
of the residential part of the city and
finally the interesting part of the
Columbia highway. At such places as
Multnomah Falls, the drill teams will
pass through a few evolutions.

Berger Will Assist.

Berger, of Berger-Jones fame, has
been pulled into the plot and will
bring out the color beauties of the
situation. He will make a good many
negatives which will supplement the
collection of films.

Enough matter will be taken and
put together to make an evening's en-
tertainment of the kind that will be
of absorbing interest wherever shown
and will put Portland's plea and case
before the Shriners better than any
thing else could possibly do.

These pictures will also be shown
at the Imperial council at Buffalo for
the purpose of advertising Portland
and attracting attention as a con-
clave city.

The committee which has charge of
this work is composed of the following:
A. W. Orton, W. J. Hofmann,
P. S. Grant, J. E. Martin, A. L. Ste-
phens, Roy Eike, J. O. Freck, C. H.
Furlay, A. T. Bonney and C. M. Men-
