PORTLAND, OREGON, SUNDAY MORNING, JUNE 18, 1916.

# HISSES AND JEERS DO NOT MAKE MALEASON FAVOR HOME CROWDS

That's Reason the Fans Call Him the Worst Umpire in National League,

HEINE GROH'S POSITION

Cincinnati Third Sacker Faces Pitcher Squarely—Year's Layoff May Have Affected Batting Eye of Baker.

New York, June 17 .- Mal Eason is the most unpopular umpire in the big leagues. All around the Tener circuit the natives single out Mal as the particular target of their hoots and jeers. Everywhere they call him "the worst umpire." But Mal, oi' boy, isn't losing

any sleep over it.

The fact that he is so thoroughly honest and just in his decisions, and so fearless of consequences, has made Eason hated by the home fans. In this era there are some umpires known as 'home umpires." fellows who occasionally decide a play of close nature, in favor of the home gang. But Mal is ot one of those. In fact, it oftentimes seems to spectators that Mal gives the visiting team the shade the best of his decisions.

It requires iron nerve and a nature calloused to hoots and hisses to deide against the home team on a play where a decision either way would seem to be fair. Mal Eason is such a man. No matter how hostile the crowd Mal rules as his judgment dictates, and, unfortunately for his popularity, he rules against the home team with considerable regularity.

#### Never Pavors Home Team.

For an umplie to favor the home team on one of those draw plays when a huge crowd is present, seems only humah. But Mal sizes up as inhuman in this respect. Time and again he has ruled against the natives when it seemed to the folks in the stands that the verdict was wrong. And a howl of protest went up. Some umpires, hav-ing made what the fans call a "raw decision" against the home team on one play, may even it up by giving that team the shade on the next close play. But Eason never does,

Some National league managers call Eason's farce as an umpire; the major portion of the fatts agree. Maybe truse folks are right; maybe not. Eason's umpiring judgment, at times, may be But no one can accuse Mal Eason of being dishonest, or charge him with cowardice by "playing against a visiting team."

Eason, above all else, is an honest

Groh's Puzzling Stance. Helnie Groh's stance at the plate is the most peculiar of any man in baseball. The other big leaguers, when at bat, face either toward first or third base, according to whether they are left or right handed hitters. They watch the pitcher with one eye-th optic nearest the twirler.

But the Red third baseman, in taking his position, stands squarely facing the pitcher. His back—the whole of it—is toward the grandstand, Heinie stands that way until the pitcher has completed his wind-up. Then, as the arm swings, Heinle, who is a right handed sticker, wheels into the same position that the other batters assume

Heinie swings around at the same moment that the pitcher is about to let loose the ball, and the sudden "dervish" of the Redleg is disconcerting to the bulk of pitchers. Furthermore Heinie varies his tactics by jumping around a bit before the delivery is made. Often he leaps at the ball before his whirl is completed and the moundsman never is sure as to just where to he is just as likely to be at the breaking point of the pellet as not.

Has Baker Gone Back? Did the year's layoff dim the bat-

ting orb of J. Franklin Baker? The batting to date of the "Home Run King" has been a disappointment to the Yankee fans. And it has surprised the American league enthusiasts. Baker was a consistent .300 hitter when with the Athletics. He used to bang them to all portions of the lot-and frequently, out of it.

But Baker, after a fair getaway this season, slumped. He bumped into a vacuum for a while. Since then he has been smashing them with a fair degree of regularity-but not in the same way as of old.

Bill Donovan, the Yankee manager. is one of those, however, who feel that Baker is still there-that he is rounding too slowly, but surely.

"Baker is just starting now," said Donovan. "In another month, he will be breezing along as of old. The old boy is still there-and he will demonstrate it before the season is out."

#### Willie Hoppe Makes The High Average

Willie Hoppe showed wonderful form in his tour of this country and Pawall with Yamada extending over a period of six months in which he played over 66,000 points, or about 165 matches, averaging 59 points. Some of his performances follow: Ran 400 points from the layoff at Hartford. Conn.; ran 350 points, or over, five times; ran between 300 and 400 points 11 times during the trip; ran 387 and out on one occasion; ran 256 and out when his opponent had only 7 points to go to win; played one full game of 400 points in 46 minutes. His share of the receipts clear of expenses is expectcd to reach \$52,000.

Meredith to Try to Set Mark, Ted Meredith, the University of Pennsylvania record holder for the quarter and hal, mile will prepare for the amateur athletic union champion-ship quarter mile race at Newark next September where he hopes to establish a quarter mile mark which will last for many years. Meredith expects to be opposed by Dismond, the Chicago university quarter miler, who equaled his record in the Western conference meet covering the 'istance in 47 2-5.
