Portland will see the largest military parade in its history on July 4, provided the Oregon National Guard is still at Clackamas. Governor Withycombe and Adjutant General George A. White have assured George J. Baker, chairman of the Fourth of July parade committee, that if the troops are in the state they will be brought to Portland to participate in both the parade and military tournament.

"It looks as though we will have the biggest military demonstration Portland ever saw," said Chairman Baker. "It may be the last opportunity to see the boys of the National Guard before they leave for the front. Everyone in the city is interested and should assist in making a demonstration long to be remembered."

Today every business house is to be called on by members of committees soliciting funds. It is estimated that \$5000 will be needed to stage the celebration on the Fourth, and this money is needed at once, according to the committees. Contributions, large and small, are being accepted by Henry E. Reed, secretary treasurer of the Fourth of July committee, care the Portland Press club, Elks building.

Chairman Baker of the general committee asks that all committee and sub-committee heads keep in touch with Joseph Rice, in charge of headquarters at the Press club. Telephone numbers are Broadway 231 and A-2223.

Plans for the big night spectacle are rapidly taking shape. S. R. Cobb of the Standard Box & Lumber company and H. B. Van Duzer of the Inman-Poulsen Lumber company have donated the necessary lumber to construct a replica of a good sized war craft to be used in a battle on the river at night.

Practically every man of the Oregon Naval Militia and the lawyers' auxiliary of the militia is to have part in the battle. A vote was taken among the men last night, and not a dissenting voice was raised to the plan of their participating in the naval engagement.

RESOLUTION TO MAKE MILITIA AVAILABLE IS TO BE HURRIED ALONG

(Continued From Page One)

A section of the bill reads: "The president is authorized to utilize the armed forces of the United States for a period of emergency unless discharged sooner."

This clause was taken among the members of the Hay-Chamberlain bill, reading: "For a period of war," thereby meeting the

objections of certain legislators, who held that the application of section No. 111 was equivalent to a declaration of war against Mexico.

Militia to Go When Ready.

As fast as the different state militia units can be equipped they will be sent to the border, Secretary of War Baker stated, following a conference with President Wilson.

As to which would go first, and where they will be assigned, the secretary said he could not state; they would be dispatched as quickly and in the order in which they make themselves ready, he said.

General Mike head of the militia division of the war department, is keeping in direct touch with the organization of the different units and is being advised as to the progress of preparations for movement.

The secretary stated that beyond this no conclusions had been reached nor plans made as a result of the latest Mexican development.

Information is Awaited.

"We are awaiting further information," he said. "We do not yet know just what happened and it would be unwise to make or announce any plans until we do."

The secretary said it would not necessarily mean this government would await complete reports from Pershing himself, which may be delayed, before determining on a course of action, if accurate information can be secured from other sources.

Secretary Baker said he did not believe the first question of going before congress is even in the president's mind yet.

Above, left—Guardsmen unloading supplies and equipment from troop train to wagons at Clackamas station. Right—Portland's contingent marching down Sixth street to Union depot to entrain yesterday afternoon. Below, left—Entertaining a camp visitor. Right—Governor Withycombe shaking hands with a militiaman before the departure of the troop special.

California Troops Ready.

Sacramento, Cal., June 22.—(U. P.)—The California militia is ready to move to the border upon a moment's notice," said Adjutant General C. W. Thomas this morning when he was first advised of the war department's contemplated action through the United Press.

General Thomas slept in his office last night to be in readiness for any order. But, he announced at 7 a. m. he had received no word of any kind from the war department.

"Until I receive the official order," said the general, "I cannot make a definite statement. I will say, however, that the first move would be to telegraph all National Guard commanders in the state to be ready to move their forces at once in accord with the war department's arrangement as soon as that arrangement is announced.

The present force under arms is 3100 officers and men, the great majority of whom are trained in military tactics, fully equipped. There are comparatively few recruits but these would be sent along with their companies."

Orders Not Yet Issued.

San Francisco, June 22.—(U. P.)—Orders for mobilization of the California National Guard at Sacramento had not yet been issued by the adjutant general's office, when the United Press learned from Secretary Baker today that this department would endeavor to rush the militia and reserves of California, Missouri and

Chamber's Request Granted.

Redding, Cal., June 22.—(P. N. S.)—A request for authority for the Redding Chamber of Commerce to organize a company of militia here was granted in a telegram received today from Adjutant General Thomas.

"Act at once," was the way Thomas granted the request.

Company D of Redding was mustered out only six months ago and it is believed it will be easy to recruit a company up to full strength.

Enlisting men from an automobile in the street is the unique idea seen today.

Following the receipt of Adjutant General Thomas' telegram advising local militia commanders that companies not up to full war strength when the order was received, would be consolidated with other companies, an automobile containing several neatly dressed recruiting officers appeared in the downtown streets. Wherever a group of likely looking young men were seen, the automobile stopped and the proposition of enlistment was talked over. Crowds soon gathered and many stepped into the automobile and were signed up, subject to physical qualifications.

Kansas Troops at Home Stations.

Topeka, Kan., June 22.—(U. P.)—Decision of the war department to endeavor to get the Kansas militia to the border immediately found the state troops early today still at their home stations.

Company H of Lawrence, company I of Manhattan, of the First regiment were under orders to go to Fort Riley this afternoon, together with the signal and hospital corps and the regimental supply company. But the remainder of the guard had not been ordered to mobilize there until Friday.

Missourians Over Half Mobilized.

Nevada, Mo., June 22.—(U. P.)—More than half of the Missouri militia was mobilized here today when the war department determined to attempt to rush the Missouri guardmen to the border.

All units, except Battery A, of St. Louis, will be in camp late today. This battery is not yet recruited to required strength.

Iowa Guard Needs 500 Men.

Des Moines, Ia., June 22.—(U. P.)—Twenty companies of the Iowa National Guard being below the 65 man mark of the government, a call was issued this morning. About 500 men

are needed.

The Third Infantry, Colonel E. R. Bennett commanding, is expected to be ordered to Camp Dodge, north of here, tomorrow, where company B and the machine gun company of this command reported to Brigadier General Allen, camp commander, today. Other

regiments will follow about a day later. It is expected the entire command will be in camp by Monday.

WASHINGTON GUARD IS BEING RECRUITED TO MAXIMUM STRENGTH

Men Are Being Given Anti-Typhoid Prophylaxis in Preparation for War.

UNIVERSITY MEN BUSY

General Assembly at American Lake is Under Way; Parade of Militiamen Scheduled for Today.

Seattle, Wash., June 22.—(P. N. S.)—Washington National Guardsmen are assembling at American lake today, various companies are adding the last recruits needed for war strength and hundreds of the men are being given anti-typhoid prophylaxis, preparatory for what all consider "real war."

Recruiting stunts have been introduced by the various companies to gain their allotted "war strength" number. The Second regiment gained 157 men yesterday, company F, of the University of Washington, which was in danger of being merged with another company, recruited 40 new men. Students went through the city and nearby towns seeking former students and bringing them back to Seattle to enlist. The company needs 55 more men.

Four hundred and sixty-eight men are needed throughout the state to bring the Second regiment to full strength.

Yesterday's parade of the militiamen was postponed because more than 800 of the men had been inoculated with the anti-typhoid serum. The men will parade today.

The telephone and telegraph detachment of the signal corps is encamped at American lake today, as is company A, signal corps, 96 men strong. Mothers, sisters and sweethearts bade the boys farewell at the stations late yesterday. Today the regimental infantry left to join fellow guardsmen. The adjutant general has set the time for the troop train's departure at 10:30 o'clock Sunday morning.

Teddy Bear Makers All Go on Strike

Six Thousand Workers Demand Shorter Hours and More Pay; Toy and Doll Makers to Lead Support.

New York, June 22.—(U. P.)—Teddy Bear makers 6000 of them—went on strike this morning.

They will be supported by all the stuffed toy and doll makers in the city. They demand shorter hours and more pay.

Los Angeles, June 22.—(U. P.)—A marked increase in recruiting at the Seventh regiment headquarters was noticeable this morning following reports of the clash between Mexican and Americans at Carrizal. Twenty-five men were enlisted the first hour.

School Training Urged.

Walla Walla, Wash., June 22—

How the United States and Mexican Armies Line Up

ALONG THE BORDER		IN MEXICO	
Douglas	2,500	Namiquipa	3,500
