Visiting Doctors Will Be Entertained With Luncheons, Dinners and Drives Over Columbia Highway.

Problems in the healing of diseases of the eye, ear, nose and throat will be discussed at a three-day session of the Pacific Coast Oto-Ophthalmological Society, which opened its fourth annual convention at the Benson hotel this morning.

The convention will consider the whole range of the healing art as applied to the eye and ear. The greatest interest naturally centers about the surgery of hearing.

Social Events Are Planned. A number of social events are planned, however, including luncheons, dinners and a drive over the Columbia river highway Friday afternoon.

The first session began at 10 o'clock this morning with an address by Dr. Joseph L. McCool of Portland, president of the association. The report by Dr. Ralph A. Fenton, secretary-treasurer, followed, after which Dr. Clinton T. Cook of Seattle presented a paper on "Ophthalmoscopic Appearances in Dementia Praecox."

Dr. Walter K. Seelie of Seattle led the discussion. Dr. Ed E. Maxey of Boise reported on a peculiar case of Keratitis paralytica, with a discussion by Dr. Lawrence Selling of Portland. Dr. H. V. Wurdemann of Seattle was on for discussion of protective devices for the eyes to prevent injuries, with Dr. Wilson Johnston of Spokane leading the discussion.

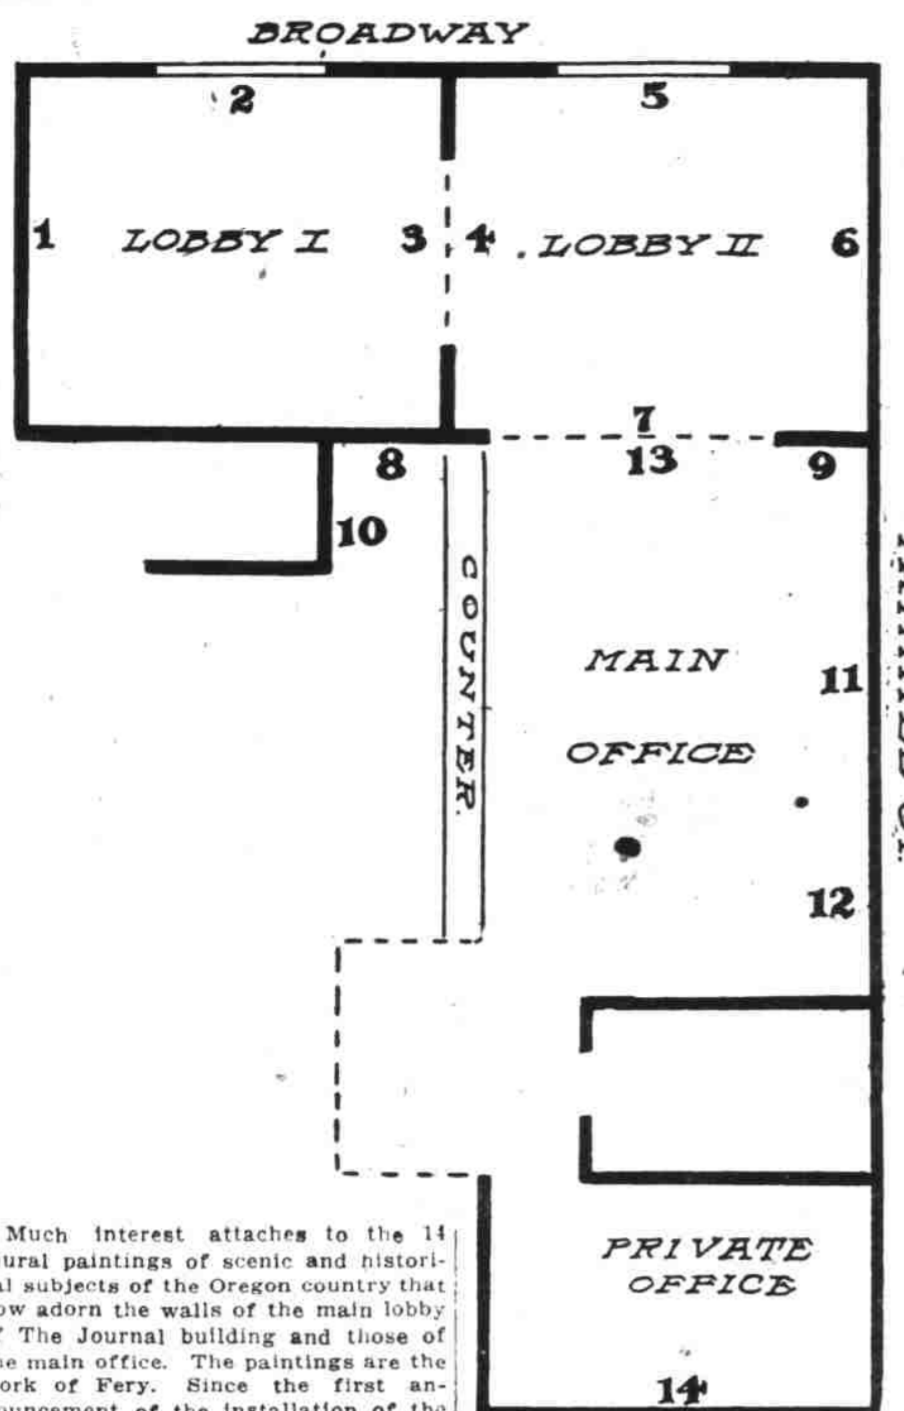

Luncheon at Arlington Club. Dr. J. P. Johnson, former president of the society, entertained the visiting doctors at luncheon at the Arlington club in honor of Dr. Gifford, who will make the chief address at the afternoon session. His subject will have to do with treatment of diseases of the lacrimal sac, his talk, however, covering many general aspects of ophthalmology.

Dr. Henry Horn of San Francisco will follow this address with a paper on bacteriology, with Dr. D. N. Roberg of Portland leading the discussion. Other addresses of the afternoon will be by Dr. C. A. Veasey of Spokane, Dr. George W. Swift of Seattle, Dr. A. T. Wassenaar of Seattle, and Dr. C. Benson Wood of Seattle.

Members of the society will be the guests of Dr. J. L. McCool at an informal dinner at the University club at 7 p. m.

Youth Drowns While Saving His Sister

Dallas, Or., June 22.—While rescuing his little sister from drowning in the waters of the Little Luckiamute river, near Suver, Earl Cecil, 14 years old, himself was drowned Thursday afternoon. Together with his sister and a brother, the lad had gone swimming in the river, which flows near their home. The little girl got beyond her depth and was in danger of drowning.

The two boys went to her assistance and succeeded in rescuing her. In doing so, however, Cecil got into the deep water and being unable to swim, drowned, in spite of the efforts of his brother to pull him out. The body was secured after people of the neighborhood had dragged the stream for three hours. The remains were sent to Suver for interment. The children are stepchildren of Willard E. Mode, who lives on the Paul farm.

Very Effective Method For Banishing Hairs

(Modes of today)

At very little cost any woman can rid her face of hairy growths if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone. (Adv.)
