Shipping interests at Portland have been urging that the Columbia river be assigned to the San Francisco district instead of being included in a district with Seattle as the headquarters...

The amendment secured by Senator Chamberlain would deprive the department of commerce of discretion and require Portland to be placed in the San Francisco district.

When taken from the desk the bill will either be sent back to the house committee or disposed of on a motion to concur in the senate amendment.

The Royal Order of Moose of Portland and Oregon City will unite at Gladstone tomorrow to celebrate the Declaration of Independence.

Members of the Veterans' association of the old First regiment infantry, O. N. G., will assemble at the Armory at 9 a. m. tomorrow to march in the Fourth of July parade.

Under the supervision of the secretary of agriculture, upon request from the proper officers of the state, territory or county for the survey, construction and maintenance of such roads or trails within a town, straggling or unincorporated territory or county, and the United States; and

Provided, that the aggregate expenditures in any state, territory or county shall not exceed 10 per cent of the value, as determined by the secretary of agriculture, of the timber and forage resources which are or will be available for income upon the national forest lands within the respective county or counties wherein the roads or trails will be constructed, and the secretary of agriculture shall make annual report to congress of the amounts expended hereunder.

Government to Pay Bills. The plan of reimbursement to the national government for the money thus advanced does not reduce the forest receipts paid to the states for schools and roads, as was at one time proposed, but comes from the federal government's share of the forest moneys, the provision governing reimbursement being as follows:

That immediately upon the execution of any co-operative agreement hereunder the secretary of agriculture shall notify the secretary of the treasury of the amount to be expended by the United States within or adjacent to any national forest thereunder, and beginning with the next fiscal year and ending fiscal year thereafter, the secretary of the treasury shall apply from any and all revenues from such forest 10 per centum thereof to reimburse the United States for expenditures made under such agreement until the whole amount advanced under such agreement shall have been returned from the receipts from such national forest.

Roads Must Be Substantial. The Shackleford bill, in addition to the main features before given, outlines the procedure to be followed by states desiring to avail themselves of the benefits of the act. No particular kind of roadbuilding is required, except that it must be "substantial in character," leaving to the secretary of agriculture wide discretion the approval of projects as they may be considered suited to varying conditions throughout the union.

Congress had in mind that a dirt road may suffice in some sections of the south or west, while a high surface may be wanted in another section. The state highway department is called upon to submit statements showing roads proposed, and if approved, the secretary of agriculture may then

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month and still others have headaches occasionally, but not at regular intervals.

The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure.

All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what the nature, take anti-kamina tablets, and the results will be satisfactory in the highest degree.

You can obtain them at all druggists in any quantity, 10c worth, 25c worth or more. Ask for A-K Tablets.

SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terror when A-K Tablets are taken. When you feel an attack coming on take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way.

Genesee A-K Tablets bear the K monogram. At all druggists.
