public opinion.

Refusal to consider the wishes of the people would be absolutism. The czar, the kaiser, Emperor Francis Joseph and the other monarchs did not consider the wishes learn the tricks of the soldier, but of their subjects in making a great war. If they had, if they had given their peoples a chance to show their sentiment, there would be no agonizing world welter.

George III used "a calculating logic" and struck out "in cool indifference" to the sentiment of the American colonists and of the intelligent people in England when he placed a tax on American tea. The world knows the consequences of that "calculating logic" and its "cool indifference" to public sentiment.

"Cool indifference" is the beginning of tyranny. "Cool indif- sum to aid families of absent Oreference" and aggressive leadership" gon guardsmen.

are the working tools of the despot. It is extraordinary to hear in this republic a demand for power to come down from above regardless of the wishes of those below.
