Eighteen-Year-Old Golfer Is Joe Jackson Leads Portland's Contender at Seattle.

Seattle, Wash., July 7 .- Forrest Watson, 18-year-old golfer of the Waverley Golf club, is Portland's contender for supreme laurels in the amateur championship of the annual Potlatch tournament of the Seattle Golf club. He will today oppose George S. Tilden of Scattle in the semi-finals, while O. W. Potter of Seattle and Rupert Bone of Vancouver are battling for the other place in the final.

Never before in local golfing history has the dope been so completely upset as in today's play. The elimina-tion of Rudolph Wilhelm of the Portland Country club, northwest open champion, and H. H. Pringle of Tacoma in the first elimination round was one of the surprises of the tournament. Another unexpected result was the defeat of H. Paul Ford of Seattle in the northwest round u, amateur championship by O

W. Potter of Seattle. Watson won his first match today from W. H. Cameron of Seattle by default and he was victorous over Pringle Totals., 30 4 24 12 Totals... 28 9 27 14 in the afternoon by a score of 5 up and 4 to go.

Ford, Mrs. C. K. Magill, Mrs. William Pigott and Mrs. Robert S. Wilson, are the semi-finalists in the women's championship. Mrs. Ford will play Mrs. Magill and Mrs. Pigott will oppose Mrs. Wilson in the semi-finals tomorrow.

The spectacular match of the day coma and Robert Bone of Vancouver which was decided on the twentleth hole in favor of the Vancouver man. Another close match was between R. F. Astbury of Medford, Or., and A E. Griffin of Vancouver in the first elimination game of the first flight. Astbury won out, but he lost to R. W. Manning of Everett in the second

FACTS

Approximately a quarter of a billion dollars per annum is being spent on the highways of the United States, and it is imperative that more attention be paid to a form of development in volving such a vassamount of expenditure. Grade, location and drainage are vital questions affecting the construction of roads. Without a proper surface these essentials go for naught, hence this part of the road is dividing the attention of road builders with the three first named propositions. To make a road durable, economical and serviceable it must be hard surfaced with
