Centralia, Wash., July 27.— Dr. C. O. Nelson has received a long letter from Tom Wilkin-son, former Centralia fealty dealer who enlisted in the Canadian troops for service in Eu-rope, the letter following a post card received by the dentist Tuesday. The letter, which was dated July 2, was signed No. 463,851, First Canadian Pioneers, Co. D. Wilkinson's official military designation.

"I wish the war was over," wrote Wilkinson, "Not that I am tired of soldiering. I'll stick to the end if I am able, but the sacrifice of the lives of so many men is something awful to contemplate. HOW TO PREVENT YOUR CHILDREN FROM CATCHING THE VIRULENT GERM DISEASE FROM COMPANIONS.

If all parents would teach their children how to fight off the attacks of deadly germs, it would not be necessary to restrict children from playing with their every day companions. The mouth and throat are the breeding places of germs we cat h in infectious diseases. If these germs are destroyed before thy form huge colonies we are safe from disease. Th greatest danger of spread lies in a fancied secur-Ity given by peroxide and other useless gargles which only irritate the membrane, making the attack of the germ more certain and deadly.

Benetol used, as a gargle is practically positive safety. Do not make a mistake in the choice of your germicides. This is a vital matter. Benetol is a powerful and efficient germ destroyer, and the only one of equal power that can be safely used as a throat gargle. BE SAFE. GARGLE WITH BEN-ETOL

Fifteen to twenty drops of Benetol in a glass of hot water makes a most effective mouth wash and throat gargle. Two teaspoonfuls of Benetol to a quart of hot water makes an effective antiseptic foot bath, and it is advisable to sponge the entire body of the child with the same solution. The Benetol Powder for the Skin should be sifted into the stockings and shoes.
