17—He perfected 23 peace treaties with other nations, thereby greatly lessening the danger of war.

He is now urging congress to pass the following laws:

1—A tariff commission law, taking the tariff out of politics, putting it on scientific business principles.

2—Inheritance tax law.

3—A law taxing munitions of war.

4—Child labor law.

5—A merchant marine shipping law, curbing and controlling the greatest of all trusts—the shipping trust.

He has kept us out of war, maintained a strict neutrality, strengthened and extended the Monroe doctrine to South America.

He has refused to be forced into a war of revenge or conquest with Mexico, has extended the hand of friendship rather than the mailed fist.

More progressive legislation has been enacted during the Wilson administration than in the previous 40 years, vitally affecting the people's welfare.

Yakima County Will Curb the Speeders

Motorcycle Patrol and Stop Watch Squads Are to Be Employed to Check Reckless Automobile Drivers.

North Yakima, Wash., Aug. 3.—Following on the heels of some reckless

racing over the public roads of Yakima county in an attempt to make record runs, the board of county commissioners, has announced it will make a systematic patrol of the county and demand strict enforcement of the law.

One touring car made the run from North Yakima to Seattle and return last week in 13 hours. It is alleged that a speed of 40 to 50 miles an hour was maintained on many stretches of the road. Many auto-tourists narrowly escaped injury and made complaint when they reached this city.

Sheriff William Murphy is preparing to put out a motorcycle patrol and employ stop watch squads to check the speeders. The county com-

missioners have voted the funds for the patrol work, which will be organized immediately.
