First Forestry Bill in 1799. The first act of congress relating to forestry was an appropriation of \$200,000, passed in 1799, for the purpose of acquiring timber for naval construction. Under this appropriation the government established reserves containing live oak as the best timber for shipbuilding.

Made Sand Dunes Valuable. The turpentine industry of southern France is a man made industry. Out of shifting, barren sand dunes and a malaria, poverty stricken region, the French government, through reclamation and planting of maritime pine, has made one of the most prosperous and essubrious sections of France. A century ago the barren sand dunes of southern France could be bought at any price. Today this barren land, within the reclaimed area, is worth at the lowest \$2.50 per acre, while the best brings as high as \$24 per acre.

Hardwood Supply Big. The amount of standing hardwood timber in this country has been variously estimated at from 400,000,000,000 to 500,000,000,000 feet. About 210,000,-000,000 of this is in the southern

Whistles Bring Fire Fighters. Volunteer fire fighters, when needed, are summoned to the aid of the forest rangers by the blowing of a certain signal on steam whistles in many towns in or near national forests in southern California.

More uses are made of whale oil at present than ever before.

Best Home Treatment for All Hairy Growths

(The Modern Beauty)

Every woman should have a small package of delatone handy, for its timely use will keep the skin free from beauty-marring hairy growths. To remove hair or fuzz, make a thick paste with some of the powdered delatone and water. Apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. To avoid disappointment, be sure you get real delatone. (Adv.)

Vinegar Bees Not So Good as Yeast Cake

Agricultural Department Sends Out Warning Against Preparations Sold to Produce Wine and Beer.

Washington, Aug. 3 .- (WASHING-TON BUREAU OF THE JOURNAL)-The agricultural department is warning housewives and thirsty citizens of prohibition states against claims being made for preparations sold under the names of "vinegar bees," beer bees," and other seductive "bee" titles, which are advertised for making vinegar rheumatism and kidney complaint. Beer or wine may be produced, it is said in some of the advertisements. by mixing the substance with water noyances. Every child should be and molasses or sugar. The department experts destroy all hope in this direction, saving:

"In their judgment, 'bees' is not as well suited for producing alcoholic fermentation as is the ordinary yeast cake, and they cannot recommend it at all for making vinegar."

'I'd Buy a New Suit Tomorrow.

"You see, I'm going to San Francisco in a few days and I've just been noticing that my street suit is deplorably shabby. Now, if I could get a nice suit, say, well about \$8 or \$10, I'd be fixed just fine.
"But, of course, I'd never wear that

"But, of course, I d never wear that kind of a suit—the kind I would have to buy for that price. So what shall I do, Ruth?"

"Why, simply go up to Cherry's, Genevieve, and choose the suit you like best from the wonderful assortment they carry, and a great many of which are on a reduction sale just now—some as low as \$14.95 that were formerly as high as \$27.50 Of if you'd

rather have a better suit, pay as much as \$13.50 and get one of their elegant models reduced from \$37.50.

"Now, listen, I don't mean for you to

pay the \$19.50 all at once. O, no. But on easy terms, with only a part of the price of the suit when you get it. Yes, my dear, they are just the kind of suits tasteful women like. They show their real value in every line and stitch. But for goodness sake. Genevieve, burry, or your size will be gone "Go up early tomorrow or one day this week, sure. Their beautiful new store is so conveniently located at 389-91 Wash. St., Pittock block, and you can't miss the place.
