TOWN TOPICS

Abbi Wise to Speak.—Rabbi Jonah B. Wise will address the Portland Synagogue at its first autumn meeting Friday night at the orange room of the Hotel Oregon. Dinner will be served at 6:15 and everything will be over by 8, according to announcement.

Women Will Drill.—To insure exercise of a healthy sort, bearing and dignity, the young women who will attend St. Helena hall will be given military drill under the leadership of a competent master. It will not be a preparedness training in any sense of the word, but a good health training which the British and superior considers will have many advantages over gymnasium work in which competition often forces the girls to do foolish things.

Bridge Gates Prevent Plunge.—Well fortified gates on the east side of the Hawthorne bridge draw prevented an automobile driven by C. P. Turner, 385 East Forty-sixth street, from plunging into the Willamette river last night. The automobile was going at a considerable rate of speed when it encountered the closed barriers.

Special Ordinance Required.—Miss Mary Berry had a vacation of two weeks coming to her and took it out working for the city in a different department from that of the civil service office. It will require a special ordinance to pay her for "overtime."

Club Will Hold Picnic.—The last picnic of the year given by the Social Service club of Oak Grove-Milwaukee will take place Thursday of this week at the home of Mrs. Frank Dayton on the River road. Courtey Lunch will be served at 1 o'clock, after which an important business meeting will be held. A full attendance is desired.

Lecture Date Changed.—The lecture of Sir Rabindranath Tagore, scheduled for September 28 in the Lincoln high school under the auspices of the Drama League, has been put ahead and will be given Tuesday night, September 26, in the high school auditorium, beginning at 8:20 o'clock.

Bible Study Class to Meet.—The Bible study class of the Council of Jewish Women will hold its first session of the season this evening at 8 o'clock at the Temple Beth Israel, Rabbi Jonah B. Wise will conduct the class. All men and women interested are invited.

Wilson League to Meet.—The regular meeting of the Woodrow Wilson League of Portland will be held at Central Library hall Wednesday night at 8 o'clock. An interesting program of addresses and music has been prepared for the evening.

Accused of Bootlegging.—Max Linden, a longshoreman, was arrested at the Hotel Lind, Third and Pine streets, by Patrolmen Schum and Eubanks at 10 o'clock, and charged with violating the prohibition law. According to Patrolmen...

trofman Schum, Linden sold him a quart of whiskey for \$2.50 on September 9, and again last night sold another quart, for which \$3 was paid. Linden will be tried before Municipal Judge Langguth tomorrow.

My Appeal Have Case.—Attorney for Carter Rave, twice defendant in the municipal court on charges of circulating obscene literature in connection with the distribution of Margaret Sanger literature on birth control, were told by Judge Langguth yesterday that a sufficiently high penalty will probably be imposed, when judgment is delivered tomorrow, that an appeal may be taken. Rave, arrested Friday, was tried yesterday, and offered the defense that objectionable features of the first pamphlet had been stricken from the tract he was selling.

Was Present at Notification.—Dr. Esther Pohl-Lovejoy will return to Portland at 7:45 p. m. Thursday, over the North Bark road, according to a telegram received by her husband, George A. Lovejoy, this morning. Dr. Pohl-Lovejoy was present at Shadow Lawn, N. J., when President Wilson was notified of his nomination for reelection by the National Suffrage association to meet in Portland in 1918.

Federal Jurors Excused.—All federal court jurors were excused except the panel engaged in the retrial of Lee Laine alias Linn, who is charged with smuggling opium. A federal grand jury will begin work September 18, among the chief of its inquiries being the investigation of the alleged cessation of the Willamette cement manufacturing organizations are charged with combination.

Fall Opening Dance, Wednesday, Sept. 13, "Swan" pavilion, Stepping stones, 1157 Broadway, will hold Saturday evening. Admission 25c. The hall being equipped for winter dancing, will dance at the dock if the weather is not favorable to go out. The dance will begin at 8 o'clock. Chairmen, Rabbi Wise's subject will be "Character as a Salesman." Music will be supplied by the club's ladies quartet, composed of Mrs. Dudley Clarke, Miss Blanchette, Miss Beatrice Palmer and Mrs. Burt Holcomb, with Mrs. Frederick B. Newton as accompanist, and by Charles McNeill.

272 STUDENTS ARE ENROLLED AT REED COLLEGE FOR TERM

Freshman Class Reported for Year Is Largest in History of the Institution.

BIG AREA REPRESENTED

Two Come From Ohio and One From Michigan, and Three From California—Class Record High.

Two hundred and seventy-two students enrolled at Reed college yesterday when the institution opened for its sixth year. The college office has made no attempt to classify these as freshmen, but it is known that the freshman class claims more than 90, and the seniors number about 40. This makes the largest enrollment the college has had, as well as the largest freshman class.

The senior class at present numbers less than those of the last two years. Reed has made a steady, conservative gain each year since its opening. The registration figures on the opening day of each year have been as follows: September, 1911, 50; 1912, 132; 1913, 182; 1914, 230; 1915, 250; and 1916, 272. During the first four years, the gains were especially large on account of an entire class being added.

Besides having the largest enrollment, this year's student body includes students from a greater area than ever before. A number of students from outside the state have come west especially to Reed college. Two come from Ohio, to enter the freshman class; one from Michigan, and three from California. A large number of the old students come from Washington and nearby states.

It is the opinion of some of the faculty members that besides being the class with the highest numbers so far, this freshman class also claims the distinction of having the highest scholarship. What record the class will make while in college has not been forecasted as yet.

An examination of the selection of the major courses of the sophomores and upper class students shows that every department open for major work is patronized. English is the most popular study, taking 36 majors. Chemistry comes next with 29, mathematics is third with 14, and history and the classics are even with 10 each, and the classics are even with 10 each.

Dance Is Enjoyed.

The students broke what seemed to be an established custom by not having a battle between freshmen and sophomores last night. In its place the new junior class entertained the freshmen with a spread and dance, both informal. The event was well managed by the following: Misses Louise Huntley and Carolyn Friendly.

An Unfailing Way to Banish Hairs (Beauty Notes)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of deodorant into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 3 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real deodorant.

NOTICE

It has come to our notice that certain unscrupulous dealers have made statements to the effect that the

Sonora Phonograph has been made for a few months only, and would be made for a few months only, and that no assurance could be had of either guarantee or repair parts.

We probably should not take notice of some certain whimpering competitors, who may not have the class of goods—or if they have the class of goods have lost the confidence of the buying public through their mud slinging and dishonesty and thereby lost sales to us, but for the guidance of honest purchasers who may inquire deeply into these matters, we state emphatically that the present types of
