Club Activities BY WINNER At the Theatres

held its first meeting of the

season yesterday at the home of Mrs. Lee Arnett in Irving-ton, with about 45 women present. The of work of the league is along linos of civics, and the principal feature yesterday was the address given by Rev. O. W. Taylor on "Better Films. Mr. Taylor's address was notable for the fact that it presented both sides of the question, that of people interested in a high grade of films and that of the picture show men, who are obliged to consider the financial as well as the aesthetic side. Much interest was evidenced in the proposed flower day, a day to be set aside for the special purpose of planting wild flower seeds on the highway and other much traveled roads adjacent to Portland. Prior to that day the league will present Professor A. R. Sweetser essor of botany in the University of Oregon, in a lecture on "Oregon Wild Flowers." Samuel C. Lancaster, consulting engineer for the Columbia river highway, is greatly interested in this work of the league. The chairmen of standing committees will not appointed until the October meet-

School Beautifying Committee Meets. The first meeting for the season of the school beautifying committee, of which Mrs. J. C. Elliott King is chairman, was held yesterday afternoon at the Art Museum, with 25 present. Miss ione Dunlap gave a most interesting lecture on the Luca Della Robbia casts recently_presented to the Kennedy school by Mrs. Kennedy. The lecture was illustrated with lantern slides, and was greatly enjoyed. The committee appointed to attend to the decoration of the three rooms used for the deaf children in the Buckman school, consisting of Mrs. G. H. Marsh, Mrs. L. R. Alderman and Mrs. Allen Welch Smith. reported the work completed. The rooms have been tinted and two pictures suitably framed have been hung in the wall of each of the three rooms, these having been donated by the committee. A number of the pictures in the circulating exhibit which the com-mittee owns have been purchased, and 15 new ones have been added and are now being framed. The exhibit will this year be circulated in the southeast part of the city, probably beginning with the Sellwood school. The committee will ask that the children of the deaf school be given special attention in drawing, since many of them are especially talented. A committee was appointed to draw up a list of the works of art in the Portland chool buildings.
