Study of the text book selected for this year, "The Mind," by Professor James, will begin at this time.

CHILD SUFFERED WITH ECZEMA. Mother Had to Tie Gloves On to Keep Her From Scratching. "My little girl suffered with eczema. There were just two or three little pimples on one side of her face at first but they kept spreading till they covered her whole face. They were quite large and red, and when I washed her a watery matter came from them and it was so itchy and sore. They itched and burned so I had to tie the gloves on her hands so she could not scratch, and she slept me awake a good deal night. "Then I saw Cuticura Soap and Ointment advertised and used about a half a box of the Cuticura Soap and she was healed." (Signed) Mrs. Andrew Scheid, Route 1, Belding, Mich., April 17, 1916. Some think that because Cuticura does such wonderful work in soothing and healing severe itching and burning eczema it is not adapted to the gentle use of the toilet. On the contrary, that is just where it is most effective in preventing these serious skin troubles. You can have samples for the asking. Address post-card: "Cuticura, Dept. H, Boston." Sold throughout the world.

Hood River Woman's Club.—The first meeting of the season of the Hood River Woman's club was held Wednesday afternoon with 15 members present. In the absence of Mrs. J. P. Lucas, president, who is ill in a Portland hospital, Mrs. Dr. W. F. Laraway, vice president, presided. The first meeting was a reception planned for Mrs. Charles Castner, president of the State Federation of Women's clubs and a former member of the local club. Mrs. Charles H. Castner, who delighted the ladies with a report of her trip to the recent national convention held in New York at which she was a delegate from Oregon. Mrs. Ralph Root, secretary, presided. The meeting was the showering of good wishes upon Miss Constance Davis, a popular member of the chapter whose marriage takes place in October. The next meeting will be held October 9, at the home of Mrs. G. A. Rogers, 842 Multnomah street.

Alberta Woman's Club.—The Alberta Woman's Improvement club met last Tuesday night, Mrs. E. F. Riefield, Mrs. Theodora Blyse, made a special report on the history and progress of delegates to the state federation of women's clubs. Mrs. Bertha Slater Smith's paper under the unique title of "Green Grave" proved to be an inspiring interpretation of the child's song-game, "Green Grave" as a simile of woman's work. But after all it is not so much what she does, as it is how she keeps the song in life, said Mrs. Smith. "The something underneath that warms and cheers and comforts. Science cannot take the place of song."

Federation President at Astoria.—Mrs. C. H. Gaster, president of the Oregon Federation of Women's clubs, spoke Friday night, September 29, to a membership meeting of the Astoria Civic club.

Admission is free.

Must Understand Danger. In order to prevent one must have an understanding of the nature of the germ, how and where it lives, and how it gets into the body. With the proper amount of education along these lines each one can share toward stamping out this malady. This disease is caused by a short rod-shaped germ called the bacillus typhosus. So small, that it can only be seen with a powerful microscope, it is shaped like a cigar, with rounded ends. It has the power of swimming about in liquid. The one thing to always bear in mind is that the bacilli in each case come from one individual to another. This may occur in a great many ways. The germs may be taken from one who has the disease by direct contact. Another means of infection and further discussion of typhoid fever will appear in this column later.

Another Straw Vote for Wilson. Tokyo, Sept. 30.—(I. N. S.)—A straw vote of Americans in Japan, Korea and China has resulted in President Wilson receiving a vote of confidence. The figures are: Wilson, 126; Hughes, 90; Hanly, 7.

Club Notes.—The Montessori association will meet Monday evening at the home of the president, Mrs. C. H. Farrington, 483 East Twenty-fifth street, North. The regular monthly meeting of the board of directors of the Portland Art Association will be held at 2:30 tomorrow at 519 Flanders street. The South Portland Improvement association will meet next Tuesday at 8:15 in the auditorium of the Shattuck school. The general subject of the meeting and the speakers will be Ferdinand Reed, Charles F. Berg and Marshall Dana. Mount Scott Mental Culture club will meet Friday, October 6, with the president, Mrs. John J. Handsacker, 6935 Forty-fifth avenue southeast. The chief feature of the program will be a report by Mrs. Sallie Oer Dumba of the biennial meeting of the National Federation of Women's clubs. The Fortnightly club will hold its first meeting Monday at 1:45 p. m. with Mrs. G. S. Smith as president. The Brooklyns Mothers and Teachers club will hold their first meeting of the year on Thursday. A good attendance is desired, and there will be election of officers and delegates to the annual meeting of the National Federation of Women's clubs.

TO neglect your hair is to aid time in the destruction of your youthful looks. Why grow old? Nice, luxuriant hair is merely a matter of care and cultivation. The experience of thousands has proved the reliability of NEWBRO'S HERPICIDE for saving hair and increasing its natural beauty. The intelligent use of HERPICIDE eradicates that annoying cause of most hair troubles, dandruff, and prevents the hair from falling out. NEWBRO'S HERPICIDE is the Original Germ-Killer for Dandruff. It contains an exquisite fragrance, contains no grease, does not stain or darken the hair and is without a doubt, the most effective hair-dressing. Applications at the better barber shops. Guaranteed by The Herpicide Co. Sold Everywhere.

TO PREVENT TYPHOID. By Gertrude M. Myers. It is so little trouble to boil water and place it in sterile bottles to cool, a sure way to kill all germs. Why does not every housewife heed this oft-repeated warning and eliminate danger of typhoid fever for her family? In the United States about 350,000 people contract typhoid fever every year, and of these many die. The germ may live outside the human body for variable but relatively short periods. But if these germs are harbored in these germs they would soon die out. The important measures to be taken are rather for prevention than for cure. The treatment of the individual case matters little in proportion to the preventing of 350,000 from contracting the disease. Must Understand Danger. In order to prevent one must have an understanding of the nature of the germ, how and where it lives, and how it gets into the body.
