

WIDOW CONTRIBUTES \$5 TOWARD WILSON CAMPAIGN IN STATE

Woman Declares That She Wants to Reelect People's Friend President of Nation.

MASSES LENDING A HAND

Captains and Kings of Fortune Are Not Coming to Front But Com. Men Men and Women Aid.

 Woodrow Wilson Campaign Fund.
 Previously contributed, \$2659.50
 Today's contributions:
 B. F. Humason, Portland, 3.00
 A. Hopeful Subscriber, Portland, 5.00
 Joseph P. Gilbraith, 5.00
 Elaine, Wash., 5.00
 R. Anderson, Portland, 100.00
 Mrs. Lizzie Mansfield, 5.00
 Total, \$2776.50

Mrs. Lizzie Mansfield is a widow in Athena. She is a supporter of President Wilson and wants to see him re-elected.

"President Wilson is the people's friend and I want to contribute to assist in his reelection," she writes The Journal in forwarding her contribution of \$5.00 for the Woodrow Wilson campaign fund.

The captains and kings of fortune in the United States are not forwarding contributions to the Wilson campaign fund. It is the little offerings of the common men and women of the country, those who have seen sorrow and struggle and who earn their dollars by toll of their hands who say that "Woodrow Wilson is the people's friend" and who want to see him re-elected in office.

It is from such as these that the growing sum contributed to The Journal fund has come and those others who have not yet contributed but who may desire to do so will find the directions for sending their contributions in the following coupon:

 Woodrow Wilson Campaign Fund.
 To the Oregon Daily Journal:
 I enclose herewith \$..... for the Woodrow Wilson campaign fund, to be spent in furtherance of the..... (Oregon or National) campaign for the reelection of President Wilson.
 Name.....
 Address.....
 (Mail this coupon, together with your contribution enclosed, to The Journal, Woodrow Wilson campaign fund, Portland, Oregon. Check should be made payable to The Journal.)

In the Wrong House.

Seattle, Oct. 6.—(P. N. S.)—Patrolmen W. L. Pendergast and A. Gutterman, in charge of the police patrol boat, are out of a job today because Sergeant Putnam, head of the dry squad, found them in a rooming house he was raiding. The officers were suspended on charges of absenting themselves from duty.

Calls Issues Raised By Hughes a Shame

Senator J. Hamilton Lewis Addresses Great Los Angeles Audience; Voice Is Reduced to Whisper as He Speaks.

Los Angeles, Oct. 6.—(P. N. S.)—His throat trouble considerably aggravated by last night's political address, Senator J. Hamilton Lewis of Illinois, left here today for San Diego. Senator Lewis could hardly speak above a whisper, but declared he would not give up his campaign tour for President Wilson.

"The issues raised by Judge Hughes are a shame," the senator told an immense audience. "Some time ago the Republican candidate characterized the eight-hour law as a revolutionary act, disastrous to the people and dishonorable to the nation. This week he showed a changed attitude, and professed to endorse the principle of the law."

PREPAREDNESS IN ALL FORMS IS CONDEMNED BY LABOR RESOLUTION

California Federation to Consider Question; Japanese Labor Organization Up.

Eureka, Cal., Oct. 6.—(P. N. S.)—"All forms of preparedness which are liable to develop the military spirit in our people or involve our nation in war," are condemned in a resolution before the convention of the California State Federation of Labor here today. The resolution was presented yesterday shortly after a measure endorsing universal military training with the provision that the troops could not be used for strike duty was withdrawn.

The matter of organization of Japanese laborers is an important matter before the convention today. No further action on the prohibition question is expected, it being considered that the issue was disposed of by the acceptance of the report of Secretary Treasurer Paul Scharronberg recommending against a "dry" California.

New Lava Streak Is Formed on Lassen

California Volcano Still Active—Lava Path Is Well Defined, but Narrower Than Those of Last Year.

Redding, Cal., Oct. 6.—(P. N. S.)—Mount Lassen continued active today, heavy clouds of smoke arising from the crater. A new black streak down the western slope of the mountain is believed to be the path of a flow of lava from the crater in yesterday's eruption. All yesterday afternoon steam arose from the crater, clearing away about sunset. The lava path is well defined, although only about half as wide as the smallest of the three paths visible after the destructive eruption of last May, when Hatfield creek was buried under a thick coat of mud and lava for a depth of two to three feet.

WALTER L. TOOZE IS ELECTED PRESIDENT OF HUGHES ALLIANCE

Selection of Salem Man Is Made at State-Wide Conference Held Here Today.

MOST OF OFFICERS, WOMEN

Speaker Terms Night-Hour Bill, Federal Reserve Law and Rural Credits Act as Being "Political Piffle."

Walter L. Tooze of Salem was elected president of the Oregon branch of the National Hughes alliance at the opening session of a statewide conference, held in the Central library this morning. Mr. Tooze has been serving as an organizer of alliances in cities and towns throughout the state.

Women Are Elected. Mrs. E. B. Hanley of Medford was elected first vice president; Frank B. Mitchell of Baker, second vice president; Mrs. Harriet L. Buford of Portland, third vice president; Mrs. Anna Schroeder of Portland, secretary, and Mrs. Joseph F. Kelly of Portland, treasurer. There were no contests save in the selection of a treasurer, Mrs. Kelly besting Charles W. Ackerson.

About 150 persons were present at the morning session, a considerable portion of these being from outside of Portland. They manifested great enthusiasm and cheered castigation of President Wilson and praise of Candidate Hughes vigorously.

S. B. Huston, former state senator, and Mrs. E. B. Hanley of Medford were the speakers. J. K. Gill presiding. T. B. Neuhausen, former state chairman of the Progressive party, occupied a seat on the platform and was given a rising vote for his services thus far in behalf of Justice Hughes.

Mexican Situation Discussed. Senator Huston discussed the Mexican situation, and Mrs. Hanley ran the whole gamut of questions of the day, putting the greatest emphasis on patriotism, declaring that this quality in the American people was at its lowest ebb in history and that the population is stunted and drugged, by reason of her efforts the Jackson county Hughes alliance numbers 1005. The recently enacted eight-hour bill, the federal reserve law and the rural credits act, she grouped under the general head of "political piffle." The peace feature of the campaign she termed "sob sister stuff," and all who supported this view as "Jellyfish."

Council Tackles Druggists.

The city council is to make an effort to curb the sale of ethyl alcohol by requiring druggists to pay a nominal license fee and then revoke the license in case druggists sell alcohol except for medicinal purposes. The council tentatively agreed on the license plan this morning, and instructed City Attorney La Roche and Commissioner Biegelow to confer with the druggists and work out details.

Jefferson High Sets New Fire Drill Mark. Building Emptied of 1603 Pupils in 53 4-5 Seconds; Franklin's Principal Explains Cause of Slow Time.

A fire drill record for the largest Portland high schools was made yesterday when 1633 pupils of Jefferson high got out of the building in 53 4-5 seconds after the alarm had sounded. The test was made under the direction of the public safety commission. At James John high school in St. Johns the building was emptied of 25 pupils in 50 1/2 seconds.

Franklin high school, according to Principal Ball, was treated unfairly in the report of the fire drill conducted at the school by members of the public safety commission.

"The statement was made that the pupils were not well organized," said Mr. Ball. "The statement is not fair. As a matter of fact concrete workers around the building had three of the exits closed. The pupils were unfamiliar with the other three doors. Only the students of two rooms could get out of one of these doors and the students of the 26 other rooms had to get out of the two remaining exits. To get to these doors some of the students had to walk from 600 to 700 feet."

"There has been no opportunity to show what we can do in a fire drill, as workers have been around the building for months. Painters have had their ladders in the halls, carpenters have had lumber on the stairs and electricians have had their wires blocking the way."

Defense to Contend Home Was Wrecked

Wealthy Idahoan's Counsel Estimates in Trial Musician Was Killed Following Party During Guest's Absence.

Wallace, Idaho, Oct. 6.—(U. P.)—On trial for killing Clarence Dalquist, musician, Herman J. Rossi, one of Idaho's wealthiest men, will attempt to escape punishment by alleging that Dalquist wrecked his home.

This was made evident today by the questions which Defense Counsel W. H. Plummer of Spokane asked prospective jurors.

The defense will attempt to prove that Dalquist with a party of friends visited Mrs. Rossi's home last June while Rossi was in Boise. Liquor is declared to have been drunk during the visit.

Rossi returned from Boise late the following afternoon. He went directly from his home to Samuel's hotel where he shot Dalquist, who died next day without making a statement.

Despair Causes Man To Commit Suicide

Laborer Who Had Fractured Arm in Accident Shoots Himself Through Head, and Wound Proves Fatal.

Despondent because a fractured arm prevented his working and had shut off his livelihood, Charles Frevich, Austrian laborer, 27 years old, made a successful suicidal attempt at his home, 675 Willis boulevard, St. Johns, last night. Shooting himself through the head with a .38 caliber revolver, he died at 4:45 this morning at the Good Samaritan hospital.

Frevich roomed with a Mrs. Calbich and her daughter, Anna, and they were asleep at the time. Frevich had been complaining, they said, that an accident three weeks ago in the O-W. R. & N. tunnel, in which he struck the fracture of the left arm had thrown him out of work indefinitely. He was attended by a physician, and the Ambulance Service Co. removed him to the hospital where he regained consciousness after the shooting. Sergeant Brothers and Patrolman Reek made an investigation. The body was removed to the public morgue. An inquest will not be held.

CONDITIONS IN MIDDLE WEST WILL BE FIRST TO BE INVESTIGATED

New Eight Hour Law Commission Will Organize and Start Work Shortly.

Washington, Oct. 6.—(I. N. S.)—The government commission appointed by President Wilson to investigate the railroad eight-hour law will first turn its attention to conditions in Chicago and through the middle west, it was learned here today. Investigation will be made into railway pay and hours. This section of the country was chosen because it is generally considered that railroads terminating in Chicago best typify conditions which originally caused the railroad dispute.

FIRE PREVENTION DAY PROGRAM ANNOUNCED BY FIRE CHIEF DOWELL

Uniformed Men Will Make Talks in Schools; Fireboat Drill to Be Held.

A meeting of the general committee in charge of preparation for fire prevention day, Monday, October 9, has been called for this evening at the Chamber of Commerce.

The complete program for Fire Prevention day next Monday was announced today by Fire Chief Dowell. At 9 o'clock uniformed firemen will make fire and accident prevention talks in the schools. At 10:30 o'clock there will be a fireboat drill on the river between Morrison and Burnside bridges.

At noon a public meeting will be held in the Chamber of Commerce and addresses will be made by Governor Withycombe, Mayor Albee and Fire Marshal Jay Stevens. A spectacular firemen's drill will take place at Sixth and Pine streets at 1:30 p. m., the contests including net jumping, participated in by the Corvallis fire department.

The big fire prevention parade will begin at 3:00 p. m., starting from Fourteenth and Yamhill streets and proceeding as follows: On Fourteenth to Yamhill; east to Tenth; north to Alder; east to Broadway; north to Ankeny; east to Birch; south to Taylor; east to Third; south to Jefferson; west to Fourth; north to Salmon; west to Broadway; north to Yamhill; west to Tenth and disband.

A platoon of police will lead the parade. The police and fire department, Portland Railway, Light & Power company, and Oregon-Washington Railroad & Navigation company bands will provide music. Pill apparatus, volunteer fire companies, floats, industrial representation, "stunt" entries and other sections will constitute the parade.

There will be a general public meeting at the Chamber of Commerce Monday evening with an illustrated lecture on progress in fire and accident prevention.

commission will be ready to serve in a few days. The board will begin with the framework of their investigation, based upon former findings, already awaiting them. Because of the appointment of Clark, data obtained in the Interstate Commerce commission's investigation of physical valuations will be available for the eight-hour law commission.

Women's Names Puzzle Police. Chicago, Oct. 6.—(I. N. S.)—The Chicago police are trying to learn why Herman Hietzer, alleged auto bandit, wanted on 58 charges and recaptured here after several months' liberty following a daring escape, had the names of 19 different women in as many different cities written in his notebook. The list includes the name of Miss Irma Buco, San Francisco.

Your Clothes Ideas Are Here

Kuppenheimer Clothes are the best existing expression of your ideas of what good clothes should be.

From any viewpoint—and in answer to every demand—do these answer your demands and expectations.

The Beaufort—shown here—is a smart suit for business wear—vigorous and snappy in style, yet free from suggestion of foppishness.

You will like it in the rich fabrics and colors we have it in—and the economy of the quality is self-evident, as some are priced as low as \$20.

New Arrivals

Manhattan Shirts to harmonize in colorings with the Fall clothing.

For Boys

Boys' Clothing in our special department reflects the styles being worn by well-dressed men—and at saving prices for durable clothes.

Fickle Appetites Respond Readily

THE FULL FLAVOR of toasted corn was but partly developed in old-style corn flakes. To fully develop this flavor in a new flake was the task of the makers of NEW POST TOASTIES.

The first discovery was that the old-style corn flakes, tissue-like in their thinness, were hopeless for the purpose. A more substantial flake was necessary. And so, in the new product, you get real substance, not a spoonful of mush.

The next step was to revolutionize the toasting process by the use of wonderful rotary ovens revolving in quick, intense heat.

In consequence, the general public, quick to recognize improvement—appreciative of increased quality and better flavor, at once put NEW POST TOASTIES in the first rank.

The grocer can tell you that his trade is increasing tremendously. Your first package will show why.
