Solvers of Several Knotty Nautical Problems Puzzle Over Lighted Light. WILLAPA BEACON BOTHERS Aid Always Burning When Wireless Messages of Captain's Are Answered—Solution Sought.

Hurriedly loading supplies, the tender Manzanita hurried to the entrance to light the important aid. On October 9 Captain Richardson wired headquarters that the light is burning and was burning when he got to it.

Not once, but half a dozen times has this same thing happened. A master will report to Portland that the light is out. The lighthouse tender will hurry to relight it and find it always burning brightly.

ACUTE AND CHRONIC RHEUMATISM The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be said with equal truth that no remedy has been found which is specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultze expresses the opinion of the majority of his colleagues when he says that anti-kamnia tablets should be given the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also passed in London, neuralgia and all pain. Ask for A-K Tablets. (Adv.)

Reason for Boost in Fuel Price Given. "We have to pay the farmer more, consequently we had to raise our prices so as to come up with the situation." This was one of the reasons why the consumer will have to pay 50 cents more for a cord of fir or oak wood. Fir in six foot lengths which before cost \$6 is now sold for \$6.50. A similar advance in oak has been made, instead of \$7 a cord, you will have to pay \$7.50 and in some places \$8. Cash shortages and the scarcity of wood are other reasons for the advance in price.

Such Pretty, Fluffy Curls in Three Hours! Have you tried using liquid silberine before rolling the hair in curlers? It is so easy to use, it will appear so perfectly natural, and you'll be surprised how long they will last. When the hair is combed out it will be beautifully silberine. Silberine should be applied with a clean hairbrush, passing it through the hair from the roots downward. It may be used before retiring, if preferred. Cutshaw to Daubert. No runs. No hits. No errors.

AS CLEAR AS CRYSTAL. Hold a bottle of Nujol up to the light. Its crystal transparency is without a flaw. Every trace of impurity, every vestige of color or "bloom" has been removed by varied and many times repeated processes of refining. Nujol is water-white, tasteless and odorless. It neither looks, tastes, nor smells like "medicine." As a matter of fact it isn't medicine at all, in the ordinary sense. It is not a laxative or purgative.
