POTATO BUYING IS ON AN EXTENSIVE SCALE IN PORTLAND SECTION

Buyers Paying \$1 Generally for Top Quality Where Freight Is of Higher Prices Not Confirmed without forcing much change in prices.

The buying of potatoes continues brisk in the sountry tributary to Portland. Prices are showing no change, \$1 per cental being generally paid for top quality where the freight rate to outside points is the same as from Portland.

There has been more or less talk that alightly higher prices were being offered and paid. but this cannot be confirmed in any quarter. None of the leading buyers are paying or offering above \$1 a cental. None of them are willing to even guess what the market is going to do later in the season. For the early season \$1 is considered a very

Much trouble is being experienced in securing cars for shipment. One firm reports or-ders for cars made 10 days ago, which have not yet been filled. Even box cars would be

YAKIMA GRAPES ARE DUE \$1.65. Carload of Yakima Concord grapes was due in the local market during the day and a fair and decided was shown. Local Concords are in small supply and the season is expected to be unnumally short.

Waiting stiftude is still showing in the hop trade here and elsewhere along the coast. The former excitement has entirely disaptions of the coast. peared. Dealers report sampling general bufew have as yet reached the east.

BRIEF NOTES OF THE TRADE Egg market is ruling firm. Dairy butter in good demand. Country killed enives very quiet.

County Grows Clover Seed. Forest Frove, Or., Oct. 10.—One of the most profitable crops in Washington county this year is clover seed. Nearly 10,000 acres of seed have been harvested this year. Nearly every farmer in the county who has a field of clover has kept his second crop for seed Electrolytic nearly nominal; first quarter, 17 and the yield has been exceptionally fine. and the yield has been exceptionally fine.

The demand for clover seed appears to exceed the supply, as 15 cents has been the ruling price paid this year in this county for well cleaned seed. This county is ideally located for the raising of this crop, as the first crop of clover matures sufficiently early to allow the second crop to reach full growth and ripeness before the fall rains.

SECRETARY OF WAR IN LETTER THANKS THE NATIONAL GUARDSMEN

Border Makes Possible a Peaceful Solution.

Salem, Or., Oct. 10.—Thanks to the officers and men of the Oregon National Guard for "the valuable service just rendered to the country by its presence on the border" are expressed in a letter received this morning by Governor Withycombe from Secretary of War Baker. The letter was adressed to the commanding officer of the guard, and will be turned over to Colonel McLaughlin. "When the National Guard was

called into the service of the federal government, the lives of men, women and children along the southern frontier were in grave danger, owing to formidable bandit raids from the Mex-Baker in his letter. "It is not too much to say that had these raids continued there was danger of international war. From the time of the arrival of the units of the National Guard on the border the raids ceased and the tension between the two countries began to relax. "It is the hope and belief of the gov

ernment that the presence of the units of the National Guard, together with units of the regular army, on the border and in Mexico, has made possible a peaceful solution of a difficult and threatening problem."

Benton Farmers to Oppose Land Law

Corvallis, Or., Oct. 10 .- After Saturday's lime meeting in the courthouse an after-meeting was held in the county courtrooms to take steps and raise funds to fight the land and loan measure. H. L. Mack of the County Taxpayers' league was chairman and A. J. Johnson, president of the Benton County State bank, M. S. Woodcock. president of the First National bank. and others urged those present to contribute to a fund to fight the initiative measure. A subscription paper was circulated to which \$130 was subacribed as a starter and contributions will be asked of the people generally. The proposition is to use newspaper space and send out speakers attacking the measure. One of the speakers made a personal attack on the motives of W. S. U'Ren of Portland, charging that he was the beneficiary of the Fels' fund and that

it was this money that paid the soapbox speakers and agitators of Portland. M. J. Brown, editor of the Courier, interrupted the speaker, charged him with stating an untruth, and challenged him to prove that Mr. U'Ren received one cent from the Fels When writing or calling on advertisors lease mention The Journal. (Adv.)

New York Market Recovers Slightly From Diver Scare

New York, Oct. 10.—(I. N. S.).—Trading was formal today and the stock market started to recover after yesterday's big slump. Dur-ing the early transactions two to three point gains were made by the majority of the scrive issues, but later they slumped back to the opening quotations. By noon prices again showed two to three point gains for the

day.

The arrival of Ambassador Gerard this morning and constant submarine reports caused the market to fluctuate. The street will go slow until Gerard's visit

> RESERVE BANKS ARE TO BE ELECTED **SOON** Five Officials of District In-

cluding Oregon End Terms of Office December 31.

Washington, Oct. 10 .- (I. N. S.)-The terms of many directors of federal reserve banks expire December 31, and the federal reserve board has arranged the details of elections to fill in the city yesterday. the vacancy thus created, it was learned today. The polls will be opened November 2, and will close 15 days later. In each federal reserve district, the Garrett Biblical Institute at the same terms of one class A and one class B place. director expire at the time mentioned. In some districts officers other than directors go out of office. Federal reserve district No. 12, em-

bracing California, Oregon, Washing-ton, Idaho, Utah and all of Arizona except the extreme southeastern part of that state, will elect five officers to succeed the following: C. K. McIntosh, class A, directorbanker. Claude Gatch, class C. director banker.

E. H. Cox, class B, commercial and industrial director. Archibald Kains, governor of federal reserve board. Herbert Fleishhacker, member advisory council. All the members of the 12 districts

will vote to fill the vacancies in their separate districts, in the most of which it is understood keen competition is developing among the candidates. The newly elected officers will serve for terms of three years each. May Get New Plant.

North eBnd. Or., Oct. 10.—It is possible that North Bend will segure a creosoting plant. Frank D. Beal, formerly of St. Helens, Or., who has been seeking a location at Bay Point, Cal. has been making thoutry regarding the possibilities of North Bend as a location, and the people of the city have furnished him with the necessary information and will make an effort to

Fire Danger Overcome. Fire fanned by the wind Saturday 9.65 of several buildings, about a half mile south of Stanley station on the Gresham-Estacada carline. A number of property owners of the vicin-ity battled with the wild blaze for Liverpool, Oct. 10.—(I. N. S.)—Wheat—pot No. 1 Manitoba, 15s 4d; No. 2 not uoted; No. 8, 14s 11d; No. 2 hard winter, almost a day before the danger was overcome. The fire started from burning brush on acreage which was being cleared.

Finance -- Commerce -- Industry

Dun's Reports That Trade Defaults in Pacific Coast States Are Showing Decrease-Steady Improvement in Business Is Noted in Portland-Cotton Goods Advanced.

each of the Pacific coast states reportsmaller liabilities, total insolvencies numbering 1378 and involving \$13,213,-981. There were numerical reductions of 168 in California, 126 in Washing-The street will go slow until Gerard's visit is officially explained. Further developments out the submarine question are also anxiously awaited.

All the rails received a good deal of attention the early deals. Union Pacific advanced from 140%, the opening price, to 142% in the first deals. The gains made by New York Central, Bending and Norfolk & West ern were similar. he best exhibit in the Pacific section.

> Pacific1,878 1,719 1.614 \$12,213,917 Business Is Improving .- Dun's Relew says of the Portland situation: A steady improvement, not only in ntiment but in volume of business well, is apparent in many lines. The ade gain is shown by September bank me month last year, and the largest | and coats. r any September in the history of e city.

The grain crops in this territory are ipments have been 283,710 bushels, i to California, as against 3,216,751 ishels in the same period last year, ne grain going to Europe, South Afca and South America, as well as to omestic ports. California has also aken all the flour shipped from Portnd this season, 129,453 barrels, half he quantity forwarded in the same e high market has not checked buyg for shipment by rail to the eastern Lumber Business Handicapped.-

ail lumber business is seriously hamered by the car shortage, but lumberen expect to be partly compensated by higher prices. Shipments by water Boyer National bank, Walla Walla, has n September were 6,410,00 feet to Caliof feet to the canal zone, and exports harvest of fiber flax.

f 4.447,935 feet to South America and When Mr. Moore, who served as govnd stringers for England and a tie finance.

Financial Sunshine .- Dun's says that | cargo is being negotiated for Bombay The marketing of livestock shows ed fewer defaults and two of them steady gain. Receipts at the Portland stockyards in September were \$4,161 head, an increase of 8626 head over September last year, and for the nin 917, against 1719 in 1915 for \$16,890,- months, 401,734 head, a gain of 29,098 head over the same period last year.

The early flurry in hops has sub-sided, but the market remains firm at 12 cents for the best growths. The Oregon onion harvest was completed this week and the yield is estimated at 347 cars, practically the same as last year. The potato crop is esti-mated at 7,032,00 bushels compared with 5,520,00 bushels in 1916. Prupe drying is finished and the yield of this Number. Liabilities

1916. 1915. 1914. 1916. 191

The glove import situation shows no improvement. No German or Austrian goods are coming in; Italian goods are not up to standard and French goods extremely high with deliveries very slow.

Sales of women's neckwear are far. ahead of previous seasons. Large colearings of \$58,935,037, which were lars, especially the big cape shapes, are 12,460,172 larger than those of the being used on waists, suits, dresses being used on waists, suits, dresses Farmers to Save Money.—The Jour-

nal correspondent at Condon advises that a most important new departure ow all harvested and the results are in the method of handling grain took atisfactory in quantity and quality. he wheat crop of Oregon is estimated the first load was handled by the new to the first load was handled by the new to 17,000,000 bushels. Washington at 5,000,000 bushels and northern idaho to 5,000,000 bushels. Wheat selling was active during the recent advance in prices, but the car shortage in a such a high price that a few rich Glihipments of wheat from Portland in together and decided not to stand the fornia. Since the season opened, the outcome of their deliberations. The structure cost about \$20,000 and is probably the forerunner of many more n eastern Oregon. The first load was hauled in by Fred Weise, a Condon farmer, and was quickly placed in the tins and the carload was shipped out in bulk on Thursday morning. The cievator has only a capacity of about 150,000,000 bushels but as fast as it is period last year. Flour prices have ad-ranced with wheat to the ** basis, but the cars. In this manner a constant stream of wheat is kept on the move. There is no doubt of the success of the nd southern states and to the Atlantic undertaking and before many more eaboard for trans-shipment to Eu- seasons pass all the grain in this country will go to the seaboard in bulk with a saving of thousands of dellars to the wheat farmer.

Banker Successful Flax Grower. Miles C. Moore, president of the Bakerornia, 620,000 feet to Alaska and 692,- gratified with results of this year's

ustralia. The total of 12,169,935 feet ernor of Washington several years ago, ompares with shipments of 16,208,435 talks with Portland bankers about flax eet in August and 12,878,032 feet in he becomes enthused and no one fails eptember, 1915.
