### Pendleton Celebrates Victory for Wilson

Pendleton, Or., Nov. 10.—Though formal celebration of President Wilson's victory will not be held in Pendleton until this evening, the announcement last evening that California had swung into line started an impromptu demonstration that aroused the town. A telephone message from The Journal to the East Oregonian at 9:20 brought news that the Republicans had conceded California to Wilson. Four Wilson-Republicans started a demonstration at once. Securing drums and firecrackers they started down the street, and within a few minutes 150 or 200 were in line. They paraded until midnight, war dancing on the streets, shouting, yipping and singing. They serenaded the homes of several prominent Republican leaders. Tonight a big celebration will be staged. Only one precinct in Pendleton failed to give Wilson a majority, and his total Pendleton majority was 845.

### Recommendation Is Given Vickers Rifles

Washington, Nov. 10.—(U. P.)—The immediate purchase of 4000 Vickers machine rifles was recommended today in a report by the special machine gun board which has been conducting an investigation of various guns. Secretary Baker approved the recommendation of the committee whose appointment resulted from allegations by backers of the Lewis gun that the latter had never been fairly tested by the war department.

### Asks Government If it Shall Obey Law

Chicago, Nov. 10.—(U. N. S.)—The Chicago, Rock Island & Pacific railroad, which for more than a year has been in the hands of a receiver under federal supervision, today formally asked the United States government whether it should obey the mandates of the Adamson eight-hour law.

The Rock Island's action was in the form of a petition filed in Judge Carpenter's federal court, asking for instructions on the matter of obeying the law.
