

# BIG WILSON PARADE REFLECTS THE JOY OF THROUGS ON STREET

### Rousing Demonstration Follows Announcement That California for President.

### HATS THROWN INTO AIR

### Voal Bombardment of Atmosphere Draws Attention of Thousands and Is Substitute for Brass Band.

Keyed to the highest tension for three days, the people of Portland last night heard the final and official verdict that Woodrow Wilson had been elected to the presidency of the United States. When The Journal's bulletin service made the announcement, that Chairman Rowell of the California Republican state central committee had conceded the Bear state to Wilson, the vast throng that jammed Yamhill street for a block almost went wild.

That bulletin meant simply that Wilson had carried the nation. The people outside the building and those who packed the lobby of The Journal building knew that without California's 12 electors, Hughes could not possibly win.

### Hats Are Thrown Into Air.

Then came the message from Secretary Tumulty that "now is the time for the friends of Wilson to throw up their hats." The people did that very thing. They shouted and sang and started the chant, "Four, four, four, four more."

Then a man climbed up on the window sill and shouted through a megaphone something about a parade. There was no brass band handy, but the joyous people needed none to add noise to the procession that speedily formed.

The marchers started from Broadway and Yamhill and went singing north on Broadway. In line were young and old, rich and poor, male and female. They passed the Oregon building, where other throngs were just starting to make a like demonstration. The Oregonian had just conceded the election of Wilson and had thrown upon its bulletin screen a picture of the president.

### Picture of President Is Cheered.

The watchers responded instantly with a cheer that resounded for blocks. People up on Portland Heights assert that they could hear the clamor even there.

At any rate, the people at the Oregonian building joined the parade from The Journal building and it was long

before the demonstration wore itself out. The reaction from the tense excitement that came with the uncertainty of the last three nights had been instant. It was like a thunder-storm that clears the atmosphere after a day of oppressive sultriness. The suspense was over and the Hughes supporters were as glad of it as the Wilson followers.

## ALIEN LANGUAGES ARE TO BE TAUGHT THAT TRADE BE PROMOTED

### Students Being Enrolled in Classes Fostered by Government and Chamber.

Students in the course in foreign trade, being offered the business folk of Portland, jointly, by the Chamber of Commerce, the University of Oregon's extension department and the federal department of commerce are preparing to enter upon studies of the languages of nations with which Portland is in line for permanent trade relations.

Ansel R. Clark, instructor in this course, is sending out requests to teachers in these languages—Spanish, German, French, Russian and Chinese—that they send him their names, the nature of instruction and the prices charged. With such a list available he is hopeful of helping those of his students who wish to enter the foreign trade program with intensity.

The first session of the class for instruction was held Tuesday night. Although election returns, were being flashed on every bulletin board in the city, 35 members of the class were in attendance. Oregon's trading power was discussed, with a list of the products and estimates of quantities and values.

The next meeting of the class will be held Tuesday night of next week in the fifth floor auditorium of the Chamber of Commerce, Oregon building, when manufacturing resources will be discussed. The class now numbers 45, including several women. Mr. Clark believes that at least 10 more persons will have registered by the end of this week.

## REPUBLICANS ALREADY PLANNING TO CONTEST PRESIDENT'S ELECTION

### George W. Wickersham, Attorney General Under Taft, in Charge of Legal Forces.

### CONFERENCES ARE HELD

### Leaders Would See Exactly How Many Votes Have Been Cast for the Different Presidential Candidates.

New York, Nov. 10.—(L. N. S.)—Republicans have commenced marshalling their forces for the great legal battle they will wage for the presidency.

George W. Wickersham, attorney general of the United States in the Taft cabinet, was placed in charge of the collection of evidence on which he is to base contests in states that went to Wilson by small pluralities.

Defensive preparations against Democratic contests are also being made in states which Hughes carried by narrow margins.

Mr. Wickersham has already sent telegrams of instruction to Republican leaders and to his old associates in the department of justice in all states where there are likely to be contests.

### Respectful to the States.

It has already been agreed that the Hughes managers will take steps to bring about a recount of the votes in California, North Dakota, New Hampshire and New Mexico.

At the conclusion of the conferences, at which the program was agreed upon, Chairman Willcox made this announcement:

"No matter who wins, every vote should be counted as cast. We shall demand a recount in every state where the result was so close that ignorance or the mistake of election officials might change it.

I am glad to see the Democrats are no longer making charges that the Republicans are trying to buy the election. I am sure the Democratic managers now appreciate that any such charge was a mistake and should never have been made.

### No Contest on Technicalities.

"We shall bring no contest on technicalities. We shall undoubtedly seek a recount which will insure the accuracy of the count in at least four states—California, North Dakota, New Hampshire and New Mexico."

Chairman Willcox and Mr. Wickersham during the afternoon conferred with Mr. Hughes at the Hotel Astor. After their return to national headquarters, George W. Perkins, Frank Hitchcock, Herbert Parsons, Oscar Straus and G. Fayette G. Gleason were called into the conference, at which the general procedure was mapped out.

The contests planned must first be fought in the states in which they should be. If the results there prove unsatisfactory, the fight will eventually be carried to the house of representatives. These facts were made plain by Mr. Wickersham.

### No Immediate Action Contemplated.

The present plan is to take no formal action beyond preparation until after the vote's have been officially canvassed.

In New Hampshire, attorneys directed by National Committeeman Eastbrook began preparation for a contest of the vote in that state. In every district of the state, lawyers are now at work securing from the town clerks certified copies of the vote as returned by the election boards. This is being done as a protection against the destruction or disappearance of the ballots.

Similar procedure has been ordered in North Dakota, New Mexico and California. Preparations for a legal battle, either defensive or offensive, are also being made in Minnesota.

### Procedure Is Expedited.

In explaining the procedure which must be followed in these contests, Mr. Wickersham said:

The legality of the election of president by the election boards in the states themselves. The act of 1887 provides that the house of representatives cannot hold any inquiry into such an election.

"Should the decisions of the courts in any state prove unsatisfactory, however, an appeal can be taken to the house and the voters of the state can be accepted or rejected. In voting on these questions the house must vote by states and each state casts its entire vote as a unit."

### When the House May Elect.

"Should the house reject the votes of enough states so that neither candidate has the required 265 votes, it then becomes the duty of the house of representatives to select a president."

"The selection must be made from the three leading candidates and the states vote as a unit. The votes of a majority of states are required to elect and representatives of two-thirds of the states must be a quorum."

"Should the house fail to make a selection by the 4th of March, the man selected by the senate as vice president becomes president."

### Present House Would Decide.

"It is not unlikely that this contest will be carried to the house of representatives. It is not certain that it would be decided by the present house, which is Democratic. I do not know how the house, however, would line up in this contest."

Republicans are counting on the national guard vote to play an important part in these contests. The Hughes campaign managers claim to have made a poll of the troops now on the border and assert they are overwhelmingly for Hughes.

Chicago, Nov. 10.—Eugene E. Weaver issued a statement claiming California by 1900, Minnesota by 1900, New Mexico by 1900 and New Hampshire by 1900. These claims were made in the face of bulletins which indicated that President Wilson had certainly carried California and New Hampshire and was making gains in New Mexico and Minnesota.

### Had an Instance.

Chicago, Nov. 10.—Many things that manhood dislikes.

"Oh, I don't know. That's a platitude. I had an instance."

"Well, when I was about 16 years old I thought that shaving was fun."

## Thirteen Is Still Lucky Number of President Wilson

Thirteen is still Wilson's lucky number. The superstitiously inclined says that because of Wilson's belief in his good luck in the "hoodoo number 13" today.

Apparently Wilson has won the "hoodoo" with California's 12 votes.

Hughes, his opponent, voted ballot No. 13 Tuesday.

## HUGHES' PLURALITY IS 5672 VOTES IN MULTNOMAH COUNTY

### McArthur Runs Nearly 3000 Votes Ahead of Republican Presidential Candidate.

Charles E. Hughes carried Multnomah county by a plurality of 5672 votes over Woodrow Wilson, according to the complete count of the 375 precincts of the county.

Hughes was given 41,411 votes by Multnomah county, while Wilson's total was 35,739. Hanly received 1166 and Benson 1939 votes.

### "The White Flour Pinch"—have you felt it? With the advancing price of wheat "the five-cent loaf is doomed," say the bakers. In its place we have the six-cent loaf—in many cities only the ten-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteins the human body needs. In Shredded Wheat Biscuit you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits. Made at Niagara Falls, N. Y.

### At Once! Stops Indigestion, Gas, Stomach Misery

"Pape's Diapepsin" makes sick, sour, upset stomachs feel fine.

Neutralizes acids in stomach, starts digestion and gives relief.

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you up like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness, or intestinal griping. This will all go and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin instantly regulates out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just as fast as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly overcome any case of dyspepsia, indigestion or any other stomach disturbance. (Adv.)

## BETTER THAN CALOMEL

### Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Sub tute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts brought out these olive-colored tablets.

These little olive-colored tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c.

## SUNDAY CLOSING LAW REPEALED, BUT PAWN SHOPS STAY CLOSED

### OLD-TIME GOLD CURE—DRINK TEA!

### Get a small package of Hamburg Broom Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

### One-Minute Talk on Home-Owning Number One

"Is it true that every ten years I rent I buy a new house for a landlord?"

The best concrete proof that this is true is found in the fact that one interest in this city offers a Thrift Plan which permits responsible purchasers to build their own homes and pay back the loans in monthly payments proportionate to rent and over a period of ten years.

Therefore, if you are paying the same monthly amount to a landlord for rent, over a period of ten years you are paying for a new house and lot for that landlord, and still you will never so much as gain title to even a tree which you may have planted yourself.

It stands to reason that a landlord is not going to invest his money in a house and let you have the use of that house unless he not only recovers the principal, but a goodly profit on his investment.

Why not get on the other side of the transaction, when there are so many exceptionally liberal building plans available? Get ahead. Be a home owner.

## GLENN ELLISON

GLENN ELLISON, the popular Scotch baritone, will be here Wednesday, November 15, when, in a private recital at the White Temple, Twelfth and Taylor streets, he will sing side by side with Edison's re-creation of his voice. Mr. Ellison's wonderful, rich baritone voice has made him world-renowned. He has taken principal roles in grand opera and musical comedies in the largest cities in Europe. Mr. Ellison insists upon this unique and daring test. For it tells more than the most vivid words can express, its convincing frankness sweeps away all doubt. Mr. Ellison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality? He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

This event is certain to be a real treat to the music-lovers and musicians of this city, and everyone is urged to attend. Complimentary tickets may be secured by applying to the Eilers Music House, now consolidated with Graves Music Company, Broadway at Alder and Morrison at Fourth.
