ELECTION OF WILSON MEANS PERPETUITY OF PROGRESSIVEISM

Return of President to White House Assures Continuation of Power of People.

As spokesmen for the members of the Progressive party who remained loval to their principles by supporting the man who has caused many of these principles to be written into ley of Harney county, the party's nom-ince for United States senator in 1914 Emmett Callahan, chairman of the party in Portland, and Jerry Rusk of La Grande, a prominet leader of the party in eastern Oregon, express great pleasure over the election results.

Great Progressive Victory. 'It's a great progressive victory,' said Mr. Hanley. "It is a greater victory than is contained in the mere fact that one political party has won over another, because this was not a victory of just one party. The victory shows that the people of this nation have reached the place where they are going to govern themselves, and not submit to a dictation of the policies for the nation by a few in the concentrated eastern financial and manu-

facturing centers."
