FOR SALE—FARMS 17
(Continued)

PROSPERITY in Canada—Thousands of farmers in western Canada have sold their crops this year for more than the total cost of their land. Land at $15 to $30 an acre has produced crops worth $40 to $75 an acre. Stock raising and dairying are equally profitable—hogs and beef highest in country's history. Irrigation districts producing more alfalfa and fodder crops than ever before. Get your farm home from the Canadian Pacific railway. Last year I asked you to take advantage of this opportunity—you might have paid for your farm with the 1916 crop—again I extend the invitation. Good land from $11 to $30 per acre; irrigated land from $35; 20 years to pay; government guarantees land and water titles. Pay in full at any time if desired. We will lend you up to $2000 in improvements in certain districts, with no security other than the land. Ready made farms sold on special easy terms. Loan for livestock after one year's occupation, subject to certain reasonable conditions explained on request. Low taxes; no taxes on improvements. Free schools; full religious liberty; good climate and the best neighbors in the world. Other farmers becoming rich in western Canada; you have the same opportunity. Buy direct from the Canadian Pacific railway. Write for free book and full information. J. S. Dennis, assistant to the president, Canadian Pacific railway, 112 Ninth avenue, Calgary, Alberta, Canada.
