Church Will Be Installed.

It Will Be Conducted at Salem

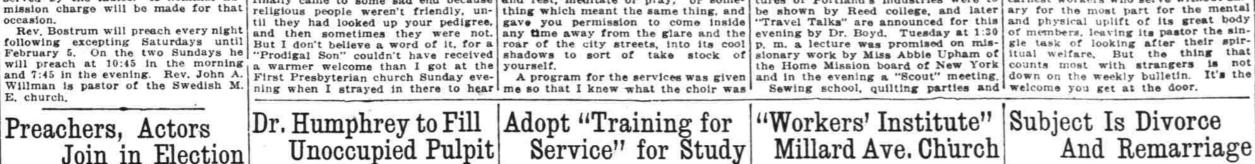

Daniel A. Poling.

One of the big features of Oregon's Twin Endeavorer convention is the school of methods, which will be conducted at Salem the morning and afternoon of February 24. Several classes of 40 minutes' duration will be conducted. The school of methods is to be conducted just as a college school day. You arrange your own schedule. You can attend one class in which a certain phase of Christian Endeavor work will be taken up.

This class lasts for 40 minutes, with a short intermission giving you a chance to go to another class which takes up a different phase and so on through the day. This is something new in Endeavor convention work, and Oregon's convention is being watched to see how it will come out. The entire school will be conducted by the officers of the Oregon Endeavor Union.

Daniel A. Poling, associate president of the United Society of Christian Endeavor of the World, and an ex-Port land boy, is to come across the conti-ment, expressly for the big convention. Mr. Poling turned down an engagement at a big New York state Endeavor convention, so he could come Daniel A. Poling is the to Oregon. son of Dr. C. C.
