SALE CAUSES QUICK CHANGE IN NAME OF LAUNCHED VESSEL

Ernest H. Meyer, Named for McCormick Manager, She will be the biggest vessel turned out of the Hoquiam yards. Takes to Water.

TRANSFER MADE FRIDAY

Broughton & Wiggins, Owners of Logging Firm, Enter Ship-

Astoria, Or., Jan. 20.—The new steamer Ernest H. Meyer was launched from the Wilson shipyards this morn-Miss Gertrude Cochran, the 9-year-old daughter of Mr. and Mrs. S. J Cochran of Portland, christened the superintendent of construction at visitors from Portland, St. Helens, Grays River and other points. change in the name of the vessel from Latourell to Ernest H. Meyer was

Transfer of the steamer Latourell the Charles R. McCormick company to Broughton & Wiggins, owners of several logging camps, was made here late yesterday afternoon. The vessel was promptly named the Ernest H. Meyer by the purchasers, complimenting the manager of the Portland office of the Charles R. McCormick company. The vessel will be operated in the coastwise trade.

made at the last moment.

Collector Searches Tanker. San Francisco, Jan. 20 .- (P. N. S.)-Acting under orders from Acting Collector of Customs C. L. Brown, customs inspectors today searched

Grays Harbor Yard To Build Big Ship

Aberdeen, Wash., Jan. 20 .- Contract was closed Friday by Frederick Hart, president of the Hart-Wood Lumber of Raymond with the Mathews Shipbuilder company of Hoquiam for the building of a wooden schooner to cost \$200,000. The vessel will be 200 feet long and will have oil fuel capacity sufficient to take he to New York without replenishing She will be the biggest vessel ever

British oil tanker Olyeric, now at Point Orient loading refined oil for London, to learn if the vessel was

Gun mountings were found on the ship, but no guns or ammunition were discovered. It is believed that Captain Stanley Shatton, master of the vessel may have left whatever armament the vessel carried in Bermuda, to be picked up on the back trip. The Olyeric reached this port from London yesterday.

Tacoma Craft Launched.

Tacoma, Wash., Jan. 20 .- (U. P.)rison, daughter of Philip Morrison, president of the company, will christen the vessel. The Orcas is the second the Wilson yards. A large crowd was schooner of the kind to be isunched present at the ceremonies, including from this new yard. She will go at once into the lumber carrying trade.

Whipple of Boston has been retained

Moved to New York

time, all being kept busy.

The Pacific Hardtack & Toast company completed its factory building at those employed in outside vocations about a year ago, and is already shipping its product by the ton to all parts

Joys of mince ples can only be really appreciated if the ingredients are made test waterproof clothing. by the Knight Packing company, of this city. Its raisins, currants, citron, lemon, spices, suct and beef are of highest quality, thoroughly cleansed of lected one of the superb locations of impurities before being placed in re- the city. It is a fine, new building. ceptacles ready for the market. It is one of the most carefully prepared and palatable foods in the market,

The Hanson Manufacturing company, 6516 Powell Valley road, makers the time. Dr. McLean says: "We are of liquid bluing and ammonia, is daily not 'cheap,' but we do first class reminded that there is a war in prog- work." ress "somewhere" in Europe. This comes to Mr. Hanson with every purchase of material used in his business. He says that "the prices I pay are up several hundred per cent, but somehow, if even at midnight I happen to dream of increasing my prices, I hear moan as of one weary of existence in the tomb." Therefore, he goes ahead making high quality goods, almost minus profits.

The United Mattress and Pad company, 427 Hancock street, had a bad fire last week, but the usual snap of the young men who own the place will soon put it in trim again for a larger business than ever.

The Universal Tire Filler company, 107 East Twenty-eighth street north, grows so rapidly that its present premises are too small for its business, and its management is casting about for a larger building. This is a "puncture-less" and "blowoutless" tire, and it is catching on like lightning.

The Millmade Construction company 544 Hood street, has worked up a great business in its ready-made \$30 garages. It was at first intended to confine its business to Portland, but it is now shipping to patrons in adjoining states. The hand concrete mixer made by

L. Carter, 186 Twenty-second street north, is proving itself a boon to confractors in that line. Its cost is so little, and its accomplishments so great, that the demand for it is bound to continually expand.

The influence of excellence in chem- | 1321-23 Macadam street, finds it profcal and medical preparations is well itable to operate on full time, in order pounded by Dr. W. S. Stock, the Blu- when business begins to swell in mauer-Frank Drug company's chemist, springtime. When the Auto Top company moved its office and factory to Eleventh and Burnside streets, Neil J. McLean seand affords the alert manager an opportunity to serve the company's pa-And he is crowded with business all

Growth of consumption of the Havabean factory, 423 Belmont street, has been rapid, Thomas Harvey, the manager, declares. This is one of Portand's food products which has found quick recognition of its merits, and the grocer not having it in stock is losing an opportunity to please his patrons. It is made of pure Oregon grown Mexican beans, peppers and other ingredients, and is made under the direct supervision of Mr. Harvey, who acquired his knowledge of the business in Mexico City, where the food originated. It sells at 15 cents a can.

The Pacific Stoneware company, 695

Sherlock avenue, is at this time turning out a great variety of garden pottery, suitable for lawn ornamentation and house plants. It is shipping these vessels to all parts of the country.

That merit counts is demonstrated

in the growth of the business of the J. W. Pettit Feather & Bedding company 213 Twelfth street north. The corporation, starting in a small way between eight and nine years ago, now occupies a brick structure affording 25,000 square feet of space, but the business has so expanded that more room is dehas hopped over state lines even, and manded, and a couple of new locations are under consideration. Mr. Pettit says the company will erect its own building, containing as much as 40,000 square feet of floor room, and that it will likely be of reinforced concrete. The output of the factory consists of woven wire bedsprings, mattresses, feather pillows and bed comforts, and is worth about \$100,000 per annum. It has the only quilting machine on the Right in the midst of winter the coast, and it is a curiosity and a won-Portland Basket & Handle company, der in its operation.
